

The Hidden Hand Behind World Events

The “Protocols of the Elders of Zion” was a Russian forgery, employed by Nazis, Communists, and Hamas, to justify the murder of Jews. It is part of the charter of Hamas and is being used to eliminate Jews through a second Holocaust.

Moscow, which started World War II through its alliance with Hitler, is the ultimate source of this evil in the world.

Even to this day, as documented in [our report](#), “The Big Lie Driving Russian Influence in the Conservative Movement and the Destruction of Ukraine,” this anti-Semitic document drives much of the anti-Israel sentiment in the world.

One cannot understand world events without acknowledging the hidden hand of the Soviet KGB in the Muslim movement. It was the subject of a [report](#) my group America’s Survival published many years ago and was written by former KGB officer Konstantin Preobrazhensky.

Alexander Litvinenko, a Russian FSB officer who defected to Britain in 2000, gave details on how various “Muslim” terrorists were in fact communist agents, including al-Qaeda leader Ayman al-Zawahiri and PLO chairman Yasser Arafat.

Litvinenko was poisoned to death by Russian intelligence on the orders of Russian President Vladimir Putin.

The Muslims, though massive in numbers, are not capable of organizing the thousands of anti-Israel protests we see around the world. Communists are behind these protests, as evident in the notations on many of the signs, such as “Party for Socialism & Liberation,” an openly communist group.

The Democratic Socialists of America is an important organization getting a lot of attention, but it is just one of many communist groups operating openly in the United States, without any monitoring or oversight by the FBI.

I covered a March 18 communist rally in Washington, D.C., which was organized against Ukraine. My [report](#) identified with photographs such organizations as the Party for Socialism & Liberation, Workers World Party, Communist Party USA, the Democratic Socialists of America, African People’s Socialist Party, Freedom Road Socialist Organization, Socialist Unity Party, Spartacist League, Revolutionary Communist Party, and the Party of Communists USA.

These groups turn out for Russia and Hamas. They are part of the same network.

As for Israel, Prime Minister Benjamin Netanyahu understands the sources of terrorism against Israel. But just like President Trump, who formulated peace terms for the region, the Abraham Accords, Netanyahu has been under attack by left-wingers and communists in his own country. These attacks account for the country’s confusion over the common enemy of Israel and America – the international communist movement centered in Moscow.

One might be surprised to discover there is a functioning [Communist Party of Israel](#), now agitating through the United Nations to save Gaza from military obliteration by Israel.

But no country can survive which tolerates communist activities that undermine a nation’s ability to defend itself.

America must defend itself as well. Hence, supporting America's allies must be linked to closing our southern border and deporting all illegal aliens and suspected terrorists.

Not surprisingly, the Communist Party of Israel is [blaming Netanyahu](#) for the "rapid escalation of military confrontation between Hamas and Israeli forces" and regards Netanyahu as the leader of a "fascist right-wing government."

The terms "fascist" and "Nazi" have also been regularly applied to the country of Ukraine, led by a Jewish president. This is communist terminology used to justify the Russian government's attempts to wipe Ukraine off the map. Many conservatives parrot this communist propaganda and helped make the invasion of Israel by Hamas possible.

Playing the role of sidekick to the Russia-Iran-Hamas alliance is China, the subject of a [story](#) by Axios headlined, "China picks a side," as the communist dictatorship comes down squarely in favor of Hamas.

The ignorance all around us is breathtaking, especially among those conservatives who thought giving Ukraine to Russia would satisfy Putin.

Like these naïve people, Netanyahu apparently thought he could appease Putin by rejecting arms transfers to Ukraine.

It's time to acknowledge the link between the Russian invasion of Ukraine and Russia-backed Iran's support of the Hamas invasion of Israel.

Hamas leaders, who have been meeting with Russian officials on a regular basis in Moscow, were undoubtedly given the go-ahead for the invasion of Israel, serving Moscow in several ways. First, it diverts attention away from Ukraine. Second, an Israeli invasion of Gaza, in response to terrorism, gives the Biden Administration the opportunity to warn of a "wider war," even though a wider war has already been happening.

Incredibly, Blinken has just met with Mahmoud Abbas, the head of the PLO trained at Russia's Patrice Lumumba University. He runs the other Arab/Muslim section of territory next to Israel, the West Bank, in "competition" with Hamas, which runs Gaza. In fact, Hamas and the PLO seek the destruction of Israel and both operate as clients of Russia, Iran, or both. Moscow wants more cooperation from both movements.

To understand this problem historically, we must face up to the fact that the term "Palestinian people" was made up, to justify the destruction of Israel. Arab nations went along, because they did not want these Arab refugees in their own countries. They wanted Israel to either absorb them or allow them to become a "State of Palestine" next to Israel.

As Russian defectors have explained, the communists in Moscow came up with the name, Palestine Liberation Organization, in the same way they devised various "liberation movements" for other parts of the Western world. For example, the American territory of Puerto Rico was also considered "occupied" and subject to "liberation. As a result, the Puerto Rican FALN's 140 bombings included the January 24, 1975, lunchtime attack on Fraunces Tavern in New York City, which killed four innocent people.

Fraunces Tavern is where General Washington bid farewell to his officers after the American victory in the Revolutionary War.

In Crimea, a part of Ukraine seized by Russia in 2014, there is a monument urging Russians to take back Alaska as well.

Indeed, according to this logic, we must have our entire country "liberated," since white Europeans have "occupied" it and replaced the indigenous people who owned it. This is the logical consequence of Moscow's war for the "liberation" of the world.

With the world focused largely on Hamas versus Israel, it is

important not to lose sight of Ukraine's struggle for survival. More and better arms are needed for this nation. If Ukraine wins, Russia loses and its clients, including Hamas, lose as well.

America and Israel can win this war, but only if they do not lose sight of the common enemy.

For this to happen, Netanyahu must ignore the pleadings that are coming from the Biden Administration to protect Iran from retaliation.

Iran, which is supplying Moscow with killer drones to use against the people of Ukraine, is the root of Israel's problem. But the fertilizer was made in Moscow.
