

The Man Standing in the Gap

By Lex Greene

Some 247-years ago, it was just eight extraordinary men who stood in the gap between the American people and the tyrannical reign of King George III of Britain, known then as the most powerful political and military force on earth.

[George Washington](#)

[Alexander Hamilton](#)

[Benjamin Franklin](#)

[John Adams](#)

[Samuel Adams](#)

[Thomas Jefferson](#)

[James Madison](#)

[John Jay](#)

In time, after months of debate and opposition from others, these eight men were eventually joined by [48 more](#) to make up the [56 signers of the U.S. Declaration of Independence](#). Not unlike today, most Americans at that time had little knowledge of the events, and even less understanding of those events unfolding.

247-years later, only one man stands in the gap today, President Donald J. Trump, and that is why the global Nazis will do absolutely anything to eliminate the man who has

defeated them again and again, as the global left has worked around the clock for the past eight years to destroy the man in the gap.

The USA and indeed the world which hangs in the balance, is so far past discussing Trump's rough and tumble personality, that it's entirely laughable for any cowardly halfwit to even mention "what they don't like about Trump."

While the names of all Epstein pedophile human traffickers remain a secret, hidden behind the lock and key of our Federal Department of Justice, protecting God only knows who from their well-deserved death penalties, that same politically weaponized agency has targeted President Trump for eight years now. Very few Americans would still be standing in that gap today, if they were targeted by our corrupt government the way Trump has been.

In fact, only 2% of Federal Criminal cases ever go to trial, because almost nobody can afford the cost of so-called justice in America. 98% plead out because they don't have the money for a defense. Almost 100% of the rest are found guilty simply because in the USA today, you don't have to be guilty to be charged or convicted.

In all cases against Trump, he is being charged with having and stating an opinion. It's Trump's opinion that the 2020 elections were stolen. Even though there is a train full of evidence to support that opinion, the fact is, no one needs any evidence to justify their Right to an opinion, or their Right to speak their opinion freely, without fear of persecution.

Eight extraordinary men stood in the gap 247-years ago, but only one man stands in that gap today, President Donald J. Trump. Only one man is having his entire life and life's work bludgeoned to death by a totally corrupt criminal enterprise known as The U.S. Federal Government, now completely

weaponized against all political opponents, large and small. In fact, no body on earth hates the American people more than their own government hates them today.

Obama has done exactly what he set out to do in 2008, “fundamentally transform America” into a 3rd world Nazi gulag, build his “citizen army” (aka BLM and ANTIFA), and bring “imperialist America” to her knees... He’s merely a field general for the global elite at the WEF, IMF, UN, WHO and NATO, but he is currently the most powerful figure in American politics.

Indeed, globalists of all political stripes are united against Trump, which means, united against YOU and ME. Trump is simply the man standing in the gap. It’s all decent freedom and liberty loving American Citizens that our own federal government is out to destroy. There’s no longer any need for guess work.

Everyone talking about uni-parties, scumbag politicians, a fake news media and totally censored social media, is wasting precious time and energy, focused only on trying to escape personal responsibility for how we got here, and what we will have to do to get out of here.

It’s now totally irrelevant how anyone “feels” about Trump. Because Trump is the only man willing to stand in the gap at incredible personal cost, he is the only man deserving of the public trust. Not one Republican running against him in the (fake) GOP primaries should get a single vote, because when they stand against Trump, they are standing against every freedom-loving American who has HAD ENOUGH!

Who knew that it would be a little ole country boy from the backwoods of Virginia that nobody ever heard of before, who would fire the shot heard around the world in 2023, in a song about the [“Rich Men North of Richmond.”](#) Oliver Anthony may be written into history in a light akin to Paul Revere who took

that ride to warn our Founders that King George's troops were coming for them.

Anthony's [ode to the real American song](#) skyrocketed to the top of music charts overnight, simply because he is singing about what the vast majority of Americans have been thinking about for quite some time. Anthony just happened to get fed up sooner than most. Like every good patriot, Oliver was willing to put it all on the line, as has Trump, and not for mere profit.

There will be time for pet agendas later. Right now, Americans can only afford one priority!

This has nothing to do now, with how you feel about Trump. It has everything to do with how you feel about FREEDOM. If the so-called republicans on the debate stage Wednesday night were representing us, they would be standing with us, with Trump, instead of helping Marxist democrats destroy him.

You know I'm speaking the truth here. Drop all pet agendas and stand together for the only agenda that matters now, Freedom, Liberty, the Rule of Law, real justice, and real opportunity for all. STOP THIS INSANE INVASION OF OUR BELOVED COUNTRY. The sand is all at the bottom of the hourglass.

Even God won't be able to help us if we don't! Noah was not saved by faith alone. He still had to build the Ark. Faith without works is dead...
