

The most dangerous thing Trump said during second debate

While it greatly pains me, I tuned into FOX and lucky me, I got Megyn Kelly. As usual she had that giggly 'I can hardly wait' demeanor as if this were some kind of entertainment once seen in old days of the Roman Empire featuring gladiators.

Trump came out at the same time as Clinton. In all honesty he looked like warmed over paste. He was pale and judging by his sniffing, Trump might have a cold. How human. Unlike his usual self, Trump did not look relaxed. He looked, justifiably so in my opinion, very angry.

Clinton's body language told a lot. She was so stiff and the smirking smile on her face was plastered there throughout the 90 + minutes. To me she looked medicated to the hilt which would account for her dragging responses. Several times she made sure she was close enough to use her chair to keep upright. As Trump walked around behind her my impression was Clinton expected him to take a whack at her; fear. Absurd, but then again we're dealing with someone always looking over her shoulder from the long arm of the law.

Something else that I believe greatly affected that vile creature. Prior to the actual debate, Trump called a news conference and played the disgraced media. Again.

[Donald Trump Appears with Clintons' Alleged Victims Ahead of Debate](#)

"The women—Paula Jones, Kathleen Willey and Juanita Broaddrick—have each leveled various charges against Bill Clinton. They also each have charged that Hillary Clinton was an "enabler" of Bill Clinton's behavior in exclusive

interviews with Breitbart News' Aaron Klein published on Sunday. In addition, Kathy Shelton—who was allegedly raped when she was 12 years old, while Hillary Clinton defended her accused rapist—spoke as well.”

Hillary cannot hide the audio of her laughing about how she gamed the system and got Shelton's rapist off the hook. How ugly. Juanita Broaddrick has never deviated from the account of when and how Billy Clinton raped her. The Democratic/Communist Party USA's media has spent decades trying to cover up or lessen Billy's four decades of sexual debauchery and serial cheating but now it's all over the place.

[Bob Schieffer: Rape Accusers Had 'Some Relationship' with Bill Clinton](#)

“CBS News' veteran anchor Bob Schieffer expressed outrage Sunday that Republican nominee Donald Trump focused attention on the women who accused former President Bill Clinton of rape and sexual assault. How have we come to this? This is supposed to be a campaign for the most powerful office of the land. Here we're marching in women into the hall who supposed to have some relationship with one of the candidate's spouses. What's that supposed to prove?”

“The “relationships” that the women had with Bill Clinton allegedly included rape and violent sexual assault.”

“So, you can say anyway you want to say it, but Bill Clinton was abusive to women. Hillary Clinton attacked those same women. Attacked them viciously. Four of them are here tonight. One of the women, who is a wonderful woman, at 12 years old, was raped at 12. Her client, she represented, got him off, and she's seen laughing on two separate occasions, laughing at the girl who was raped.

“But what President Clinton did, he was impeached, he lost his license to practice law, he had to pay an \$850,000 fine to one of the women, Paula Jones, who’s also here tonight, and I will tell you that when Hillary brings up a point like that, and she talks about words that I said 11 years ago, I think it’s disgraceful and I think she should be ashamed of herself, if you really want to know the truth.” Hillary declined to address Trump’s specific accusations, instead firing back: “So much of what he said is not right, but he gets to run his campaign any way he chooses.”

What can she say? Hillary Clinton has been Billy’s enabler for almost 4 decades.

Those women were in the audience which had to have irked Clinton to no end. Clinton had to carry on knowing those four women were in the audience watching her every move. Billy Clinton had to sit there like an elephant on a telephone pole.

Her serial cheating husband and rapist has been [dogged across the country at speaking engagements](#) with people holding up signs that say Clinton is a rapist. Of course, being Slick Willy, the former president just brushes it off as if the charges are no more serious than not having enough butter on his toast.

As most everyone has written or remarked on the boob tube or radio, the first 30 minutes were tense. So tense you could slice the air with a butter knife. Trump apologized again for his foul language during that 11-year old conversation with Billy Bush, who by the way has now been indefinitely suspended by NBC. Trump also, at least to me, was doing a lot of thinking while walking around at the beginning while Hillary blathered on and when the moment came he pounced on her lies and incompetence.

Trump pinned her down on the disaster over in the Middle East – from the transcript:

TRUMP: “By the way, just so you understand, when she said 3 o’clock in the morning, take a look at Benghazi. She said who is going to answer the call at 3 o’clock in the morning? Guess what? She didn’t answer it, because when Ambassador Stevens...

COOPER: “The question is, is that the discipline of a good leader?”

TRUMP: ... “600 – wait a minute, Anderson, 600 times. Well, she said she was awake at 3 o’clock in the morning, and she also sent a tweet out at 3 o’clock in the morning, but I won’t even mention that. But she said she’ll be awake. Who’s going – the famous thing, we’re going to answer our call at 3 o’clock in the morning. Guess what happened? Ambassador Stevens – Ambassador Stevens sent 600 requests for help. And the only one she talked to was Sidney Blumenthal, who’s her friend and not a good guy, by the way. So, you know, she shouldn’t be talking about that.”

What Trump was referring to is 600 times additional security was requested during Clinton's time as Secretary of State for personnel over in Libya and each time it was denied. Four Americans died while defiant Hillary says, "What difference could it possibly make now?" The difference you witch is your complete and utter failure while playing Secretary of State causing the deaths of four Americans.

[Parliamentary leaders call Clinton 'Butcher of Libya'](#)

NEW YORK – "A video obtained by WND from Libyan sources shows a fighter aligned with the jihadists supported by then-Secretary of State Hillary Clinton beheading a defenseless taxi driver shortly before the terrorist attack on Sept. 11, 2011, in Benghazi that resulted in the deaths of U.S. Ambassador Chris Stevens and three other Americans.

"WND previously published three videos that also demonstrate the extreme brutality unleashed by the mercenaries and Islamic fighters who joined Libyan-based jihadists to oust leader Moammar Gadhafi with the backing of Hillary Clinton's State Department and NATO.

"The videos, obtained through a trusted source, were vetted by Libyan tribal parliamentary leaders who spoke to WND. The Libyans verified the videos were taken in Libya in the weeks after the U.S.-backed NATO bombing that began in 2011. As WND has reported, Clinton's State Department had decided to rebuff offers Gadhafi had made to abdicate peacefully and avoid a war. And, meanwhile, the Obama administration is moving to drop charges against an arms dealer who had threatened to expose Hillary Clinton's determination to arm anti-Gadhafi rebels.

"The Libyan tribal parliamentary leaders, in an exclusive Skype interview published by WND on Sept. 21, characterized Clinton as the "Butcher of Libya." They contended her State Department was "behind the terrorist groups controlling Libya,

Ansar al-Sharia, behind the militia in Misurata who destroyed a great part of Libya and displaced 2 million people from their lands because they were accused of being loyal to Gadhafi.” Rest at link.

The rest of the debate, about one hour, Trump wiped her face with the floor. Of course it didn't help Hildebeast when a fly landed on her face. [As others have pointed out](#), Clinton didn't so much as flinch where most people try to bat flies away. Then again, if one is doped up they might not have felt it. The criminal impostor in the White House's face over the years has been a frequent landing strip for flies.

Trump went after Clinton for, as he put it, bleaching her email servers. Comey and co-conspirators covered up her crimes:

Last year Trump said Hillary Clinton belongs in jail: [Trump: If Hillary Were Republican, 'She'd Already Be in Jail'](#), August 20, 2015

“If a Republican becomes president, Trump said, “hopefully” Clinton will face charges, but then “you have a statute of limitations of five or six years. Hillary might have to win

this election because if a Republican wins, I would imagine that their attorney general and their people are going to be their various prosecutors, because it goes on for years after the election." So, as a result, Clinton "might be fighting for her life in more ways than one," said Trump, as "what she did is probably criminal. I think almost you could say it's almost certainly criminal."

Last night Trump not only called her a liar in front of the whole world, he repeated she would be in jail for what she's done ([Trump: I'll Have Special Prosecutor For Clinton Email, 'You'd Be In Jail'](#)). That is a very dangerous thing for him to say. While it is the truth, the Clinton's play to the death, literally. Trump has been wearing a bullet proof vest since July 2015 for a reason. His life is in danger every time he steps out of Trump Towers. Trump humiliated Clinton last night badly in front of the whole world.

As I wrote in an earlier column, if Trump is elected I believe Loretta Lynch will bail as Attorney General. I believe she should also be indicted for obstruction of Justice. One would think Trump would quietly ask for James Comey's resignation as FBI chief. Trump would become a hero of this country if he appoints a new AG and FBI Director (who pass the senate) that open a real investigation and/or refer Clinton's email disaster as well as the Clinton Foundation to a special prosecutor.

THAT's what Hillary Clinton fears more than anything else Trump throws at her. Even 'Teflon Don' John Gotti's luck ran out; he died in prison. Trump will not forget what Clinton's henchmen have done to him. Likewise, Hillary will not forget the lashing she took Sunday night by Trump.

Republicans in the House are not going to give up on their investigations. Clinton doesn't care about them as long as Lynch and Comey remain in their jobs and, God forbid, she is elected. It's Trump in the White House that scares her and her

masters. Hillary Clinton is a globalist who will go into the Oval Office with one goal and that is the total and complete destruction of our sovereign nation. Open borders, trade agreements that reduce us to rags made in other countries, continued massive unemployment and more. Like promising to raise taxes on the middle class (while the zombies at her event clapped and nodded their empty heads) and put all coal miners out of work. Yes, she said those things.

Hillary Clinton will take us into WWII make no mistake about that. She is an incompetent buffoon who is a legend in her own mind. Her comments about Putin and Trump are completely false. One thing that is true: Neither Trump or Putin want their countries sucked into a one world order under global domination.

Trump is the train coming at her and as cool as she likes to play it, don't think she isn't sweating buckets. Trump is dead serious and that makes him a big target. Bed wetters like Paul Ryan, Mitch McDonnell and all the other holier-than-thous can keep throwing their tantrums and work towards getting Hillary Clinton in office. But, this movement created by Trump grows by the day and his promise to clean out the vermin makes him very dangerous. It also makes him very popular with the American people.
