

# The non-existent tolerant liberal

*"A funny thing about tolerant people? They're really only tolerant when you agree with them." –Greg Gutfeld*

*Tolerance and apathy are the last virtues of a dying society. –Aristotle*

## **Societal Demands of the Left**

The hardcore socialist left, along with many of the right, actually demand that we tolerate those I really have no use for...this includes the parasites that suck off the government largesse, i.e. taxpayers, the illegal aliens who do the same and have broken our very laws by entering our country, the criminal element of illegal aliens who have cost thousands of American citizens' lives, the Islamists who are brought into our country and refuse to assimilate and want us to change for them, the Islamic immigrants who have created no-go zones, the theft by our politicians, the lobbyists, the stealing of our liberties, monies, and future, the transgender/bathroom issue, the politicians who promote all of this, and oh so much more! I refuse to 'tolerate' any of these things, and will continue to fight to restore my country to a sense of sanity.

What does tolerate really mean? I tolerate extremely inclement weather, I tolerate the fools on the road, I tolerate my liberal neighbors, I tolerate my neighbor's barking dogs, I tolerate the fools in TN who keep voting in the same rotten neo-cons, and on and on, but these are things you really can't do much about.

But do you think the left tolerates us and our beliefs...that's a resounding, "Hell No they don't!" How many times our Trump signs were stolen, how many cars were keyed that had Trump signs on them. We're in the buckle of the Bible belt, and even years ago, I had my van keyed in a high-end grocery lot, because it had pro-life signs on it.

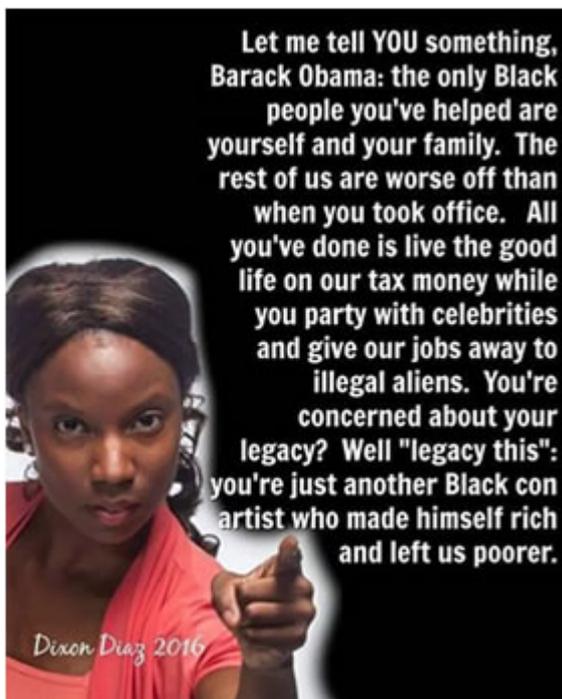

Tolerance? It is only what Judeo-Christian Constitutionals who love their country are supposed to have for the "anything goes" radical left wing Democratic Socialists.

### **Free Speech Censorship**

Don't you dare say anything negative about Barack or Michelle Obama because you'll immediately be labeled as a racist. You don't dare criticize the man's lack of protocol or his total carnage of the middle east via his Secretaries of State, Hillary and Kerry, much less his total destruction of America and race relations, or his disdain for our allies, and his love of Islamic states. Say anything about Michelle Obama's

wide backside and her horrid lunch menu for America's children, (which they've refused to eat) and you're a racist.

How has he helped our black brothers and sisters? He has not, he has created a canyon divide between America's whites and blacks, rather than bringing us together as Americans. We are back in the 50s with race relations and it is unconscionable.

Cover-ups of this administration are absolutely phenomenal and aided by the leftwing media who are all owned by six groups, GE, Disney, Viacom, Newscorp, Time Warner and CBS.

It is the left who demands we accept the astronomical growth of government and their corruption, along with the unbiblical laws passed by our Congress and courts, including our Supreme Court Justices.

The corruption in our local, state, and federal governments has reached an all-time high; the demands of a miniscule portion of our society on the rest of us have become not only ridiculously insane, but have cost us and our companies a fortune in tax dollars.

## **The Left's Hypocrisy**

“I only tolerate those that agree with me,” “I believe in free speech as long as it’s not opposing mine,” “I believe in freedom of choice as long as it doesn’t conflict with mine,” “Accuse others of what you do,” “I resent (hate) those that have an opposing view.”

Hillary Clinton’s comments during the final debate are a prime example. When Trump refused to say that he would automatically accept the results of the election (because he knew about voter fraud), Hillary went bonkers!

She responded, “That’s horrifying!” She went on to say, “That’s not the way our democracy works. We’ve been around 240 years. We’ve had free and fair elections and we’ve accepted the outcomes when we may not have liked them, and that is what must be expected of anyone standing on a debate stage during a general election.”

Yada, yada, yada Hillary, we know your harangue, it’s always the same...what’s good for us, doesn’t apply to you.

Really Hillary??? And what is your stance today? You joined the idiotic recount with green candidate, Jill Stein! How horrifying that you have not accepted the election results and have tried to destroy our Representative Republic. (It’s not a democracy Hillary!)

## Threats Against Trump Ignored

Upon entering office, Trump should immediately remove CNN from the White House press corps. Why? Because Clinton News Network correspondent Suzanne Malveaux was caught joking about Donald Trump's plane crashing. [[Link](#)]

Matthew Harrigan, the President & CEO of Del Mar-based Packet Sled threatened to use a sniper rifle to shoot President-elect Donald Trump multiple times, and he stated this on Twitter and Facebook. [[Link](#)]

An Egyptian youth was forced to leave the US after posting an article about killing President-elect Trump. [[Link](#)]

## Tenth Graders Threaten Trump

Threats to assassinate President-elect Trump have been rampant on Twitter. At John Marshall High School in San Antonio, Texas, two tenth-grade male students, and their teacher, [were reprimanded by the school district](#) over a skit the students performed in English class that showed President-elect Donald Trump being assassinated.

Allegedly these students submitted their scripts to the teacher for approval, but the teacher stated the students changed the script afterward. As part of their performance, one of the boys made a gunfire sound effect with his cell phone while the other boy, portraying the President-elect, fell to the ground pretending to be dead.

The so-called skit, entitled, "The Assassination of Donald Trump," was stopped by the teacher once she saw the students had changed the script. **But why wasn't it stopped with the very title??? Why was it allowed to go as far as it did?**

In a [statement released by superintendent Brian Woods](#), he said

the skits were part of a study on Shakespeare and the teacher had no idea of the students' script change. (Not until the sound of a gunshot?)

Many parents are outraged, and furious that these same students are still in school, and they also don't understand why the teacher gets to keep teaching with a simple apology.

This type of activity from high school youngsters is indicative of the divisive rhetoric being spewed by the main stream media. [[Link](#)]

### **College Professor Attacks Trump**

A psychology instructor at Orange Coast College addressed students in her popular human sexuality class and told them that the election of Donald Trump was "an act of terrorism," which she blamed on the Electoral College. (In other words, because her socialist candidate lost.)

She also said she felt "better" upon reflecting that liberals, like her, "are the majority." She also called President elect Trump a white supremacist, and said Vice-President Mike Pence is "anti-gay."

Olga Perez Stable Cox's rant was [recorded](#) and posted by an Orange County College Republican to a [Facebook page](#). Take a look at this woman and ask yourself if you'd want your

children taking a class from her.

Hundreds of people at the college came out to rally for and against her.

“This has nothing to do with free speech. It’s a professor overstepping her profession,” student Vincent Wetzel told the Orange County Register. “Of all the people who are supposed to provide an inclusive environment, it’s her. Now, I don’t feel comfortable.”

The school says it’s investigating the video and whether the student who recorded it should face disciplinary action for recording Cox without her permission. (Right, go after the victim, not the perpetrator.)

Attorney Shawn Steel filed a complaint, in the form of a letter with Orange Coast College, on behalf of the schools’ College Republicans on November 30. In his letter, Steel made three demands: that Cox take “take an anger management course that’s monitored, because sometime they lie on this stuff, that she formally apologizes to all the students in this class, and to have college faculty send a letter that all faculty be respectful to students.” [[Link](#)]

In an interview with Breitbart News, Steel said, “This has gone on [at] thousands of American campuses and tens of thousands of classrooms ... We finally had a smoking gun with the recording of this teacher. She’s been doing this for 30 years and has never been spotlighted like this before.”

Threatening Our President

Threatening the President of the United States is a [class E felony](#) under [United States Code](#) Title 18, Section 871. It consists of [knowingly](#) and [willfully](#) mailing or otherwise making “any threat to take the life of, to kidnap, or to inflict bodily harm upon the [President of the United States](#).” The [United States Secret Service](#) investigates suspected

violations of this law and monitors those who have a history of threatening the President. Threatening the President is considered a [political offense](#). Immigrants who commit this crime can be [deported](#).

Despite the law, the 9th Circuit U.S. Court of Appeals reversed the conviction of Walter Bagdasarian for making online threats against Obama. The court found that his speech urging Obama's assassination was protected by the First Amendment. Of course, the 9th Circuit Court...

## **Conclusion**

From just these few examples, it's easy to see that tolerance is only demanded of Christians and Constitutionalsists, of Bible carrying, and gun toting fundamental conservatives. There is no tolerance from the socialist left for any of our beliefs, or even for the freedoms and liberties our founders gave us in our 1787 Constitution.

Donald Trump's victory has made the Democratic Socialists (and there are many on the right as well) more fanatical and rabid in their hatred of everything we believe in and stand for.

It is up to all of us to keep standing for truth, for liberty, and for freedom. Don't go back to sleep now, because we have just won a battle, the war is certainly not over.
