

The Political Landscape In America, Part 2

Roger Anghis

Because we were founded as a Christian nation, contrary to popular belief, God worked on our side. John Jay, our first Chief Justice of the United States Supreme Court stated: ***“Providence has given to our people the choice of their rulers, and it is the duty, as well as the privilege and interest, of our Christian nation to select and prefer Christians for their rulers.”*** Obama stated that we were no longer a Christian nation. You would expect a statement like that from a muslim and as usual, he lied.

For as long as we have had a settlement in the Americas, we have been a Christian nation. ***Many have stated that it was for economic gain that America began to be populated and there is a portion of truth about that because of the vast untapped resources that were available in America, but when you study the charters for each settlement and the Constitutions of the colonies, there is one glaring truth that the revisionist historians refuse to acknowledge and that is their number one purpose for coming to America was to ‘propagate the Christian religion’. They wanted the freedom to worship how they believed they were supposed to and to spread the gospel to the inhabitants of the new land. This is proven by the Mayflower Compact which was written before they disembarked from the ship.*** [1]

This thought was a common thread among our Founders in spite of what some revisionist historians say. But the politicians today, primarily Democrat/socialists, are doing their best to push us in the opposite direction. This is a satanic move as Satan knows that a Christian practicing God's principles is his greatest enemy. That's why the 1947 Evers vs The Board Of Education took the Bible out of the school and totally redefined the 1st Amendment so that Christian principles would be kept out of the government. This is why the 1954 Johnson Gag Order pulled the churches out of the political arena and I could go on and on. Hillary stated during the 2016 presidential campaign: ***"Far too many women are denied access to reproductive health care and safe childbirth, and laws don't count for much if they're not enforced. Rights have to exist in practice – not just on paper," Clinton said.***

"Laws have to be backed up with resources and political will," she explained. "And deep-seated cultural codes, religious beliefs, and structural biases have to be changed. As I have said and as I believe, the advancement of the full participation of women and girls in every aspect of their societies is the great unfinished business of the 21st century and not just for women but for everyone – and not just in faraway countries but right here in the United States." [2]

Why do we have to change our **deep-seated cultural codes, religious beliefs, and structural biases**? Because the New World Order does not recognize the one true God. A couple years back we had seventy members of Congress that belonged to Democrat Socialist or the Communist Party USA: [Nancy Pelosi](#) (D-CA), [Maxine Waters](#) (D-CA), [Tulsi Gabbard](#) (D-HI), [Rashida Tlaib](#) (D-MI), [Ilhan Omar](#) (D-MN), [Jerry Nadler](#) (D-NY), [Alexandria Ocasio-Cortez](#) (D-NY) [3] just to name a few. With the mindset of the Communist/socialists, it is no wonder that we are heading in that direction and away from the foundation our Founders gave us. Many have been in Congress since the 1970s and have had a hand influencing the direction of the

country for decade. This is a perfect example of the need for term limits for all members of Congress.

Our politicians no longer look to God for direction. They play a game of fake relationship, kind of like most Christians, and turn to God only in a time of great need. Now I'm sure that there are a couple, literally, that take their relationship with Jesus seriously but that is not enough. We the People must pray that our nation stays on the right track. Trump has stopped the nation from going down the socialist path for now. He has exposed the true intent of the politicians and that is to turn us into a third world country. He has destroyed much of the foundation that they have laid over the last thirty years. I believe that he will get a second term and expose so many of the politicians that have done their best to destroy America that it will take 30 more years for them to rebuild what Trump destroys.

On May 22, 2019, Hank Kunneman gave a prophecy about the summer of 2019 that I feel I must include in this article. He was 100% correct and also speaks of the 2020 election that is very eye-opening. ***"They shall say through the 90 days of summer, 'We are now ready to bring articles of impeachment.' Ha! What you seek to take out by your impeachment shall lead to your own demise and in the fall of 2020 there shall be a great fall," says the Spirit of God.***

"I speak a double meaning that you will understand when that moment arises upon this land. For there is jealousy and where there is strife, I speak to your house, to your congress—there is confusion and there is every evil work. It is written and it shall be seen if you bite and devour, you will be consumed by one another.

"This I speak—listen to the warning that I give to you," says the Spirit of God, "stop or you shall fall. Stop or you and your party will be consumed—for you are kicking against the pricks.

“What do I speak? You are speaking against and working against My plan! This is not a political thing, even though you may say that it is. You are working against My hand, therefore you will see your foolishness cause a boomerang upon your own party and there is an exoneration that shall come to this house and to this land.”

We cannot forget that God was behind the founding of America. This is His nation and in 2016 He took it back. He will not be defeated, and His will shall be accomplished, and no political party will stop or hinder Him. If they try, it will be to their detriment. If they don't back off this path, they are on we could well see the Democrat Party be so decimated it will take decades to recover. God will not be mocked; what they sow they shall reap (Galatians 6:7).
