

# The Quagmire In Afghanistan And At The Border

By Frosty Wooldridge

On February 23, 1945, U.S. Marines planted Old Glory on Mt. Suribachi, Iwo Jima. It marked our victory over the Japanese. It's been America's iconic symbol of victory over tyranny since that epic moment. All Americans who visit the Washington DC Mall step up to that enormous bronze statue that dominates the area. Every veteran sheds a tear upon viewing it. My own father, a U.S. Marine, took part in the battles during WWII.

Last week, the terrorist Taliban fighters of Afghanistan mocked our great symbol by repeating the same picture but with their own soldiers planting the Islamic Flag of Terror over that goat-herder/poppy-seed growing country. They beat America's 21st century army with Toyota pick-up trucks, automatic rifles and RPG launchers.

After 20 years, \$6 trillion in war costs, bogus 'nation-building', 7,100 combat deaths (Iraq/Afghanistan), and the little known 114,000 men and women who committed suicide while serving in that war zone and after discharge—we citizens witness the greatest debacle and defeat in the history of America.

Yes, we SHOULD abandon the insanity of that Muslim country, where women are treated with less respect than their camels. Yes, we should NEVER have swallowed G.W. Bush's lie to us about non-existent "Weapons of Mass Destruction." Those two wars proved as stupid, insane and corrupt as the Vietnam War.

But our withdrawal from Afghanistan MUST be marked in the

history books as the MOST incompetent, senseless, stupid and tragic end to any war we've ever fought. It was never declared. It was never about protecting America. It was never about terrorism. It WAS about the Military Industrial Complex corporate elites who created, managed and profited by those wars.

Right now, Biden flies thousands and thousands of Afghanistan refugees into our country. Why? In the end, Sharia Law will now dominate Afghanistan once again. But why bring the followers of that barbaric religion over to America? Why not to other Muslim lands? Why not to their own culture where the practice wife beating, female genital mutilation, stoning of women, honor killings, forced marriages of little girls to old men, barbaric Halal food that tortures animals before they are killed...and finally, a definite thrust to "convert or kill all non-believers" as mandated by the Quran?

Who in their right mind would import countless refugees of an incompatible culture into the midst of our 21st century Western Culture? Can anyone in DC not see what's going to happen? Do you not see Sharia Law now practiced in Detroit, NYC, Miami, Chicago, Minneapolis and everywhere that tribe dominates? Have you read the reports of honor killings and female genital mutilation here in America? Well, it's going on prolifically as documented by the Department of Homeland Security. That's a fact. (Source: Honor killings and FGM as reported by Ed O'Callaghan, Asst DA, DHS, February 18, 2018.) I saw the report personally.

And who in their right mind wants to see 1,000,000 Mexican and Central American refugees storming our borders to mangle our laws? Who wants to pay for this largest illegal immigration debacle of this century? When will it stop? Can we take another 1.0 million of them before the year's end? How about another 2.0 million of them next year, and the next? If you are a liberal or a conservative, is this nightmare unfolding at our borders okay with you? What will it solve? Who

benefits? Your town? Your children? Your tax dollars?

Is it possible that Joe Biden, a man who accomplished virtually nothing in all his 48 years in Congress—will successfully downgrade and degrade our entire country in the next 3.5 years of his incompetent and utterly bungling use of power in the White House?

Does anything think he actually knows what he is doing? If our horrific and incompetent withdrawal from that third world country stands as an example of the Peter Principle, Joe Biden takes the crown. And his generals—so totally incompetent to allow such a horrific withdrawal that left billions of dollars in equipment. It's breathtakingly stupid beyond comprehension.

We, the law abiding citizens of America, take the dunce cap for allowing such incompetence to lead us straight to Hades. As 9/11 approaches next month, Muslims around the world dance in the streets while they raise their AK 47's into the air in their victory celebration. We are a nation led by fools.

Is anyone in America thinking about these questions? Are we not galloping into America's twilight years?
