

# The Supreme Court Won't Save Us

By Cliff Kincaid

July 3, 2023

On July 4, in Philadelphia, communists are planning a [rally](#), “America Is Nothing To Celebrate.” The sponsor, a Maoist group by the name of the Revolutionary Communist Party (RCP), is in the middle of a \$100,000.00 fundraising drive and reports that about three-quarters of that amount has come in so far. The fundraising is [conducted](#) through YouTube videos. Donations are accepted through PayPal and credit card.

By contrast, my America’s Survival anti-communist videos were [totally banned](#) by YouTube. That was a total of 500 videos eliminated from public viewing.

On March 18, in Lafayette Square across from the White House, I took [pictures](#) of more than one thousand communists, socialists and fellow travelers. The RCP was among them.

Similar Communist rallies were held in more than one dozen other cities.

Speaking to the Faith & Freedom Coalition conference, President Trump said, “Using federal law, section 212 (f) of the Immigration and Nationality Act, I will order my government to deny entry to all communists and all Marxists. Those who come to join our country must love our country... So, we don’t want them if they want to destroy our country... So, we’re going to be keeping foreign Christian-hating communists, socialists, and Marxists out of America. We’re keeping them

out of America.”

A writer for the Communist Party newspaper [admitted](#) that Trump said, accurately, that the law already “prohibits the entry of communists” into the U.S. Federal immigration law does indeed say that any immigrant “...who is or has been a member of or affiliated with the Communist...party (or subdivision or affiliate thereof), domestic or foreign, is inadmissible.”

But they are already here.

Trump understands this, asking, “But my question is, what are we going to do with the ones that are already here, that grew up here?” The communist writer reported that the packed auditorium erupted with screaming chants of “Deport them! Deport them!”

A law intended to jail subversives, the Communist Control Act, is on the books but no longer enforced by the Biden Justice Department. Look it up: [50 U.S. Code § 841](#).

As president, Trump never enforced it either.

My organization is facing an unprecedented assault on its financial viability and existence, but communist groups are free to operate without any oversight by federal law enforcement agencies and they enjoy financial support from Big Tech and major American corporations, which make their platforms possible and censor mine.

Sadly, most of the communists I observed at that March 18 rally were young people. They are products of our educational system. They were trained to be communists in college and then Biden tried to accommodate them by cancelling their student loans.

Other communist groups, such as the Party for Socialism & Liberation, turn out in the streets for various causes, such as demanding “justice” for Jordan Neely, the career criminal

who threatened the lives of people on the New York City subway and then died in the arms of the former Marine, Daniel Penny, after he tried to restrain him. Penny has been charged with manslaughter.

In America today, the communists and criminals are given the advantage. Those who want law and order and seek to preserve the American way of life are persecuted.

The communist groups at the March 18 rally claimed to be peaceful but some pledge allegiance to Moscow, Beijing, North Korea and Cuba. These groups are the potential breeding ground for people like Lee Harvey Oswald, who murdered President Kennedy and was associated with the "Fair Play for Cuba" committee and the Socialist Workers Party.

Like Bill Ayers and Bernardine Dohrn, RCP chairman Bob Avakian is a white communist who came out of Students for a Democratic Society (SDS), the group that laid siege to college campuses before turning into the terrorist Weather Underground.

Declassified intelligence documents show that Weather Underground member Kathy Boudin traveled to the old Soviet Union. Her father, Leonard Boudin, was a member of the Communist Party and registered Cuban agent. Other members of the group underwent guerrilla warfare training in Cuba.

Referred to by his followers as "Chairman Bob," Avakian is devoted to "the struggle for a communist world" and wrote a memoir, *From Ike to Mao and Beyond: My Journey from Mainstream America to Revolutionary Communist*.

One of his big fans is Princeton University's Cornel West, who has declared, "Bob Avakian is a long-distance runner in the freedom struggle against imperialism, racism, and capitalism. His voice and witness are indispensable in our efforts to enhance the wretched of the earth." West is honorary chair of Democratic Socialists of America (DSA).

You may have noticed that Cornel West is running for president and has become a Fox News star. I have counted 6 different references or appearances by West on Fox News this year. West uses the channel to spew socialist propaganda and make Biden look like a moderate. This works to Biden's benefit.

At our June 27, 2011, conference, "Traitors, Spies and Terrorists: America's Internal Security Crisis," we documented how congressional liberals abolished congressional committees investigating internal security and un-American activities. FBI directors such as James Comey and Robert S. Mueller were incapable of or unwilling to effectively investigating communist networks in America.

But the video of that conference was deleted by YouTube.

The RCP book shop known as Revolution Books in New York City hosted a party and celebration for a 91-page book called *Constitution for the New Socialist Republic in North America*. A used book sale included regular communist literature, as well as Bernie Sanders' book, *Our Revolution*.

Sanders went on his honeymoon to the former USSR and was a supporter of the communist Sandinista regime in Nicaragua. He was a collaborator with the U.S. Peace Council – a Communist Party front – against the Reagan military build-up. He worked with the Venezuelan regime of Hugo Chavez to distribute Venezuelan oil in the U.S.

My group, America's Survival, Inc., has a proven track record of exposing the communists. We released evidence proving that President Barack Hussein Obama was raised and influenced by a black communist, Frank Marshall Davis.

Upon my request, the FBI released a 600-page file on Davis's communist affiliations, revealing that he had been under surveillance for 19 years and may have committed espionage against the United States. We held a Washington news conference to release it to the media. But liberal reporters

ignored what we had uncovered. They accused us of “red-baiting.”

The video of that news conference has also been deleted by YouTube.

In the same manner, the media ignore communist groups marching under their noses in Washington, D.C.

If the media had taken our information seriously and Congress had investigated Obama’s communist connections, we might have been spared 8 years of the Obama presidency and more than two years of Joe Biden’s presidency.

Going back in time, when I interviewed former FBI agent Max Noel, who handled the Weather Underground and Unabomber cases, I remember that he told me the Bureau used to investigate candidates for federal employment – but not federal office – by analyzing Character, Associates, Reputation, and Loyalty to the United States. The first letters in those words make up the acronym CARL.

Noel said Barack Hussein Obama could not have been elected president if he had been subjected to the CARL test.

We are paying the price.

Today, while President Trump is suffering under a “gag order,” as a result of the legal terrorism unleashed against him, Obama is spouting off, with his latest [comments](#) on the threat to “democracy” and the need to save the illegal aliens. His “[Permanent Revolution](#)” has made the America of 1776 into a distant memory no longer taught or even celebrated.

Until we understand and address this communist revolution in our midst, America cannot be saved. It’s going to take more than a flag hanging in our front yards. And don’t expect the Supreme Court to save us, either. It is up to us.
