

The Times They Are Changing

By Karen Schoen

August 3, 2024

What a week this has been. Isn't it amazing that some times we have long periods of no special news and some week everything seems to happen at once. This was one of those everything happens at once weeks. President Trump was shot and praise G-d he was not killed. We saw the failings of DEI hire, Kim Cheatle, head of the Secret Service who was embarrassed into quitting. Then President Biden without a good explanation quit the presidential race. Plenty of speculation that Pelosi and Obama threatened him with the 25 Amendment. I think he was paid off. Time will tell.

Hopefully we will be able to talk about the future candidates on social media. According to Mike Benz, Former State Department Head of Cyber Portfolio, censorship during election cycles will be implemented. Using the Executive Order 12333, Jan 2017, from Obama, his administration (same as Biden) just finalized rules to make it easier for the nation's intelligence agencies to share unfiltered information about innocent people. These agencies: NSA, DHS, FBI, CIA, Pentagon, DOS, DOJ etc could investigate any person who tampered with Critical Infrastructure. Therefore, the DHS just re defined Elections as Critical Infrastructure. These agencies will now be working with social media to censor all misinformation, disinformation about candidates or the election. Essentially they put a gag order on all opposition.

Renaming, re-defining, re-imagining is how the left succeeds. So we can look for a re-imagined Kamala who will now be for peace and freedom. To Kamala peace is war and freedom means you can say anything you want that agrees with the regime. We must be on to their lies and expose them as soon as we hear the lie. She lied about Joe's condition for 3 years. She lied about the border. She lied about defunding the police. She started a fund to help the criminals responsible for the billions of dollars of destruction during the summer of love. She is promoting killing babies. She will end fossil fuel and thinks nothing of raising our taxes as inflation goes through the roof. She will say anything to anyone to promote her career. It will be up to us to call her out. The media tells you how wonderful she is but remember just a short while ago they called her an incompetent DEI hire. Now we will be racist if we use that term. We must use it.

Joe's parting gift is an Executive Order giving presidential powers to Anthony Blinken, Secretary of State and Janet Yellen, Secretary of the Treasury. The title when I first heard it, I thought good. Then I listened closely to the last 2 words...Memorandum on Delegation of Certain Functions Authorizations Under Rebuilding Economic Prosperity and Opportunity...for Ukraine. Will they strip America to rebuild Ukraine? Blinken openly criticizes Israel saying Israel's conduct means a horrible loss of innocent civilians. Did he forget the those same civilians voted for Hamas? Did he forget the Israel advertises to those same civilians where they will attack next so the civilians can leave. Did he forget that war means people die?

Yellen is no different. She condemns Israel because she is afraid Israel will cut off Palestinian banks. Palestine-Gaza will have no money. Did she forget that she just voted to steal Russia's money and give it to Ukraine? What hypocrites.

[Bachmann Reveals Democrats' Coup After Biden Delegates Presidential Powers To Administrative State:](#)

Unpacking the Americans who are demonstrating for HAMAS is very complicated. To me it means that they do not take the time to investigate who they are for and against. Over half of the Democratic congressional caucus was absent from Israeli Prime Minister [Benjamin Netanyahu's](#) address on Capitol Hill the day prior. I believe that the Democrats were always anti-Semitic, now they have an excuse to exercise their hatred. You can't make a decision if you only listen to one side. Communism demands there is a scapegoat. There must be some group to demonize or the useful idiots will have no reason to riot. Communists need chaos to thrive. They must destroy so they can rebuild in their image. Their image always fails. I like what Bibi said when he saw the signs Gays for Gaza. It reminded him of chickens for KFC. This campaign will be based on lies, envy and indulgence. Are you ready?

The left is changing definitions so fast, remember to copy the definitions of the words they use before they change them. If you can get and keep an old dictionary so we can change the definitions back and show our children the truth. When you hear the word Democracy, replace it with the REGIME. When you hear the words, climate change, sustainable replace them with the word CONTROL. Then you can clearly see what the DNC has in store for us.

President Trump and JD Vance are the best hope we have for American greatness once again. They understand the devastation cause by allowing DEI to ruin our once great agencies. They understand that DEI is a cancer and just like any other cancer must be removed. Nothing is certain. The election is not certain. Now it is time to act. Can you help register people to vote. Can you talk about the importance of voting.

Every American's help is needed to do all you can to get MAGA Republicans elected. We must unite, speak to these out of our comfort zone. We must be firm, strong and fight, fight, fight. Can you register 5 people to vote? Is America worth saving? What will you do?

Interesting Information

Please explain why the border Czar never went to the border and has allowed 10million + illegals enter America, paid them entitlements while Veterans sleep in the street.

Agencies are already under presidential control. Obama did that. Agencies are part of the Executive branch.

The treasury on behalf of the taxpayer borrowed money . Then gave that money to 10+ million illegals who also got the jobs vacated from Covid even though they were not vaxxed. The illegals spent the money buying stuff so the DEI graduates could report that the economy grew. How stupid is that.

This is sad. [Our students no longer learn the truth in school.](#) [Civics should be taught in middle school and HS](#)
