

# The Undisputed Kings of Fake News Are at it Again – Trump is Golfing Without a Mask

Greg Holt

You can't make this kind of stuff up folks – oh right I forgot, if you are CNN you can make up all kinds of stuff. But I digress. CNN "reported" on Trump playing golf today. Is CNN *that* desperate for news coverage?

Here is their headline that basically implies Trump is doing something wrong because he dares to play golf:

**Trump is golfing at his Virginia club amid the coronavirus pandemic**

And of course this major news event had to be posted on Twitter:

*CNN photojournalist [@abdallahcnn](#) got a shot of President Trump golfing today. He says the president is moving around the course in a golf cart alone but is golfing with three partners. None of the men are wearing masks.*

Not only did Trump leave the entire country in a lurch to play

Golf (Obama never did this), he has the audacity to play golf without a mask on. Say it isn't so!!

*Trump took his first break in three months to golf and liberal heads have predictably exploded. The fake outrage machine is tiring. ☺*

What a bunch of idiots. First, Trump works more hours in a day than any of these clowns do, and he is entitled to a break. Second, sunshine is a natural killer of the Coronavirus, and why on earth would one wear a mask outdoors? Not to mention the fact that there is [evidence that wearing masks may cause more harm than good](#), unless one is sick.

“‘But there is no specific evidence to suggest that the wearing of masks by the mass population has any particular benefit – in fact, there’s some evidence to suggest the opposite,’ he said.” ([Source](#))

You won’t see that reported on CNN, it interferes with the narrative.

*Striving for that pulitzer.*

*Hey Karen, you don't have to wear a mask outside in your own golf cart. <https://t.co/e94gst0IOP>*

What is really sad is that idiots like this actually refer to

themselves as journalists.
