

# The UN's Covenant With Many and Trump's Peace Plan

Is it prophetically Time for Trump's peace plan? Four years ago, we had to say no. Today with the destruction of Hamas and the Hezbollah in Lebanon, I believe we can say yes! The more we look at current events, the more things are looking just like the fulfillment of Bible prophecy.

What today's timeline now looks like is: Trump gets elected, then gets Peace in Israel and Ukraine. Next, after a few months, the rapture happens. Russia sees the West is in total confusion and launches the Gog-Magog war with Turkey and Iran.

So, what would this "new peace" mean? Trumps proposal allows the immediate annexation by Israel of all "settlements" and a several mile wide strip of land west of the Jordan river. The Palestinian entity envisioned by the plan is a state in name only. It has no control over it's borders, The Israeli army would continue is presence. This plan does not give any part of Jerusalem to the Arabs as a capital. The plan would possibly allow Arab sections outside the city to be governed by the Arabs.

The plan gives the Israel it's security needs, but does not give the Arabs much. The proposed Palestinian state would consist of a number of separate areas within Israeli territory. This plan will annex the entire West Bank under Israeli control. The Arabs would have no say on any of this.

Since the Region's Mosloms want ALL of the West Bank, All of Judea and Samaria including All of Jerusalem, this imposed solution will be totally rejected by all of the regions Arabs.

This solution or peace plan will only allow and encourage these Arabs to rearm, reload, and await their final "day of reckoning" with the Jewish state. They will not have long to wait. When Russia, Turkey and Iran attack a few months later in the Gog-Magog war, these West Bank Palestinians will "see their chance" to finally drive out the Jews. However, God makes it clear in Ezekiel chs 38&39 that these Faux "Palestinians" will be almost totally obliterated on the mountains of Israel by rocks, huge hail and fire from the heavens. This will make way for the Jews from the rest of the world to immigrate to Judea and Samaria. God will have the final word in all of this.

With all this said, the False Christ will then ride forth on his white horse, making Daniel's "covenant with many, establishing the ten region world government. Despite what many have written, there won't be many Arabs left in the area to make a peace deal with, or any need to do so. The Jews will be scrambling to get their new temple built. In a concession to the rest of the remaining Moslom world, this new temple will be an "Abrahamic house" with worship from the three Abrahamic faiths, just like what has been built in Saudi Arabia. Of course, God will consider allowing pagan Muslims worshiping in His house an abomination. However, since that area was never the true temple mount in the first place, perhaps the Jews will be given grace on that mistake. You need to look into Josephus on this. "Wars," book five chapter five, for example. Josephus and a number of Greek writers make this fact absolutely clear. Every building and wall in Jerusalem and the temple mount was leveled in 70AD "so you would not have known there had been a city there" Josephus quote. Only the huge fortress Antonia was left standing on the high hill north of the city.

Is Daniel's "Covenant with Many," The UN's "Pact for the Future" just been approved by the United Nations? If so, all that is now left is for the False Christ to ride forth, confirm, strengthen, and implement this treaty establishing the New World Order!

As the ashes settle, the False Christ rides forth.

Why is this Imminent?

The Elderly Davos elite want to rule the world before they die. They know they only have a handful of useful years left. None of them want to die like Kissinger, just "months" before they reach their Immortal glory in history. They want to be known in future history as the celebrated founders of the New Roman Empire. As a history geek, I certainly can see the pull, irresistible lure of being an, or actually surpassing Alexander and Caesar Augustus.

As Pastor JD Farag so well stated in his Sunday September 29th prophecy update, they just passed the final United Nations documents/ treaty to establish their empire. All they now need is a final Hegelian crisis. Hegel's infamous creed of creating chaos to create change is the final act to bring about their brief kingdom and everlasting infamy.

Several already created crises come to mind. Any one of them, or even perhaps all of them, will break out into an emergency. They were not quite ready when their carefully lab-created Covid crisis happened. Of course, it did not have the devastating effect they had hoped.

By some accounts, the Monkey Pox (now called Mpox) they have created in their biowar labs is about to be unleashed on the Earth. They hope it will be far more deadly than Covid. Pastor JD said the vaccine will be a death shot. A vaccine which has already been widely distributed. Quite possibly this is the second half of the AIDS causing Covid "vaccine," meant to cause worldwide genocide. One can only hope they will somehow

be the first to die. Most certainly, they do not realize when the False Christ comes on the scene, they will no longer be useful to him. Remembering what Hitler said of his infamous "Night of the Long Knives," "Who needs revolutionaries when the revolution is over?" Hitler killed every one of his followers who might challenge his authority a few months after he came to power. Also think Stalin, Mao, Xi, and many others. Remembering the French Revolution, where "the revolution devoured it's children." One can only hope.

Notes from Pastor JD Farag's Sunday lesson on his site JDFarag.org:

"Pact for the future," The United Nations resolution and treaty passed Wednesday the 25th. It was formally called "The Pandemic treaty." However do to serious pushback, the title was changed. This is game changing, it gives the NWO elite everything they need to implement their New world order.

It has five broad focus areas:

Sustainable development, International peace and security, Science and Technowlegy, Youth and future generations and GLOBAL GOVERNANCE.

For implementation of Global Governance, There is a "Global Digital Compact." This consists of Total censorship, with access to Digital currency monitored by your social credit score.

"Peace and security" Of course divides Israel, and Jerusalem.

Remembering Zechariah 12, Jerusalem being a burdensome stone, and Joel 3.2 on how God will cut in pieces all who try to divide God's city and His land.

I highly recommend watching JD's entire weekly prophecy on his website JDfarag.org
