

The Unthinkable Has Happened

By Pastor Glynn Adams

"The kings of the earth set themselves and the rulers take counsel together against the LORD and against His Anointed, sayng, "Let us break their bonds in pieces and cast away their cords from us.'"

What has happened in our nation since the late 1800s is exactly what our Founding Fathers feared the most – a big, intrusive totalitarian government! How this happened is not hard to understand if you have been paying attention to what has been going on in our nation. Over the years many progressive Marxists have published books explaining in detail how they would accomplish such a feat. Any college student in our universities has been approached or been indoctrinated and enlisted in the New World Order Revolution going on in our nation.

Our Founding Fathers gave us a Republic – a self-government system but to maintain this Republic you must have citizens who are virtuous, righteous, and a working knowledge of the Constitution and the Word of God. The citizens would have freedom – to do as we ought to do but not total freedom to do whatever we want to do. Obedience to God and His ways and to love your neighbor as you love yourself. Of course, most of our pastors and our religion is false and our children are no longer allowed to pray, read God's Word, and post the Ten Commandments and our Constitution and Bill of Rights have not been taught in our schools since the 50s and we refuse to resist the evil before us so it is no surprise we would become

a pagan nation. So get prepared to cast our demons from church folks and citizens!!!

How did they capture our nation and move us from a Christian world view to an intrusive totalitarian government? Klaus Schwab and his World Economic Forum go back to Nimrod and the demonic occults and pagan gods that are so numerous in this nation and Europe. They have used the Marxists Ideology system to accomplish the capture of this nation because when it is implemented in a nation, it will change the thinking of a nation very quickly. This "shadow government" of wealthy elitists in international banking, politics, media, and industry is behind these efforts to create a demonic New World Globalist government, monetary system, and universal world religion.

These experts and esoteric researchers claim that the Illuminati, the pop culture moniker for the elite and their interlocking networks of transnational corporations, international banks, government agencies, think tanks, foundations, and secret societies – are behind the push of our American culture to create a global government, economy, and religious system not seen since the Tower of Babel. The inner core – the Committee of 300 is a highly organized secret society with tentacles reaching into every level of government of the world, backed and run by men of the highest education and intelligence, with vast resources at their disposal.

These elites have thousands of foot soldiers (useful idiots) that implemented the changes in America. Alice Bailey wrote 24 books totaling thousands of pages written under the direction of a spiritual guide somewhere in the demonic spirit world. She wrote that in the future, words would be about socialism, collectivism or group thinking – not about individualism or dissent. Friedrich Nietzsche gave America postmodernism that holds that truth and reality are created by man and not by God, that something is true if it works for you. Postmodernism is a dominant worldview in America today

largely because Friedrich Nietzsche is one of the most widely read authors on college campuses. His war on Christianity in America and his influence in the false interpretation of Scripture is very evident in our churches today.

The Frankfurt School, a Marxists think tank directly connected to Karl Marx. They begin the war on Christianity, the war on the family, the education of our children. The original strategy to destroy America came from Communists Antonio Gramsci who realized in order to win a Socialists victory, cultural institutions would have to be infiltrated and subverted. Gramsci realized that America was steeped in traditions of freedom and liberty would never succumb to a frontal assault.

Gramsci wrote eloquently of a “quiet” revolution – one that would transform a culture from within by changing the basic worldview of each and every institution in society. He also cautioned that this revolution would be “a long march through the institutions”, not a blitzkrieg of change. So clear was his strategic thinking that Gramsci targeted Christianity specifically as the greatest philosophical adversary along the way. These people expected pushback but the pastors and church slept through it all!!!!

Betty Friedan gave us feminism and her organization gave us the warfare against the masculine gender. The idea was to change men from an authoritarian personality to a more docile and submissive personality – to wit feminize men. Betty Friedan was the co-founder of the National Organization for Women (NOW), a radical feminists’ organization. They fought for change in divorce laws and illegitimacy to undercut the family and she led women to challenge men for leadership.

Then there was Saul Alinsky, a disciple of Gramsci. Alinsky detailed the need to penetrate the middle class and re-organize from within. Alinsky articulated tactics for infiltrating every conceivable social institution, including

churches. Alinsky betrays the secret that the globalist's vision is threaded through a diverse assembly of influencers; thanks to a strategy created by the devil himself. It explains their hatred of Christians and the biblical worldview. It also reaffirms the point that we are in a spiritual battle and the prize is hearts and minds. The pastors and church still has not responded to this war of destruction!!!!

Alinsky says that only one thing is important to build the mass power base of what he calls the army. Until he has developed that mass power base, he confronts no major issues. Until he has those means and power instruments, his "tactics" are very different from power tactics. Therefore, every move revolves around one central point: how many recruits will this bring into the organization, whether by means of local organizations, churches, service groups, labor unions, corner gangs, or as individuals.... Change comes from power and power comes from organization.

We see no war, we have no army, we make disciples of our religious systems, and we have no organization and no plan and therefore no power. I have discovered through painful interviews with pastors that many evangelical pastors are among the most uneducated men I know when it comes to understanding the times, the worldviews of our enemy, and the philosophies ruling our day and how to biblically destroy arguments raised up against the knowledge of God in 2 Corinthians 10:3.

Since the late 60s and into the 80s, the Marxists were creating crisis after crisis. They had the God is dead movement, the feminists' movement, the war on the male gender, the gay agenda, the war on our culture, the war on marriage, the war on our children in reference to immorality, the war on education, a war on our history, a war on our Constitution, a war against capitalism, the war on the institutions in our nation, and the war on the churches. They were relentless to

find creative ways to assault our Christian values and pollute our culture and the church remained neutral, apathetic, and silent. Another problem we had with pastors and church members in the early 80s, is they saw all this as a “fade” that would pass. They refused to listen as we told them this was a deliberate, planned, systematic attack on Christianity and our nation. Pastors and church members saw each individual crisis as individual events that had no connection to one another. They just could not “connect the dots.” I found it amazing just how religious people were and the level of deception (brainwashing). It was a sad day for those of us who were on the front lines in battle against this demonic enemy while the pastors and churches mocked us – “there are no Marxists in America!!! – you are radicals outside the mainstream of Christianity!!”

Absolutely nothing has changed with our pastors and church members since the early 80s. These evil cabals of Alkisky and company have made more disciples than the church in America has made and they have influenced more citizens for evil than Christians have for good!!! They have put hundreds of thousands of disciples on the streets in America and have graduated millions of students from our public schools and universities that willingly carry out the order from their Marxists masters to further degrade this nation!!!

As a result the Marxist ideology continues to advance in America. Their army of warriors and change agents are everywhere influencing the culture and they can gather a crowd in a moment’s notice to protest and intimidate Christians or whoever needs intimidating. They have a plan and are unified and the churches in America have not learned what you can accomplish in unity and one accord.

These God hating revolutionaries have clearly beat the American Church at their game. Christians are supposed to be learners of Christ and His ways and Jesus gave us all power and authority to go into our nation making disciples, teaching

them to observe all things Jesus commanded us and to influence our culture from the ways of Satan to the ways of God. It is clear Christians have not done this because the God haters has influenced this nation and are making disciples of many of our citizens and especially our children and they have changed this nation from a God worldview to a Satanist world view. .

What else can I say? Out of the mouth of Karl Marx, Saul Alinsky, Nietzsche, Antonio Gramsci and the Frankfurt School it should be noted that each man who were disciples of the Marxist Ideology because it changes a nation's thinking very quickly also studied the Bible. They quickly noted the church in America was disobedient and was not seriously teaching the Biblical life of God but were apathetic, asleep, and very passive. Even Carl Marx noted "we know it is impossible to change a nation that is following and obedient to their God and living by His ways. Therefore we shall infiltrate and subvert the American culture and one day their nation will fall like ripe fruit from a tree."

Is America's sun beginning to set? "Men, like nations, think they are eternal. In the springtime of youth, an endless summer beckons. As you pass 70, it is harder to hide from reality, as you lose friends and relatives. Nations also have seasons. Imagine a Roman of the 2nd century contemplating an empire that stretched from Britain to the near East thinking, "This will endure forever." Forever was about 500 years. Not bad but gone!!!

France was pivotal in the 17th and 18th centuries but is now becoming a Muslim nation. In the 19th and early 20th centuries, the sun never set on the British Empire and in the 1980s, Japan seemed poised to buy the world. Today its low birth rate and aging population, an industry exists to remove the elderly who die alone. In 1945 at the midpoint of the 20th century, America's prestige and influence were never greater.

Thanks to the "Greatest Generation" we won a World War, reduced Germany to rubble and put the "rising sun" to bed. We build skyscrapers and sent rockets to the moon and had unprecedented prosperity..

But where is the glory that once was America's? We have moved from a free economy to socialism, which has not worked anywhere in this world. We have gone from a republic guided by our Constitution to a regime of revolting New World Order elites. We have less freedoms with each passing year. Like a signpost to the coming "reign of terror", the cancel culture is everywhere. We have traded the American Revolution for the Cultural Revolution." (America's Setting Sun" Author unknown)

A book all military leaders study is by Sun Tzu, "The Art of War." Sun Tzu says, "if you know the enemy and know yourself, you need not fear the results of a hundred battles. If you know yourself but not the enemy, for every victory gained you will also suffer a defeat. If you know neither the enemy nor yourself, you will succumb in every battle. He also said if you are not prepared for war, you will lose."

During World War II, American General George Patton was to face Germany's Field Marshall Rommel in a critical tank battle for the first time. Field Marshall Rommel was known throughout the world for his expertise in tank warfare and had written a book on tank warfare tactics some years before the war. The battle was fought and General Patton destroyed the tanks and forces of Field Marshall Rommel. As General Patton was looking through his binoculars at the devastation of the German forces, he said, "Rommel, you magnificent bastard, I READ YOUR BOOK!!!!!"

In America, we have an enemy working to destroy us; we are neither prepared and, we do not know who we are in Christ or as citizens. We do not know our enemy and way too many see no war at all and are unprepared. Look at the books our enemies have written telling us what they were going to do in America

but many have not “read the books.”

This war we are in is no “fade” but a planned systematic warfare on our nation and if we do not make an effort to understand what they are doing, who they are, and how they are doing it, we shall continue to move away from God and more judgment and the loss of everything we hold dear in this nation. I have attempted to explain the best I can what is going on and why and who!! Frankfurt School, Saul Alinsky, Antonio Gramsci, Betty Friedan, Klaus Schwab you magnificent bastards, “I READ YOUR BOOKS!!!!!!”
