

They ALL Knew, Every Damn One of Them

I'm sorry if you are buying the line that nobody knew just how bad Biden's dementia was.

They ALL knew. Every damn one of them. If a dolt like me can figure out that there is something wrong when the President of the United States is crapping his pants in public, certainly those who swim with the sharks in the Independent Nation of Washington, DC knew it as well.

I may have been born at night...but it wasn't last night. Joe Biden is not mentally competent to perform the duties to which he swore an oath.

Jim Jordan knew it. Mitch McConnell knew it. So did Pelosi, Graham, Kameltoes, and all 535 members of the Congress.

They all knew it and they covered for him. Every damn one of them.

But so did Joe Scarborough and the wench who co-hosts MOURNING JOE with him. Fox News knew...and so did their "reporters". MSLSD served as Biden's PR firm...along with most of the "Leftstream" media pundits. Joy Reid...Whoopi...Colbert, Fallon, Kimmel...

They ALL knew. Do you get it? Every damn person we trusted within the confines of the captured city of Washington sold us

out. They ALL knew. (Sorry to be so redundant...but the ALL knew, damn it!)

Do you understand what I am saying? They ALL knew it. Elected officials, pundits, "reporters", political advisors, Merrick Garland...

The man with the finger on the trigger of World War 3 has dementia. They ALL knew it and they all covered for him. Washington is a cesspool...a foreign country actually...and they no longer represent the Mom and Pop Americans that allegedly elected them.

There are no longer 2 parties in America. It is all a façade...Big Time Wrestling on the public airwaves. We, The People have been duped. Elections are rigged, stolen actually, and when Americans show up to express their distrust it is the VOTERS, not the vote counters, that get locked up without a trial.

BTW...most of those locked up without a trial in the DC Gulag were Republicans. Have any "elected Republicans" come to their defense? Have any attempts been made by the Republicans to get their supporters out of Merrick Garland's containment centers?

Can you imagine the hubbub if most of those arrested on Jan 6 had been black Americans arrested by a white Republican Attorney General?

Were you shocked to find out Biden was more medicated than Mick Jagger? How in the world can we let the "guardians of the Republic" play so dumb? Isn't it the job of a watchdog to...well...watch? What the heck are they doing? Can't anybody bark?

This is serious stuff folks. This is more than simple "politics." This is dereliction of duty at its highest. Borderline treason, for sure. America is in a world of hurt

when the guardians of liberty let their guard down.

Dereliction of duty is defined as: “a person’s purposeful or accidental failure to perform an obligation without a valid excuse, especially an obligation attached to their job. In the 1991 U.S. Court of Military Appeals case, U.S. v. Powell, the Court stated that a person is guilty of the offense of dereliction of duty when he or she willingly or negligently fails to perform his or her duties or by performing such duties in a culpably inefficient manner. The Court noted that work done in a culpably inefficient manner is when there is no reasonable or just excuse for the inefficiency.”

For an elected official to be derelict in duty makes it a High Crime. High Crimes can be punishable by death.

The age -old question from the Watergate era remains essential...

“What did they know and when did they know it?”

I knew. You knew. They knew. We ALL knew. At what point do we become complicit?

They lied to us. Both sides.

They lied about Covid. They lied about masks. They lied about the vax. They lied about the election. They lied about J6. They lied about Dementia Joe. What else have they lied to us about? A birth certificate perhaps?

Fool me once...shame on you. Fool me twice shame on ME.

They all knew. WE knew.

Stop playing Ostrich. Get your head out of the sand.

America is a captured nation.

Look in the mirror. What are WE gonna do about it?
