

Think Democrat Machine Isn't Planning on Rigging the Primaries & Election?

"Our own Country's Honor, all call upon us for a vigorous and manly exertion, and if we now shamefully fail, we shall become infamous to the whole world. Let us therefore rely upon the goodness of the Cause, and the aid of the supreme Being, in whose hands Victory is, to animate and encourage us to great and noble Actions – The Eyes of all our Countrymen are now upon us, and we shall have their blessings, and praises, if happily we are the instruments of saving them from the Tyranny mediated against them.

"Let us therefore animate and encourage each other, and shew the whole world, that a Freeman contending for Liberty on his own ground is superior to any slavish mercenary on earth."
–George Washington, General Orders, July 2, 1776

Enough of the 'noise' chatter on talk radio and web sites about Trump being ahead of career criminal, Joe Biden in polls galore.

Behind the scenes you can bet those who control Biden (Hussein Obama, Valerie Jarrett, etc) are in a real quandary. Biden's constant sniffing little girls and putting his paws on women where it doesn't belong is right there for all to see. [US Diplomat Threatened To "Kick The Sh*t" Out Of Biden For Groping Wife](#); "Former diplomat and US Senator Scott Brown said he threatened to **beat then-VP Joe Biden's ass** for getting handsy with his wife." This sexual predator behavior doesn't seem to bother Biden's wife or his supporters.

Biden is in the first stage of Alzheimer's; he's becoming more unpredictable as his cognitive abilities continue to decline. The Democrat owned prostitute media are giving out puffs here and there over the Biden family crime syndicate now that Articles of Impeachment have been filed and the avalanche of documents being released by Rep. Comer and his committee flooding the country. Tell-tale signs. [Jake Tapper questions 'odd' special counsel appointment of David Weiss](#): 'Maybe the whistleblowers were right' – Tapper argued that 'some of the political questions being raised by Republicans have merit', Aug. 11, 2023 (Trapper is a CNN anchor.) Should Biden have to bow out or pass away of natural causes, the alternative makes one want to puke: Kamala Ho Harris.

I'm not going to waste space about her casting couch creds,

i.e., former Attorney General for California, but there's something very wrong with that woman besides her constant cackling and the fact she's done NOTHING as the illegitimate Vice-President. Not one single thing assigned to her has she ever completed.

While it pains me greatly, I watch video clips of her. The constant repetition of phrases for one and tell-tale 'brain fog' are there to see: [Something Isn't Working with Kamala Harris – She Repeats Same Phrase 4 Times in 30 Seconds](#), May 15, 2022 // [Two Words That Never Fail in Describing Kamala Harris](#), Aug. 7, 2023. Harris ran for president and was the first to drop out of the race garnering a whopping high of 7% approval ratings in the polls. Ho Harris was selected as VP for two reasons: the color of her skin and female.

Harris' cartoonish performance both here and on the world-stage has made her a sorry joke and embarrassing for America. Remember what this expert said back in Oct. 2020? [German Neurologist On Face Masks: 'Oxygen Deprivation Causes Permanent Neurological Damage'](#) (READ)

Dr. Margarite Griesz-Brisson MD, PhD is a Consultant Neurologist and Neurophysiologist with a PhD in Pharmacology, with special interest in neurotoxicology, environmental medicine, neuroregeneration and neuroplasticity.

How many articles and interviews have we seen about kids and teens not being able to rebound academically from the lockdowns and/or forced to wear face diapers at school for 6+ hours day in and day out? Parents in my city are *still* dragging their kids around wearing those masks all over town when it's 108, 98 or 105 degrees outside. **Child abuse born of ignorance.** Dr. Friez-Brisson:

"To deprive a child's or an adolescent's brain from oxygen, or to restrict it in any way, is not only dangerous to their health, it is absolutely criminal. Oxygen deficiency inhibits

the development of the brain, and the damage that has taken place as a result CANNOT be reversed...When, in ten years, dementia is going to increase exponentially, and the younger generations couldn't reach their god-given potential, it won't help to say "we didn't need the masks".

Ho Harris constantly wore one of those dangerous face masks for nearly two years and sporadically after that. My mother had dementia for about seven years before she passed away in Jan. 2021, at age 93; had she lived longer I believe mother would have developed Alzheimer's. The assisted living facility (No. Calif.) forced a lockdown for a year; mother couldn't leave her apt without a damn mask and eating only in her room. The loneliness about killed mother. No "mandatory" injection and I told them in writing if you force that COVID shot on my mother, I'll own this place within two years. I was her "attorney in fact" for her Medical Power of Attorney.

For years mother repeated herself; it worsened as time went on. Her ability to make decisions also continued to slide. She would be speaking, then get kind of a blank look on her face while her mind tried to search for words and when unable to, she repeated what she said two minutes before because she simply couldn't remember. Ho Harris, watch her.

Know the candidates for the upcoming primaries and chaotic caucuses

Candidates are out there now selling promises. Someone might ask Robert Kennedy, Jr., a few questions because so far, I haven't read or seen anyone bring up these issues, although they have nothing to do with [Art. II, Section 2](#) of the U.S. Constitution **which clearly and succinctly lists the only enumerated powers of a legally elected president.** Most certainly a president can use the "bully pulpit" to make known his position on issues and they do.

Kennedy deserves a huge thank you for all his work regarding

the COVID-19 experimental gene therapy injections and his work to protect children. However, Kennedy is a very loud voice promoting the massive hoax called climate change. He's a ZEALOT about that scam and said ["climate deniers" should be jailed](#). Apparently, he doesn't believe in the First Amendment, although at his recent congressional appearance he got a good lesson on censorship. Kennedy tried to walk it back and single out just corporations.

Kennedy's life long devotion to the Democrat/Communist Party [is telling](#): "People have said to me why don't you run as an independent, and I say, 'Because I'm a Democrat.' This is who I am. This is my identity. But I want my party back. I want my party to be the party that I grew up in. The party of John Kennedy. The party of Robert Kennedy. The party of FDR and Harry Truman," he concluded."

The assassinations of John and Robert Kennedy was beyond horrible and [should never happen again in this country](#). Not to any politician as loathsome as most of them are. That goes without saying. It's unfortunate John & Robert Kennedy thought nothing of banging a whore who sold her skin and dignity for money, Marilyn Monroe, while their wives were at home taking care of the kids. John Kennedy's numerous affairs are well documented.

Adultery seems to run in the family on the male side. [Jr. has been a busy boy over the decades](#). **FDR was a die-hard socialist.** As for Harry Truman, *"When Franklin Roosevelt died during the closing days of WWII, it fell to Truman to end the war and formulate policies for the new world order."* The Smithsonian Treasury: The Presidents (1991), pg 72

The Democrat/Communist Party USA is the biggest and loudest champion of sexual deviants; Ho Harris gleefully celebrated PRIDE month. And abortion. Since you've dedicated your life to the party, Mr. Kennedy, I would be interested in your opinion on those issues. And, please don't try to side-step

historical facts regarding slavery and the Democrat party of racists.

Religion, just like race, should not be a factor in electing someone to office. Allegedly 46% of CINO's (Catholics in name only) voted for Hillary Clinton in 2016 and 47% for dirty old man, Biden, in 2020. Presidential candidate Vivek Ramaswamy (net worth \$630 million) is a Hindu, same as Tulsi Gabbard. *Vivek is working hard for the Evangelical vote by stating he's not a Christian but does believe in the "one god".* Which one would that be?

Hindu's do not believe in Hell: [Concept of Death, Hell and Afterlife in Hinduism](#) – "Satan does not exist nor does he tempt mankind. (There asuras, immature entities of deception and hurtfulness.) There is no eternal damnation; the way out of hellish situations can be altered by positive karma... In Hinduism there is no particular Judgment Day." What a read!

[10 of the Most Important Hindu Gods](#) – "For Hindus, there is a single, universal god known as the Supreme Being or Brahman. Hinduism also has numerous gods and goddesses, known as deva and devi, who represent one or more of Brahman's aspects.

"Foremost among the many Hindu gods and goddesses are the Holy Triad of Brahma, Vishnu, and Shiva, the creator, sustainer, and destroyer of worlds (in that order). Sometimes, the three may appear in the form of an avatar, embodied by a Hindu god or goddess. But the most popular of these gods and goddesses are important deities in their own right."

Hmm. **God's Ten Commandments, not requests.** First on His list: Thou shalt have no other gods before me. KJV

Moving on – cheating in the primaries and November 2024

The November elections begin during the primaries. I've written about this until my fingers tapping this keyboard beg for mercy. Primaries is when the culling begins. Jan. 5,

2024, will be kick-off in Iowa; [2024 schedule](#).

Polls, polls and more polls which predicted a 'red wave' in the last controlled selection (election) *didn't happen by design*. Registered voters in the Democrat/Communist Party USA are trying to protect the immoral, degenerate, filthy agenda and corrupt policies of their party. Those voters care NOTHING about how corrupt Biden is or Democrat incumbents might be – just make sure to keep me on the gravy train plantation.

The Masters of the Game got caught with their pants down in 2016. They completely and totally underestimated the power of Trump and how fed-up Americans were – not to mention that old battle-ax, Hildebeast Clinton, was about as popular as a rectal exam. Second time their arrogance kicked them in the face.

In 2014 a little-known college professor, Dave Bratt, backed by the Tea Party, beat the No. 2 most powerful Republican in Congress, Eric Cantor, House Majority Leader at the time. It sent shock waves throughout the District of Criminals. They didn't make the same mistake the third time. The Nov. 2020 "election" was the most provable steal of any election I've seen in my entire life. Trump's campaign machine totally underestimated just how rotten and corrupt the Democrat machine is and Trump paid the price.

The focus right now and right up to Nov. 2024 must be stopping election fraud during the primaries, cheating perfectly qualified candidates from winning. **Whoever wins the primaries (or caucuses) is your only choice come November and that's how the shadow government makes sure only their picks "win". R or D on the ballot. Hold your nose and vote.**

There is a growing movement to stop using any machines and return to paper ballots, hand counted in front of the public.
[MO County Replaces Voting Machines With Hand-Counted Paper](#)

[Ballots](#)...Here's How One Person Made it Happen...And How YOU Can Do The Same Thing In Your State [VIDEO], April 6, 2023. In April this year, Osage County, Missouri, went to all paper ballots and no more machines. [America Moves Decidedly Toward Paper-Based Elections](#), July 10, 2022 – **This only happens with boots on the ground.**

It doesn't matter how many poll watchers you have because scanners and voting machines are what's been stealing our elections for decades.

Of course, and party doesn't seem to matter, too many county clerks don't want that to happen because it means more work for them. Texas is now OUT of ERIC which cuts off another tentacle for election fraud. [It's Official: Texas Resigns from Democrat Operative-founded ERIC Voter Registration System- 9 States Out – Only 23 Remain](#), July 20, 2023

Every state GOP chair and every county GOP chapter MUST make sure county clerk in every county stop counting at midnight ON ELECTION NIGHT FOR ALL FEDERAL OFFICES. I sent this information overnight to Trump and one his election attorneys and also informed them Trump should file a Quo Warranto at the same time. Crickets. That U.S. Supreme Court case was never mentioned and no Quo Warranto was filed. Trump has already paid out \$40 million in legal fees from Nov. 2020 to this day.

I've covered this before: *Foster v. Love*, 522 U.S. 67, 71-72 (1997). No ballot dumps at 3:00 am, no ballots counted 1-3 WEEKS after election day. **No. It's over at midnight.** Never again a repeat of what happened in November 2020, but that will only happen if the Demoncrats have *Foster v Love* shoved down their throats and we have enough volunteers in every county make damn sure the county clerk follows federal statutes.

Either we become a force to be reckoned with or the primaries will be another round of cheating and so will Nov. 2024. This

must be a top priority because if the Democrat/Communist Party USA takes the house or senate (or both) again and the WH, we are done. No exaggeration, just raw reality.

These are must read to get a full understanding on that Supreme Court case as well as Presidential Electors. I don't just read something on the Internet and say, oh, that sounds good. I follow up by looking up case, court decisions, laws and statutes. Liberal icon, Ruthie Bader Ginsberg, was on the bench at that time. I listened to oral arguments, especially her.
