

This is An Easy Way to Do Your Duty to Send Your Orders to Congress

It is usually difficult for the average person to find the time to collect the information required and format it to give his or her orders to their elected representatives. I have attempted to do the work for you in a simple format that allows you to add or subtract items as you desire. See the suggestions below. Then all you do is mail or email to your elected members of Congress. I will attempt to answer any questions you have by email to me at www.natlmktg@gte.net. But for more comprehensive information, refer to my articles at www.newswithviews.com.

Dear (elected representative),

Listed below are my requests for your actions in Congress. If you will not comply, please explain why you refuse. Remember that you work for the people, and if you don't respond in a proper manner that indicates that you are not representing my interests and values, I will no longer vote for you.

(Signed)

(your e-mail or street address)

Examples of my desired actions by Congress are listed below:

1. Terminate the Income tax. It is impossible to have a Constitutional Republic with it. Use tariffs to finance the government after its return to only Constitutional functions (government was financed with tariffs/excise taxes until 1913) and can continue to perform them after trimming unconstitutional departments and functions..
2. Terminate all unconstitutional functions not authorized by Enumerated Powers. (I estimate more than 50% of the government is a criminal enterprise without Constitutional backing).
3. Terminate the unlawful Privately- Owned Federal Reserve Bank.
4. Return to Constitutional money (Gold & Silver) ending wars for profit, inflation and skulduggery.
5. Terminate all unconstitutional Foreign Aid, which is bribery and kickbacks.
6. Terminate unconstitutional FEMA and all federal payments to the states.(Without income tax, states can finance themselves).
7. Terminate Tax-Free Foundations (mostly a scam for eternal control)
8. Terminate all state and federal payments to illegal invaders. (The Constitution says it is treason!) Prosecute employers of illegals. Deport all illegal invaders as fast as possible, regardless of cost, or we will suffer destruction like Europe.
9. Terminate all welfare to the able- bodied. Fathers and mothers should support their children, not citizens.
10. Terminate 50% of Federal Judges and require judicial decisions affecting the country to only be effective with

Supreme Court approval.

11. Return all 250,000 of our military from all foreign countries. Leave NATO.

12. Our country can't be invaded; it can only be defeated in nuclear war or from within. (Democrats brought in more than 10 million, mostly military- aged illegal invaders as a Communist army and to control elections.)

13. A Declaration of War is required to attack a country, and none has been declared for any wars in the last 80 years . (We lost all of them, and it cost over 105,000 military dead, all for profit and bribes, not for national security!)

14. FBI is responsible for total corruption of the government because they were complicit in crimes and refused to prosecute crooked officials. Terminate the FBI if they don't prosecute corrupt officials and replace them with the Militia of the Several States as dictated by the Constitution.

15. Take away CIA's budget and authority to interfere in foreign governments, or disband it. (We don't need the hatred of America they cause).

16. Return elections to the citizens by outlawing all contributions from Big Money (corporations and wealthy individuals). Donations limited to \$1,000, and then only if the donor can vote for the recipient.

17. Refuse to continue voting for unconstitutional laws, which are any "laws" not authorized by the Enumerated Powers in the Constitution.

18. Failure to comply with many of my requests without justification is a violation of my trust and your solemn Oath of Office. Know that your breach of Oath disqualifies you from holding that office.
