

This Is It Warriors, We Must Win This Final Battle

President Trump ran on building a wall to stop terrorists and illegal aliens from crossing over our border. America has suffered the loss of our fellow Americans by the thousands over the past 32 years as well as raping we the people to the tune of hundreds of BILLIONS of BORROWED dollars giving ILLEGAL aliens, regardless of country of origin, free health care while you can barely make your premiums.

Free education due to a putrid ruling that stomped on state's rights and said F-you to taxpayers: [Plyler v. Doe](#), 457 U.S. 202 (1982) – **illegal** minors must be allowed in our schools. Here in Texas we are raped to the tune of close to \$4 BILLION dollars **a year** to educate children **who have NO right to be on U.S. soil**.

Free welfare and hundreds of millions of BORROWED dollars to incarcerate illegal aliens since Ronnie Reagan opened the flood gates with his immigration reform **amnesty** that would end all illegal immigration! **Just the opposite happened**. At that time there were approximately 3.5 million illegals in this country.

For more than a decade, intellectually lazy or biased reporters and 'journalists' have fed the American people the 11 million illegals number. What crap. It's more like 30-40 million illegals in this country due to 'chain migration' which Trump says he's going to fight to end. The 11 million illegals number is about right for just the State of California.

The blood of every American murdered, killed by drunk illegals on the road, children and seniors raped by illegals drips from the hands of ALL members of Congress who have not made this a

top issue from one election to the next as well as governors and state legislators. While Democrats puke up their usual propaganda about illegals being so wonderful and important, **an average of 12 AMERICANS are murdered or killed (usually drunk Mexicans driving) every day in this country by an illegal alien.**

All Democrat politicians want is more voters for their communist based ideology, period. Decades ago the Democratic Party became a sub-set of the Communist Party International and if you've done your homework you know this to be a fact.

RINO's in the Outlaw Congress could care less about you and your loved ones or Kate's Law would have sailed through Congress. [Demand for Border Wall Splits Republican Lawmakers](#)

Instead, a jury of empty heads who would electrocute themselves if two sparks between their ears connected, acquitted Kate Steinle's illegal alien career criminal murderer. They convicted him of illegal gun possession and guess what his sentence was? Time served. That's right. Her parents must have been shell-shocked at the verdict. **You couldn't pay me enough money to ever set foot in SF again.**

An illegal alien protected by the rotten SOB's who run San Francisco murders an innocent young woman and all he gets for taking her life is time served. Thankfully, that waste of human skin is still in the joint as the feds will now get possession of him. Zarate's attorney, another Mexican, said charges by the federal government are 'discriminatory'. Really?

How many more funerals will it take? How many more raped babies, toddlers, teens and seniors will it take to get that wall built? How many more illegals will be allowed to stay in this country instead of rounding them up and getting them

deported before Congress acts?

Like so many others, I've written a million words on this treachery by members of Congress and governors like California Governor Moonbeam Jerry Brown who filled his nose with cocaine on a regular basis during the 'free love' degenerate days.

States like Washington crap in the face of every border patrol agent who puts his/her life at risk everyday trying to keep the scum of the earth as well as terrorists from sneaking across our borders. Protect illegals! I hope the people of Washington State vote out every incumbent politician who sides with illegal aliens. **They are putting you and your loved ones at risk.**

We fought a MAJOR battle in 2006 but we won. **Now we need to win the war.** Sadly, Trump is about to betray us on his biggest campaign promise:

[Trump's Prioritizing DACA Illegal Aliens Breaks with 'No Amnesty' Commitment](#) – At least **800,000** of them. While you struggle to make ends meet and hope the POC (that would be piece of crap) tax reform new law puts a few extra dollars in your paycheck, **it will go out the window supporting illegals and many more millions who will make it across the border:**

[Almost Half of DACA Aliens Can Barely Speak English, 25% 'Functionally Illiterate'](#)

“Other studies reveal even more problems caused by Obama's DACA program. The Congressional Budget Office reported that 1 in 5 DACA-eligible illegal aliens would be on food stamps in under a decade. Harvard's Roberto Gonzales told CIS that 73 percent of DACA recipients are living in low-income housing and reap welfare benefits plus more from taxpayers. Breitbart [reported](#) that only 4 percent of DACA illegals complete college, “[M]aking the DACA population far less likely than the native American population to finish college with a degree.”

“For illegal aliens, the American Dream is a free ride – or at least, it has been. President Trump has called an end to DACA and will pull the plug in late MAGA, er, March.” Really?

[Support for DACA Amnesty Falls](#)

We the people, at least those Americans who understand what illegals flooding this country has done to our republic have fought some big battles **but now it's time to win the war.** This is going to be our **LAST** chance to stop the flood by deporting all illegals that can be rounded up *regardless of age* and **the U.S. government knows exactly where to find them.**

Just like Eisenhower did so long ago only he didn't worry about political correctness or possible riots. You say you're tough, Mr. President. **Prove it and stand up for the law.**

Warriors for OUR laws and OUR country, you are desperately needed right now. TODAY. Trump thinks he can trade the wall by giving 'Dreamers' and DACA illegals (Madison Ave slick marketing labels) amnesty. **Just what the scum Democrats in Congress want in this election year.** I say NO.

Look, this has gone on long enough. Republicans hold the majority in both houses. Because of their cowardice and not wanting to offend 'minority' voters, the blood of Americans continues to be spilled and crime continues to go up by illegals.

A Turk, Mexican, a Puruvian, one from the Philippines, Dominican Republic, Egyptian, El Salvadorian, Guyanese and Korean – **all here to inflict harm on Americans and America.**

This is an outrage: [Catch-and-release of illegals restarted in Texas, Border Patrol agents say](#) – “The [Trump administration](#) reinstated a de facto catch-and-release policy for illegal immigrants nabbed crossing the border in Texas, with Border Patrol agents being told Wednesday not to even bother turning them over for speedy deportation because there was no bed space, a top agent said.” Notice the photo. Very pregnant. Thinks she can drop a kid that automatically becomes a U.S. citizen. One of the biggest lies: **There’s no such thing as an ‘anchor baby’.**

This is part of the strongest anti-illegals bill ever introduced back in 1993. [Introduced by former U.S. Senator Dirty Harry Reid:](#)

TITLE X – CITIZENSHIP – SEC. 1001. BASIS OF CITIZENSHIP CLARIFIED.

“In the exercise of its powers under section 5 of the Fourteenth Article of Amendment to the Constitution of the United States, the Congress has determined and hereby declares that any person born after the date of enactment of this title to a mother who is neither a citizen of the United States nor admitted to the United States as a lawful permanent resident, and which person is a national or citizen of another country of which either of his or her natural parents is a national or citizen, or is entitled upon application to become a national

or citizen of such country, shall be considered as born subject to the jurisdiction of that foreign country and not subject to the jurisdiction of the United States within the meaning of section 1 of such Article and **shall therefore not be a citizen of the United States or of any State solely by reason of physical presence within the United States at the moment of birth.**"

Congressional primaries start in less than two months. **TAKE THE TIME** to send a fax to your GOP U.S. House member or Senator. Remember, only 1/3rd of the Senate is *unlawfully* up for reelection in November so most won't give a damn what you want because they're 'safe' for now but do it anyway. **Forget email.** Congress critters receive hundreds of thousands of emails every year and what you get is nothing but boiler-plate BS.

Do the same for President Trump only it will have to be either a post card or snail mail which takes several weeks as all mail to OUR White House has to be bombarded at a special facility since the anthrax attacks in 2001. Here's what you write:

NO amnesty for ANY illegal and that includes so-called 'Dreamer's and DACA illegals. They can blame their parents for smuggling them across the border.

Their parents are responsible for finding them relatives or friends to go live with once they're deported back to where they came from.

All forms of amnesty to our immigration laws have done nothing but INVITE more illegals into our country and we have had it. I don't care if the government shuts down over this issue. It's too important.

Fund the damn wall and **use the National Guard** in California, Arizona, New Mexico and Texas **for labor. They're already on the payroll.** Forget billions for outside contractors. National

Guard are trained and can get the job done at a fraction of the price, but fund that wall.

I will not vote for you in the upcoming primary and will work hard to see your challenger beat you if you side with ANY age illegal alien.

President Trump: NO amnesty for DACA or any other illegals. As a deplorable who worked to get you elected, **don't sell us out on this regardless of how much belly-aching and threats by Democrats**. If you do on this one issue, you have lost my support.

Yes, Democrats are threatening to shut down the government over this. Fine. Shut it down except for mandatory personnel.

Federal workers, I'm sorry, but **this is the biggest battle in the war to save our country from the human tsunami flooding across our borders and the ones here sucking off all of us**. You'll still get your paychecks if just a little late. I am a former federal employee (GS-11) and whistleblower so I fully understand, **but I didn't make this mess**.

Flood the comment line to the WH and in addition to your letter (which they can't ignore if 10,000 are piled on their desks) and repeat the points above to your congressional rat. Even if it's a Democrat, make your voice heard.

White House comment line: (202)-456-1111 – and **keep calling**. Do it on your lunch hour every day or during a coffee break or during the commute as long as you're not the driver in California where using a cell phone is now a crime with huge fines. The same applies to your U.S. House rep. You can find their information at: www.house.gov. Same for the rotten Senate: www.senate.gov

As I wrote above, no one thought we would kill the massive effort back in 2006 and 2007 by **tens of thousands** of illegals marching in cities across this country. **We did and now it's**

time to put a stop to our open border and coddling illegals just because they might be under the age of 18.

It's also imperative for national security reasons.

Every one of my columns below is packed with facts; these are but a few. **How many more columns by me and a hundred others before we win the war instead of just skirmishes?**
