

Those Who Refused to Take Heed to Warnings are Now Somehow the Victims?

Daily Mail recently reported, [We have lost loved ones, been left disabled and even diagnosed with cancer after taking the Covid vaccine – but no one will take our heartbreaking experiences seriously.](#)

Patients whose health has been ravaged after taking Covid-19 vaccines are calling for more support as the Government faces paying out tens of millions of pounds in damages.

Almost 17,000 claims for disability damages have now been submitted after new information emerged about the potential risks including blood clots.

Experts have said that the benefits of taking Covid vaccines significantly outweigh the side effects, as they prevent the spread of the disease and reduce serious complications.

But more people are coming forward to report that have suffered a severe impact, with some linking their vaccines to major problems such as blood cancer, myasthenia gravis and heart disorders.

Jennifer Furno, 38, from Morpeth in Northumberland, suffered a blood clot on her lung before ultimately being diagnosed with cutaneous T-cell lymphoma, a form of blood cancer.

Vaccine injury charity founder Charlet Crichton has been forced to give up her work as a sports therapist due to debilitating effects she has reported since receiving her jabs.

Their ordeals have been shared after a father described being 'left to rot' after having a nightmare reaction to a Covid jab that left him in constant pain.

And a grieving widow has told MailOnline how she had to battle for a year to get her husband's death certificate updated to record how he was killed by a reaction to receiving a Covid-19 vaccine.

Now, with this information disclosed, I have a couple of questions. Are not these people a part of the 90% of the population who claim to not believe the mainstream media (Romans 1:18)?

Who sold to them the pandemic (Micah 6:16)?

Did they not consider the source of who was selling and profiting from the pandemics (John 8:44;10:10)?

I do understand that people on a worldwide scale were being illegally censored by Big Tech, Facebook, YouTube, etc., concerning the doctors and people who were doing their best to warn them.

I have to say that I am not trying to be insensitive, but how is it that this information was overlooked by these people?

Did they not do their own due diligence on such an important decision such as this? Did they think that government and Big Pharma were looking out for them? Or were they deceived into thinking that what they were doing was best?

For my part, I have been blowing the trumpet in warning the people for the last 25 years (Ezekiel 33:3).

It begs me to ask the question: How is it that now that these people have become the victims (though they are the victims of the lies and crimes committed by Big Pharma and the corrupt governments worldwide) when they refused to take heed to the warnings? How do you help people who refuse to help themselves? For those who have taken heed and did not go along with the lies and propaganda, they have received the reward that the Lord promised.
