

Time To Capitalize On the Left's Blatant Attack On America

The Donald Trump "Guilty" verdict has turned into a gilded one. The lemons handed Trump have been sweetened by the massive show of both monetary and other support he has received in the single day since the verdict.

WinRed received over \$52.8 million dollars in small donations in the 24 hours following the verdict, enough to crash the website. That comes to over \$2.2 MILLION / hour.

One of Hillary's donors announced his change of support and gave Trump \$300,000. Another megadonor gave \$800,000. I guaranteed that there will be many more. Sports stars and performers have spoken out for Trump.

Donations from us little people continue to flow in at an unprecedented pace, but we cannot sit back. We need to keep making lemonade!

This whole show trial in the armpit of America, was a move of desperation by a campaign who KNOWS it cannot win the office they seek, by any legal method. They had to hold the circus in NY because few other places are so far gone as to provide the required numbers of the lib-otomized for the jury pool, and crooked judges. The odor in the air in NYC is the stinking sweat of desperate people.

And you thought the smell was just the unsanitary conditions created by all those living in “sanctuary”!

The Globalists’ desperation may well cause their demise. Pray and help.

Entrepreneurs have vowed never to do business in NYC again.

Even Joe Manchin has officially quit the democrat Party! lol...I think he’s just tired of getting blisters on his privates, from riding the fence for so long.

Other politicians have finally seemed to shake off some of their DC torpor, and offer real action – finally. Yes, this should have happened years ago, but if they do what they promise, it can and will help.

Ten US Senators (Blackburn TN, Hawley MO, Johnson WI, Lee UT, Marshall KS, Rubio FL, Schmidt MO, Scott FL, Tuberville AL, Vance OH) vowed to refuse to vote with the Left anymore. I pray to God that they mean it. I hope this is the first group of MANY who will no longer aid and abet our enemy.

There were other “strongly worded letters” from politicians, of course, which only serve to gag us at this point. The days of “strongly worded letters” must turn into strong and focused action, as it should have decades ago. Remind your Congress critter of that daily.

Each day will bring more responses. The farther away from the verdict they come out, the more “carefully worded” they are likely to be.

I promised I’d check on a few notables to see what they said.

DeSantis attacked the court system, and came out in support for Trump (first time in public since he shelved his campaign) but said it was because he didn’t like Nikki Hayley (?) Nimrata has issued no statement, and has been touring Gaza even since the verdict was announced. Lara Trump has made no

statement that I could find. Only Eric was in the courtroom with his Dad when the verdict came down.

As of this writing, the RNC, Co-chaired by daughter-in-law Lara and Michael Whatley, has issued NO statement. Their candidate who has led since day one of this election cycle has just been attacked by a jury of the Lib-otomized and minions of the Marxists, AND THE RNC HAS NO STATEMENT. Yeah.

If you haven't seen the creepiest response of all, it came, of course, from "Pres". Joe when he heard President Trump's comment which blamed being a political prisoner on old Joe. You have to see it on Twitter...

As Wayne Root has written, the Left has turned Donald Trump into America's Nelson Mandela. The sleeping giant has been awakened. Joe is too far gone to get it, if he was ever that smart.

IT IS NOW OUR JOB TO KEEP THAT GOING. The fake trial of Donald Trump and its pre-planned verdict, has awakened the world like no campaign speech ever could. Keep the volume up loud and clear!

There are approximately two billion dollars of foreign money from the Globalist cabal, invested to keep the miserable old man, Chief EHFP (EmptyHeadFull Pants), and his tribe of crooked cronies in office. It is our job to counter that.

Make this the summer of MAGA lemonade, the drink of true Americans. Keep that SWEET BLAST OF SUPPORT COMING ON STRONG! Here's a couple of ideas...I know I will try at least one or two myself.

Host "lemonade" parties, hold yard sales, even fancy "gala" parties, to keep the donations coming. If ever there were a "cause celebre", this is it. Our very freedom, and that of an

innocent man who would save it for us, is at stake. Heck, even lemonade stands – where fascist laws still allow them – can earn money for our real POTUS, who has accrued over \$500k in legal fees alone, as he stands between us and the enemy. Donate to Trump directly. DO NOT GIVE TRO TRUMP VIA THE RNC.

As the old saying goes, when the world gives you lemons, make lemonade. I've never seen a time when that old classic was more appropriate!

Following the purchased and unlawful "verdict" against our President yesterday, the world had responded with resounding force. There has been a literal avalanche of support for Donald Trump, in both dollars and action. Lemonade!

If we can keep that going, that will be the path to relighting that torch of the Lady in the harbor.

Do all you can, then you cannot do anymore, and you will sleep well knowing that you did.

As MLK once said, "If you can't fly then run, If you can't run then walk, If you can't walk then crawl. But whatever you do, you have to keep moving forward."
