

Too Stupid to Remain FREE

By Lex Greene

April 29, 2022

I have been thinking this for decades and discussing it in private with fellow freedom fighters for years, but we have finally reached that moment in history when I just have to publicly call it as I see it.

“If a nation expects to be ignorant and free, in a state of civilization, it expects what never was and never will be.” – Thomas Jefferson

With great sadness, I have concluded, based on many years of research, and works, beating my head against the wall with know-nothing know-it-alls, that the vast majority of American citizens are just too stupid to remain free today. Unlike our nations Founders, or our Greatest Generations, current U.S. generations are simply no longer suited for freedom and liberty.

I know, it's politically incorrect to use the term “stupid.” But as I explained to my kids as they were growing up, ignorance is the absence of information and knowledge. Stupidity is when you know better but do it anyway!

This doesn't apply to everyone today, just most. But if the shoe fits, kick yourself with it! I won't waste time with the laundry list of examples readily available. If you can't figure this out with just a few key examples, then the shoe does indeed fit.

EXAMPLE #1 – 14-years ago now, a young nobody from nowhere

with a totally blank resume' and without so much as a legitimate USA birth certificate was carefully groomed and installed as the "first black president of the USA," and openly set out to "[fundamentally transform America.](#)" Never mind that according to his checkered history, he was birthed half white, with an official Kenyan birth record, and has used a few different aliases throughout his life. To this day, most Americans still don't know the truth about him, and none of the people who do know the truth have ever lifted a finger to prevent the Oval Office from being occupied by an unknown foreign agent. Any foreign agent can occupy the office as a result.

THAT'S STUPID!

EXAMPLE #2 – The [COVID19 Great Global Reset](#) was carefully plotted well in advance and executed with great precision, to create a "national emergency," the means by which our criminally corrupt federal government could test (or prove) just how easy it is to frighten and threaten American citizens into self-isolation and self-destruction, voluntarily giving up every freedom and liberty they had ever known, just because Simon (Fauci) said so! For more than two years now, millions of Americans remain so afraid of catching a cold that they still drive around in their own car with a useless mask on their face, awaiting the next tyrannical order from unelected global oligarchs who told you point blank, that you will soon "[own nothing and be happy.](#)" Stupid people still line up for their next so-called "vaccine" even though if any prior "vaccines" had worked, they wouldn't need more "vaccines." Face it, this entire event was the means by which to steal the 2020 elections via massive "mail-in" ballot fraud and international computer vote rigging. No COVID means, no national emergency, and therefore no mail-in balloting.

For those too stupid to know I'm speaking truth to you here, have you even figured out that when "you own nothing," THEY WILL OWN YOU?

THAT'S STUPID!

EXAMPLE #3—As the 2022 mid-term elections approach, the same people who refuse to see the 2020 fraud or do anything about it, think they are going to win this November, in an election that will undoubtedly be more rotten with fraud than the last. Evidence of the stolen 2020 elections is overwhelming and the only people who can't see it are people who refuse to see it. As a result, nothing has been done about it and that means that 2022 elections will also be rampant with fraud. The DNC has perfected the art of mass election fraud, and republicans have perfected the art of talking about it, without ever doing anything about it.

THAT'S STUPID!

In a previous column, I discuss how every living American has lived under a steady diet of lies from their government, their entire lives. I referred to it as [Death by a Thousand Lies](#). Because modern Americans have been raised and still live under a constant flood of lies their entire lives, the vast majority find it much easier to buy lies than to find truth, especially in a “cancel culture” where the truth is not allowed to see the light of day.

Fact is a vast majority of Americans have never even read the Charters of Freedom. In fact, most don't even know what the [Charters of Freedom](#) are. Most who have read these documents, can't even properly interpret the words that appear in our Charters of Freedom. If they could, they would know better than to fall for the [Convention of States scam](#) that has taken in huge sums of money to lead people to a different form of national suicide.

But the two most dangerous lies today are the Climate Change hoax and the COVID19 scamdemic. The Climate Change hoax is designed to get unwitting citizens to go-along with killing innocent people to save mother earth. And the COVID19

scamdemic is designed to gain total control over populations through constant fearmongering, causing the average idiot to go-along to get-along, all the way to their death.

Both have been used to steal elections and they will be used to steal elections again and again. 2022 will be no different at present. But frankly, our electorate is so dumbed-down and disengaged at this point that cheating may not even be necessary in the future.

[Fox News is reporting](#) WASHINGTON, D.C. – *Georgetown University college students told Fox News COVID-19 and climate change are their top priorities headed into the midterm elections.* ([HERE](#)) The two most dangerous lies on earth today, are the main focus points of the upcoming election for the college indoctrinated voters. Imagine that!

These two blatant lies now motivate more American voters than freedom and liberty do. **THAT'S STUPID!**

This is the return on your investment in higher-learning for your kids and grand kids. You send smart kids to college for insane tuition rates, and they will send you back some of the dumbest people you ever met in your life. Not only that, but they are also teaching the young that YOU have killed mother earth and YOU are the reason they have to kill people "to save the planet!"

These younger generations are stupid enough to not realize that it is them that must be killed to save the planet. Us old folks will be gone soon enough, of natural causes. It isn't ourselves we are trying to save by speaking out like I am here, it's YOU dummy! ...the so-called future of our once great nation!

Sure, I know many of you will find this piece "offensive." You find every truth offensive today. But I can no longer afford to care who is offended by truth, and neither can you!

LAST EXAMPLE OF UTTER STUPIDITY: Right now, the WOKE Marxists in government are once again promising to “forgive all student debt” to the tune of approximately 1.6 trillion. You stupid people need to know, there is no such thing as forgiveness of those debts. Instead, it would be a transfer of those debt obligations, from those who borrowed the money and allegedly benefited from it – to those who didn’t borrow or benefit from it, the taxpayers!

In case no one told you in your high falutin lecture hall, democrats have already driven American taxpayers to more than 30-trillion in government debt, before transferring your 1.6-trillion in student loans to those same taxpayers. Now, again it isn’t ourselves we are trying to save by sharing these tidbits of fact with you, people my age are heading into retirement, and YOU are now the future taxpayers. The bill belongs to YOU now!

As Thomas Jefferson said so wisely a long time ago, **“If a nation expects to be ignorant and free, in a state of civilization, it expects what never was and never will be.”**

If you really want to know how your precious socialism ends, ask the millions currently flooding our southern border illegally to escape it...genius!

Inescapable Rule #1 for idiots – Nothing on earth is free, nothing!

Rule #2 – In the end, FREE stuff will cost you everything!

To be clear, any nation too stupid to be FREE, won’t be!
