

Trump China Trade Deal – What You Need To Know

“The measure of the wealth of a nation is indicated by the measure of its protection of its industry; the measure of the poverty of a nation is marked by the degree in which it neglects and abandons the care of its own industry, leaving it exposed to the action of foreign powers.” –Congressman Henry Clay, 1824

The current trade dispute with Communist China has filled a lot of headlines. A great deal of the coverage is inaccurate and claims made have been destroyed over time. I’m talking about the destruction of our major sectors: manufacturing, industrial and agricultural which began as soon as the unconstitutional NAFTA was signed into ‘law’.

The communist Chinese have NEVER been a friend of these united States of America. They are God-less barbarians regardless of how expensive the three-piece suit worn by their masters. ([I can still hear their screams](#))

Here’s a prime example of the garbage out there:

[On Free Trade, Even Karl Marx Is Smarter Than Donald Trump](#) – Marx “was a champion of free trade, and no friend of tariff barriers.”

Of course, he was. Marx was a communist. Oh, I know. The ignorant out there will shout Marx was a Marxist! Those mental midgets might at least take a few minutes to [find out if there’s a difference](#):

“Is there any difference between communism and Marxism? Well, the two “communism and Marxism” are the same with not much difference between the two. Communism is really based on Marxism and the two cannot be separated. However, one can see

that Marxism is the theory and Communism is the practical implementation of Marxism.”

[The Marxist Influence – Billy & Hillary Clinton](#)

Free trade has destroyed not built up our country. Time has proven that to be true. Not only did jobs get sucked down to Mexico and over to commie China, those countries began flooding this country with their cheap crap while American workers lost everything. Because they lost their jobs, what did they buy? Cheap crap from communist China and Mexico.

If you think that's hyperbole, I can assure you it's not. After NAFTA (No American Factories Taking Applications) I traveled through the hardest hit states like Pennsylvania and Ohio. THOUSANDS of factories closed in a half dozen states within a couple of years. Our fellow country men and women who had worked for companies all their lives found themselves with no jobs.

Towns and smaller cities decimated by NAFTA and then the equally destructive WTO/GATT. The youth of those cities and towns had nothing to keep them there so off they went to bigger cities to find work along with relatives. Cities that could not handle such a massive influx; their infrastructures taxed to the limit.

A champion of that destruction is former Speaker of the House and someone I detest, globalist Newt Gingrich. He and Rush Limbaugh pushed hard to get NAFTA passed. Gingrich was in bed with globalist traitor, Bill Clinton and they got the job done. [1993 presser with Gingrich bragging about passage of NAFTA](#).

If you haven't seen it before, [click here and see what should have warned Americans about NAFTA](#). The bastards behind all this are still conspiring to destroy America and suck us into a global world government.

"He, therefore, who is now against domestic manufacture, must be for reducing us either to dependence on that foreign nation, or to be clothed in skins, and to live like wild beasts in dens and caverns. I am not one of these; experience has taught me that manufactures are now as necessary to our independence as to our comfort; and if those who quote me as of a different opinion, will keep pace with me in purchasing nothing foreign where an equivalent of domestic fabric can be obtained, without regard to difference of price, it will not be our fault if we do not soon have a supply at home equal to our demand, and wrest that weapon of distress from the hand which has wielded it." The Letters of Thomas Jefferson: 1743-1826. To Benjamin Austin Monticello, January 9, 1816

In 2000, former Speaker of the House, drunken wino, Johnny Boehner and Satan's handmaiden, Nancy Pelosi, had the window to get US out of the WTO/GATT treaty. They did not. Only American companies continually slapped down and fined by the World Trade Organization can fully understand the hardship they've endured since that destructive treaty was passed rewarding countries that are our enemy – like commie China.

"Tell them (the South Carolinians who wanted to nullify the Tariff Act of 1832) that I will hang the first man of them I can get my hands on to the first tree I can find." –President Andy Jackson

Gingrich wrote a forward for a book by another globalist, Alvin Toffler, titled *"Third Wave."* Toffler was pushing for the end of nation states and the end of our Constitution and sovereign country. Newt loved it so much he put it on his recommended reading list while still Speaker of the House.

Well, it seems old Newt has had a change of heart. Now he says he 'misunderstood' the communist Chinese. MAKE ME GAG. For being touted by Sean Hannity and others as so smart and intellectual, it now dawns on you about China, it's past and how those commies think is not good for America? Now commie

China is dangerous?

[Newt Gingrich: China and how we got it wrong](#), May 19, 2019

No, Newt. “We” didn’t get it wrong. You and your anti-American worker financial supporters and mega-corporations knew EXACTLY what you were doing pushing free trade and China. Now you’ve written a new book, which thanks to pumping by Hannity and others, will no doubt become another best seller lining your pockets after **you destroyed millions of jobs and hundreds of thousands of lives.**

Did you ever ONCE drive through the parts of our country destroyed by NAFTA? Talk to farmers in Florida after NAFTA was in effect for about a year and let them tell you how they plowed under millions of pounds of tomatoes because they couldn’t compete with cheap tomatoes from Mexico?

Did you go around the country and listen to the heart-breaking stories YOUR decision to enrich anti-American corporations that only became so wealthy from the sweat off the backs of Americans and then you and your globalist buddies in Congress stabbed them in the back. YOU, Newt Gingrich, are one of the biggest culprits in destroying the middle class. It continued after you left and right up until today with ‘cheap’ labor using illegal aliens.

Know what, Newt? You’ve now got more millions than you could ever spend. How about driving through the waste lands out there and giving \$10,000 here and there to little towns you helped destroy? When pig’s fly. Buy your book? When cows fly.

NAFTA, GATT and all the other “free” trade agreements and treaties have gutted what made America the most prosperous nation on earth.

Last week Rush Limbaugh had a very good show on commie China and this fact: THEY need us. They need YOU to keep buying their cheap crap. Their economy depends on you to a very, very

large degree. Trump knows this and he should NOT back down despite the scare tactics:

[Companies warn Trump trade war is about to hit consumers](#)

Why weren't they warning what would happen after NAFTA? After CAFTA and all the other "free" trade treaties that have so destroyed what made America financially superior?

Lifelong Soviet Agent, Henry Kissinger, said about NAFTA: "What Congress will have before it is not a conventional trade agreement but the architecture of a new international system...a first step toward a new world order." July 18, 1993 (A MUST read: [Kissinger Out of the Closet](#)) When I saw President Trump canoodling with Kissinger inside OUR White House I don't know if he's ignorant of who Kissinger really is or if he's just trying to read him.

Full page ad, *NY Times*, April 15, 1994:

1944. Bretton Woods: The IMF and the World Bank. 1945. San Francisco: The United Nations. 1994, Marrakech: The World Trade Organization. History knows where it's going. The final act of the Uruguay Round...to the WTO, the third pillar of the New World Order, along with the UN and the IMF."

There isn't a damn thing 'free' about free trade treaties or agreements. One thing Limbaugh hammered on that Americans either aren't listening or don't care is the fact that China has been SCREWING us for decades. They've been stealing OUR technology. They ARE a national security risk to this country and if you think I'm just blowing smoke, how many Americans do you think read the Cox report?

What's that? The Cox Report proves the Chinese stole defense secrets, nuclear weapons technology and much more. From us. If members of the Democratic/Communist Part USA want to scream and yell about the phony Russia collusion, where was that

party's voice over Chinagate?

And, under whose watch did Chinagate come about? Why, Newt's global buddy, Billy Clinton.

This is a very good summation: [Exclusive: Bill Clinton and the Selling of US Security](#) – For the Clinton crime family, selling out US national security is a family business

[Lest We Forget Chinagate, The Most Serious Scandal in US History](#)

Indeed. And then there is Uranium One with Hildebeast Clinton in the driver's seat. Just wait. That one is coming and then what will her party puke up to cover her well-padded backside she tries to hide wearing \$3,000 long jackets?

[HOUSE REPORT 105-851](#)

REPORT OF THE SELECT COMMITTEE ON U.S. NATIONAL SECURITY AND MILITARY/COMMERCIAL CONCERNS WITH THE PEOPLE'S REPUBLIC OF CHINA

Richard Nixon started the ball rolling in 1972 when he met with Chou En-Lai in Shanghai to "cement a new world order." That's when the U.S. government and anti-American worker corporations began sleeping with the enemy. **China with their re-education camps alive and well today. Their people ruled over with an iron fist who have no idea what freedom means.**

Out of all the books I've read on this, these two are at the top. I'm sure there are others but I recommend these:

[The Pooring of America: Competition & The Myth of Free Trade by Dr. Ravi Batra](#). Michael Hudson's outstanding work:

[America's Protectionist Take-Off, 1815-1914](#)

I know this is a very difficult time for our farmers and ranchers. Anyone who has read my work going back to 1993 knows I am a champion and supporter of our farmers and ranchers. I haven't purchased one single vegetable or piece of fruit from Mexico or any South American country since NAFTA. I didn't have to as our farmers provided my food.

Our farmers are killing themselves – yes, suicide – in record numbers. **Pray for them** while this battle goes on because it's truly terrible times for them made worse by all the flooding recently.

The communists have to “save face” so they are going to dig in their heels. Trump knows this as he's done business with them before as well as many other countries. Before NAFTA and all these “free” trade treaties think about how prosperous our nation was and how countries didn't seem to have a problem trading with us. They wanted our quality goods, beef, pork and crops.

Then when the time was ripe with globalist Clinton in the Oval Office, rich former American corporations and corrupt politicians like Gingrich made their move. The one thing we DON'T want pushed by Trump's advisors who he needs to kick to the curb is the alleged solution to NAFTA which is NO solution:

[The USMCA “Trade Agreement” Violates Our Constitution And Sets Up Global Government](#) – A VERY important read.

These are the most concise, accurate and factual pieces on tariffs outside of books. **I hope you will take the time to read them.** The dogma of “free” trade has been poison for our country.

STOP feeding the Communist Chinese and countries like Communist Viet Nam your money. My God, hundreds of millions have died under communism and you want to support their totalitarian regimes with your money?
