

# Trump For U.S. Senate 2018?

Monday, July 31, 2017

2016 marks the election in which the American people finally cast off the chains of party loyalty and crossed all prior partisan lines to take back their White House with D.C. outsider Donald J. Trump. The people's revolution responsible for that are taking aim at the U.S. Senate in 2018.

Obviously, Trump is the President, so he won't be running for U.S. Senate. But we need TRUMP-like people willing to run for senate and we need them now! [www.TNALC.org](http://www.TNALC.org) has launched "REPEAL AND REPLACE CONGRESS!"

The 2018 mid-term presents a unique opportunity for pro-American conservatives to drive the final nail in the Democratic Party coffin, ending decades of leftist anti-American policies for generations to come. This is a once in a lifetime opportunity to seize full conservative control of Congress, eliminating those who have been working around the clock to destroy the people's choice, President Trump.

## **TIME TO REPEAL AND REPLACE LOONEY LIBERALS**

Currently, there are 48 democrats in the U.S. Senate, two of which masquerade as "independents," Vermont's Marxist Bernie Sanders and Maine's Marxist Angus King. In total, 25 Senate Democrats are up for reelection in 2018, more than half of the 48 in the Senate today.

### **25 Senate Democrat targets**

Bill Nelson	FL
Joe Donnelly	IN
Angus King	ME
Debbie Stabenow	MI
Claire McCaskill	MO

Jon Tester		MT
Heidi Heitkamp	ND	
Bob Menendez	NJ	
Sherrod Brown	OH	
Bob Casey		PA
Tim Kaine		VA
Tammy Baldwin	WI	
Joe Manchin		WV
Dianne Feinstein	CA	
Chris Murphy	CT	
Tom Carper		DE
Mazie Hirono		HI
Elizabeth Warren	MA	
Ben Cardin		MD
Amy Klobuchar	MN	
Martin Heinrich	NM	
Kirsten Gillibrand		NY
Sheldon Whitehouse	RI	
Bernie Sanders		VT
Maria Cantwell		WA

The U.S. Senate is currently split 52 Republican and 48 Democrat. The magic number for total control of the U.S. Senate is 60. This means that to gain total control of Congress, we must hold our clear majority in the House and take away at least 8 democrat held seats in 2018, while maintaining the 52 seats Republicans currently hold in the Senate.

The [TRUMP revolutionaries](#) have 25 opportunities to take away those 8 democrat held senate seats. We must win 1/3 of these senate races to eliminate Democrat influence in the U.S. Senate.

### **The Patriots Mission 2018**

First things first... The people must identify, strategize and mobilize in a unified manner, to target and defeat at least 8

Senate Democrats in 2018. If we fail to do so, democrats will continue to work with a handful of turncoat Republicans like John McCain, to thwart the people's agenda established in 2016.

Patriots must identify far-left vulnerable senate Democrats and recruit a viable "TRUMP-like" challenger to get behind right away. Members of Congress will begin their 2018 campaigns for reelection upon returning from August recess. Defeating at least 8 senate democrats is TOP PRIORITY in 2018.

### **NOT JUST DEMOCRATS**

There are also 8 senate Republicans up for reelection in 2018 and without a doubt, some of them must be repealed and replaced too. This must be done early in the primary process, they must be primaried out early, by a better "TRUMP-like" challenger. If the people fail to primary out the Republicans who need to go, they will either reelect them in the general election, or lose the seat to a democrat challenger, neither of which is a good outcome.

### **Nine Senate Republicans up in 2018**

Jeff Flake	AZ
Dean Heller	NV
Ted Cruz	TX
Luther Strange	AL
Roger Wicker	MS
Deb Fischer	NE
Bob Corker	TN
Orrin Hatch	UT
John Barrasso	WY

To primary any of the 8 Republicans out early, the people must engage right away. In order to reach the magic number of 60 senate seats, we have to hold these 8 seats and gain at least 8 seats currently held by democrats.

Some of these 8 seats cannot be held by the incumbent, two in particular.

Ted Cruz of Texas and Bob Corker of Tennessee are on the chopping block for certain. These two must be primaried out or they will lose the general election in 2018. Corker has been a turncoat and Tennesseans are fed up with Corker... They will try to primary him out... There must be unity in this effort for it to succeed, otherwise, Corker will be reelected.

Unfortunately, no one knew that Senator Ted Cruz defrauded Texas in 2012 by seeking a seat in the U.S. Senate without disclosing to Texas officials and voters that he remained a legal citizen of Canada at that time. Only later, as a result

of seeking the Oval Office in 2016, did everyone learn that Ted Cruz was born a legal citizen of Canada in 1970 and remained a legal citizen of Canada until renouncing that citizenship in May of 2014. That is a very serious act of fraud that cannot be allowed to stand.

Texas officials and voters were completely unaware in 2012, because Cruz perjured himself in his Texas GOP filings by failing to disclose his Canadian citizenship. But today, Texas and GOP officials are aware, as are millions of Texas voters. Cruz will be forced out of the race in the primaries, either exposed and charged with his fraud in 2012 or withdrawing from the race to avoid those charges. It doesn't matter what else you might think of Ted Cruz.

The evidence of his 2012 fraud is inescapable. For Cruz to repeat that fraud in 2018, the Texas GOP and Secretary of

State will have to be willing to commit that fraud with him, with full knowledge of their crimes in advance.

So, to hold Ted's seat in 2018, the people of Texas must immediately recruit a "TRUMP-like" replacement for Cruz or they will lose that seat to his democrat challenger, which will mean that we have to win at least 9 democrat senate seats to reach the magic 60. Texas conservatives will either replace Cruz in the primaries or lose to Democrats in the general election. If Texas conservatives don't act against the evidence of Cruz fraud in the primaries, Democrats will use it to destroy Cruz in the fall.

### **Our Work is Cut Out for Us**

The 63 million who voted for Donald J. Trump in 2016 must re-engage in 2018 and take full advantage of this opportunity to seize total control of Congress. If they miss this opportunity, Trump will remain unable to advance their agenda and his reelection in 2020 will become a distant dream that cannot be achieved.

The revolution to reclaim control of D.C. started on 2016 and must advance again in 2018. The opportunities are many. The people simply cannot sit this one out on the sideline..
