

Trump: Imperfect man—right time for becoming president

“Trump may not be a perfect man. Trump may not be the perfect candidate. But at this moment in history, he is the best man for the job of becoming president of the United States.”

If you remember the Clint Eastwood classic, “The Good, Bad and Ugly”, it dawns on you that every man carries various aspects of his life through the stages of his life. Whether Lee Van Cleef “The Bad”, Eli Wallach “The Ugly” or Eastwood himself, we all encompass traits that define us as human beings. Sometimes, those traits and actions embarrass us years later.

Donald Trump features brash, egotistical and crude over his lifetime. As a hard charging New Yorker, he succeeded where many failed. As an American, he fails as the perfect man.

Yet, there isn’t a red-blooded American male who hasn’t engaged in locker-room verbal misbehavior.

One look at history’s greats shows much the same flaws in various forms: Abraham Lincoln, Thomas Jefferson, Franklin D. Roosevelt, Teddy Roosevelt, Richard Nixon, Spiro T. Agnew and Lyndon Baines Johnson.

Ironically, Trump doesn’t drink, smoke or do drugs. He holds his family in highest esteem. All his kids thrive in this competitive world. Trump loves the U.S. Constitution and 2nd Amendment rights. He proves a man of character without racial bias.

Rare in Washington, DC—he’s his own man and owes nothing to the corporate establishment—unlike the “good ole boy” network of corrupt career politicians such as Charles Schumer, John McCain, Harry Reid, Barbara Boxer, Diane Feinstein, Nancy Pelosi and the rest of the “rotten to the core” U.S. senators

that propelled us into our \$19.5 trillion debt along with forever wars and endless immigration that fractures every seam in our collective society.

What propelled Trump to the pinnacle of American politics? Answer: Americans grow sick of the fraud, deceit and corruption of Washington, DC Congressional career criminals. Americans grow nauseous that the current president injects more illegal and legal immigrants into this country than can sustain. Americans stand sick at the racial strife caused by Obama. Americans stand sick at the national debt. Americans sicken of giving up their sons and daughters in foreign wars.

At the same time, Americans know Hillary Clinton as a criminal, liar and career politician who thrives on power. She tolerated her sexual predator husband for the past 40 years. She directly caused the death of four good men at Benghazi. She runs her corrupt Clinton Foundation that receives millions of dollars from Saudi Arabia and other Islamic states. Her 15-year personal assistant, Human Abedin, wrote for the Muslim Brotherhood journals and expects to bring America into an Islamic caliphate.

Other points:

- She is a career criminal that would put the Italian mafia to shame as evidenced by the last 30 years in public office.
- She has sold our country's assets to any foreign government that will throw money at her.
- Anyone she deems an enemy, dies mysteriously.
- She allowed and quite possibly orchestrated four men to die on foreign soil and then lied to cover it up. She has tried to smear and ruin the families of these four dead Americans.
- She has covered up and ruined the lives of Bill's rape victims. She laughs about destroying a 12-year-old girl's

life, all for personal gain.

- She stated that she WOULD stack that Supreme Court with liberal leaning justices.
- She surrounds herself with Muslims like Huma Abedin.

For certain, she promised to open the floodgates for 110,000 Syrian Muslim refugees in 2107 if elected to the White House. She will enjoy a mandate to bring amnesty to 20-30 million illegal aliens. She will create multicultural-diversity chaos similar to Europe's. She will do everything in her power to take away middle-class Americans' ability to make a living.

In the end, every American knows how Hillary intends to destroy the United States of America. If she reaches the White House, Americans will be sold down the river in favor of aliens, Muslims and criminals.

With President Donald J. Trump, warts and all, history will show him to be the Teddy Roosevelt of the 21st century. It's in the hands of the American voters.
