

Trump on Islamic terrorist attack in Florida

“The simple step of a courageous individual is not to take part in the lie. One word of truth outweighs the world.” –Aleksandr Solzhenitsyn

“Although the word Jihad standing by itself means “struggle,” what Westerners need to focus on when reading the Hadith regarding Mohammed’s Jihad is similar to the focus needed when reading Mein Kampf (My Struggle) by Adolph Hitler.” –Walid Shoebat, God’s War on Terror: Islam, Prophecy and the Bible: Islam, Prophecy and the Bible

Trump released a [statement](#) regarding the terrorist attack in Orlando, Florida. Here is part of what he said.

“Last night, our nation was attacked by a radical Islamic terrorist. It was the worst terrorist attack on our soil since 9/11, and the second of its kind in 6 months.

If we do not get tough and smart real fast, we are not going to have a country anymore. Because our leaders are weak, I said this was going to happen – and it is only going to get worse. I am trying to save lives and prevent the next terrorist attack. We can’t afford to be politically correct anymore.”

The terrorist, Omar Mir Saddique Mateen, is the son of an immigrant from Afghanistan who openly published his support for the Afghanistani Taliban and even tried to run for [President of Afghanistan](#). [According to Pew](#), 99% of people in Afghanistan support oppressive Sharia Law.”

Radical Islam

Mr. Trump also reminded people that President Obama has failed

to use the words, "Radical Islam," and said that if Hillary also refuses to use those words, she should get out of the race. Euphemisms and political correctness are anathema to our presumptive Republican nominee. Thankfully, Mr. Trump tells it like it is, and that is why he resonates with working Americans.

He is right, there will be more attacks. The barbaric destruction of civilization by Islamists is well-known worldwide. The root word for Islam is "al-Silm," which means "submission" or "surrender." The Quran not only calls Muslims to submit to Allah, it also orders them to [subdue](#) people of other religions until they are in a full state of submission to Islamic rule. This has inspired the aggressive history of Islam and its military and demographic success in conquering other cultures.

Obviously, Muslims, as individuals, can choose how much of their religion they practice, if any. However, once there are enough of them in any country, history shows that they all join with the Imams in demanding special privileges in a nation they are desirous of Islamizing.

For many years, America has accepted hundreds of thousands of Muslim immigrants, and for the past seven and a half years, our Marxist Muslim President has seeded the American nation with millions of Islamic young men. The so-called "refugees" are pouring into our country daily. This is called a "Hijrah," the migration to Islamize a new land, and it is [Hillary's invasion of Libya](#) that caused the snowball effect we see today with boatloads of refugees arriving in America daily.

What we've seen in Europe with rapes and pillaging has changed the landscape of the countries who have accepted these "refugees." Homes and towns have been destroyed, cultures demolished, civilization eliminated. Muslim male refugees are actually gang raping women in Sweden, Germany, the

Netherlands, France, Denmark, Austria, Switzerland, and Finland. All created by their high-paid government officials.

Islamic hatred for Jews and Christians is well known. Women are second class citizens, and the horrors they endure are an atrocity to modern societies. Many Muslim women have suffered genital mutilation, and acid attacks by Muslim vigilantes for failing to wear hijabs. Children are raised to hate, and to even desire to become martyrs by strapping bombs on themselves to kill infidels. Dogs are hated, they are crucified and poisoned, injected with painful acids to kill them slowly. We've all seen beheadings, and read stories of children forced to watch their parents die by this gruesome evil. Young boys are actually taught to cut heads off their toy Teddy Bears. Worldwide historic artifacts have been systematically destroyed by Islamists.

Homosexuals are despised, and the Islamic belief is that they should be put to death. And thus the Islamic terrorist attack on the gay nightclub in Orlando, Florida which has now killed

✘ **Muslim Terrorist Responsible for Orlando Attack**

Orlando Police knew it was a Muslim terror attack because the killer called 911 just as the killing started, to claim his loyalty to ISIS and its leader, al Baghdadi. The Orlando Police failure to act immediately was inexcusable for that reason alone. Again, the Pulse Club was a gun free zone. [CBS News](#) says that shooter, Omar Mir Seddique Mateen had ties to Islamic terrorism. Mateen is a registered Democrat. Here's his voter registration (from [Florida Voters](#)). Mateen is a Muslim.

Mateen purchased his firearms legally and, not having a criminal record, would not be barred from gun purchase. Mateen had a Florida security officer license (he had been employed at private security company G4S since 2007) and **two licenses to carry firearms in Florida:** a [Class D license](#), given to security guards; and a [Class G license](#), which is a general

concealed carry license. Both were set to expire in September 2017. An ATF spokesperson confirmed that Mateen was able to legally purchase guns, and bought both of the weapons used in the attack within the last week. ([Gawker](#))

In other words, gun control – which Obama called for in reaction to the shooting – would not have deterred Mateen. Even a total ban on gun sales would not have stopped Mateen because he would have access to arms as a licensed security officer.

You can bet the farm, the MSM will not tell you the truth about Mateen, but they will push gun control so that the American citizenry has no protection against radical Islamists who are overwhelming our nation.

Omar Mateen, whose bloody siege inside the packed Orlando gay nightclub ended when SWAT teams stormed the building and killed him, was a radical Muslim who followed and was radicalized by New Black Panther party member, [Marcus Dwayne Robertson](#), a law enforcement source said.

The latest toll is 50 people dead, and 53 injured.

Donald J. Trump Understands Terrorism

Almost all of the Republican primary candidates opposed allowing Syrian refugees to resettle in the United States. They generally emphasized the difficulty of vetting the refugees and the possibility that terrorists could slip into the country. The only one who felt they should be allowed was Jeb Bush.

Donald J. Trump has taken a particularly aggressive stance, promising that he would expel any Syrian refugees allowed into the country by the Obama administration.

We are in a dire situation where the invasion and seeding of our country with Islamic militant young men can change not

only our culture, but destroy our entire country.

Mr. Trump gets it. He stated, "If Obama, through his weakness, lets them come in, I'm sending them out if I win."

Here are the three core principles of Mr. Trump's immigration reform:

- ✘ **1. A nation without borders is not a nation.** There must be a wall across the southern border.
- 2. A nation without laws is not a nation.** Laws passed in accordance with our Constitutional system of government must be enforced.
- 3. A nation that does not serve its own citizens is not a nation.** Any immigration plan must improve jobs, wages and security for all Americans.

Conclusion

Flooding our country with illegal alien immigrants and Muslim refugees, is not protecting American Citizenry. The government is not only using our tax dollars for people who have never paid into the system, but it is also taking jobs from Americans in an economy where employment opportunities are extremely scarce. The danger of allowing millions of Islamists to flood our nation, will cause tragedy upon tragedy. Illegal immigrants are responsible for thousands of American citizen's deaths each year. We have seen what has happened in Europe because of the influx of millions of Islamic refugees.

America is an immigrant melting pot, but when foreign invaders refuse to assimilate, we are asking for a great deal of distress.

The only candidate who totally understands the dangers inherent in this invasion of our country, is Donald Trump. Pray for the families who suffered losses in this tragedy.
