

Trump Supporters Prepare For Battle

Since the day Donald J. Trump announced his bid for the White House, he has been embattled with globalist “never-Trumpers” across the aisle, around the globe and in his own party.

They tried to prevent him from entering the race – tried to defeat him in the primaries with a dozen high-profile contenders – tried to defeat him in the general election with “sure thing” Hillary Clinton and her global war machine... and have since thrown everything including the kitchen sink at him in an effort to remove him from the Oval Office.

No U.S. President in history has survived so much assault in such little time... but the opposition will not give up or give in, no matter the sentiments of 63 million Americans who chose Trump to lead America out of the anti-American secular-socialist abyss that the global left led us into.

IMPEACHMENT?

Talk of impeaching Trump is nothing but a diversionary tactic designed to manipulate broad public opinion into believing that Trump has committed “impeachable offenses” when it’s no secret that no such offenses have been committed by Trump or anyone in his administration.

Despite zero evidence of successful “Russian hacking” into the 2016 elections or any “collusion” between the Trump Campaign and Russia, the “fake” narrative and ongoing “investigations” continue. Meanwhile, evidence of real criminal collusion and corruption committed by Clinton and the Democratic Party is not being investigated. Trump should have kept his promise to “lock them up” immediately following his inauguration and he is paying a price for not doing that today.

Impeachment was never really on the table for following three reasons;

1. There are no impeachable offenses
2. They don't have the votes in congress
3. Impeachment would allow Trump a defense

But they can use impeachment chatter to convince many Americans that Trump is "impeachable" and provides aid and cover for the real plan, while move public opinion in their direction and blocking the "Trump agenda" from moving forward under a cloud of doubt.

THE REAL PLAN

Because the three above reasons make impeachment of Trump impossible, "never-Trumpers" needed a different plan, one that did not require impeachable offenses or any evidence thereof, impeachment votes in congress or would allow Trump a defense against his accusers.

Trump's opposition has worked feverishly around the clock to find a way to legally remove Trump from the Oval Office without using impeachment. They searched high and low for that solution, while they used impeachment chatter to raise doubts about Trump's ability to serve.

They found their solution in two alternative forms...

1. A [25th Amendment removal](#) based on "unfit to serve" for any number of reasons.
2. An obscure memo from Ken Starr alleging [a President may be indicted outside of impeachment](#).

The 25th Amendment Solution

Section 4. reads in part as follows – "Whenever the Vice President and a majority of either the principal officers of the executive departments or of such other body as Congress

may by law provide, transmit to the President pro tempore of the Senate and the Speaker of the House of Representatives their written declaration that the President is unable to discharge the powers and duties of his office, the Vice President shall immediately assume the powers and duties of the office as Acting President.”

Section 1. reads – “In case of the removal of the President from office or of his death or resignation, the Vice President shall become President.”

Key to using the [25th Amendment](#) to remove Trump from the Oval Office is the Vice President, Mike Pence. In order to use the 25th Amendment to remove Trump from power, Vice President Mike Pence must be on-board. No one can remove Trump from the presidency via the 25th Amendment without Vice President Mike Pence leading that effort.

So, where do Vice President Mike Pence’s loyalties stand? With 63 million voters, or with his globalist friends in the GOP?

The Ken Starr Solution

In the massive search for how to remove Trump from the Oval Office, an [obscure memo written by then Special Prosecutor Ken Starr](#) was discovered, in which Starr states his legal opinion that a sitting President can be indicted outside of impeachment proceedings.

This opinion flies in the face of Article II – Section IV of the U.S. Constitution, which reads – “The President, Vice President and all civil officers of the United States, shall be removed from office on impeachment.” Further, they can only be impeached – “for, and conviction of, treason, bribery, or other high crimes and misdemeanors.”

It also flies in the face of Oval Office immunity from prosecution, other than by way of impeachment. Presidents are

not to be removed from office by any other means than impeachment, nor for light and transient political reasons.

Congress alone has the constitutional power to remove a sitting president by way of impeachment. The impeachment of a sitting president is an indictment, which requires the accused be given a right to a defense against the charges asserted.

Ken Starr may have a different opinion, but even he did not act on that opinion. Bill Clinton was impeached.

63 MILLION PREPARE TO ENGAGE THE BATTLE

63 million Americans did not buy into a "Trump agenda." Trump bought into their agenda. So, any effort to remove Trump from power or obstruct "the people's" agenda is not just an assault on Donald J. Trump, it is an act of war against 63 million Americans who elected Trump to lead the way on their agenda and they are getting sick and tired of watching their President under constant attack.

If the globalist left "never-Trumpers" want a war with 63 million Americans, they will get it... If they think they can thwart the will of 63 million Americans, they had better think a bit more carefully.

Americans went incumbent, career-politician hunting in 2016 for a reason and they are just getting started in their revolution to reclaim control over the future of freedom in America.

Subversive actions have consequences.
