

Two boys and a man running for president

The difference between the men and the boys in politics is, and always has been, that the boys want to be something, while the men want to do something. –Eric Sevareid

To anger a conservative, lie to him. To anger a liberal, tell him the truth. –Theodore Roosevelt

Think there wasn't collusion going on at the latest CNN debate? Think again. The two second and third place candidates were in cahoots to do as their GOP establishment puppeteers told them to do. Bring down Trump! But again, it didn't work, did it boys? They looked so childish and immature, like high school teens...foolish. Do they really think that plays well with the voters?

✘ Neither Rubio nor Cruz have the experience Mr. Trump has, especially in running a huge corporation. These two are nothing but boys pretending to be presidential material. They've been at the government trough nearly all their lives.

Where has Trump been? He's been creating jobs via skill in real estate as an entrepreneur. His father gave him a loan of \$1 million to get started. Donald Trump did inherit from his father, but he is responsible for creating the bulk of his fortune.

H.W. Bush and Barbara at Debate

George H.W. Bush and wife, Barbara, were in the audience for the debate, and since Bush's son, Jeb, had already dropped out of the race, some say Bush's throat slashing gesture was a threat directed at Donald Trump. To be fair, it's not clear whether the gesture was aimed at Trump or the cameras to stop filming him after he was introduced. Nevertheless, not a wise

thing to do for the president who spoke of the New World Order, and a thousand points of light, time and time again.

Senator Cruz

What is it about Sen. Cruz that sounds so very, very familiar? He's a freshman senator, he has zero executive experience, and zero economics background. He has never created a job or met a payroll. He has never been responsible for a budget, nor has he ever created a business plan. Sounds just like the man the nation elected in 2008. Another globalist, and just like Obama, Cruz has siphoned personal data from supporters and gathered detailed information, even tracking their physical movements and mining contact information from their friends. Cambridge Analytica is doing the data mining for Cruz. [[Link](#)], [[Link](#)], [[Link](#)], [[Link](#)], [[Link](#)], [[Link](#)]

Heidi Cruz, wife of Ted Cruz is a Wall Street insider. She was promoted to Managing Director at "bailout" Goldman Sachs, just nine days after her husband won his Senate seat. Heidi is an architect of the North American Union (NAU) whose goal is to destroy the sovereignty of the United States by turning Mexico-Canada-USA into one entity, just like the European Union. She actively pursued this quest as a Task Force member of the Council for National Policy. It is another reason Ted Cruz supported fast track Obamatrade (TTP and TPP). Ted Cruz would ensure the dissolving of the USA and the formation of the NAU.

Senator Rubio

How about anchor baby, Marco Rubio? His affiliation with the Aspen Institute as an Aspen Rodel Fellow and his invitation to speak on foreign policy at the Council on Foreign Relations with Charlie Rose should be enough to alert people that, like Ted Cruz, Rubio is another globalist. [[Link](#)]

If that isn't enough, how about the fact that he wants to

throw open all our borders and allow everyone to come into America. Remember, Marco Rubio, Lindsey Graham and John McCain armed and funded Libyan rebels in 2011, and backed Hillary Clinton's war on Libya. One year later, those rebels attacked our embassy in Benghazi. [[Link](#)]

Both Senator Cruz and Marco Rubio are promoting another Constitutional convention when they know the dangers, and the 1787 precedent, but doing so would enable them to help complete the New World Order agenda.

✘ **Hatred for Mr. Trump**

- *Prominent actors writers and thinkers joined a " [Stop, Hate, Dump Trump](#)" campaign. They include Michael Moore, Harry Belafonte, Jane Fonda, Noam Chomsky, Jodie Evans (the founder of Code Pink), Roseanne Barr, Rosie O'Donnell, Lily Tomlin, and other members of the Ultra left Hollywood establishment. For most of my adult life these people have stood against everything I believe in, and I consider some of them traitors to our country. Jane Fonda who gave aid, comfort, and support to the North Vietnamese while our brave soldiers were fighting, injured and killed there, has never apologized for her treasonous actions against our own military men.*

Now this group is attempting to put "the media on notice" (their usual threats) that they are accountable. The fact that this group is banding together, sixties style once more, only encourages me to double my efforts. If they are so afraid of a Trump Presidency, then God knows Trump is the candidate we absolutely must elect.

- *Then there's Marco Rubio's latest "Hail Mary" plan to gain the nomination. Two anonymous sources [came forward to CNN](#), after a meeting Wednesday in Manhattan, to allege that Rubio is preparing for a contested Republican Convention.*

Terry Sullivan, Rubio's top campaign adviser, provided a

blueprint for such a tactic at the meeting with top donors, the sources said. [[Link](#)]

- [Jim Kouri wrote about devout Rubio supporter, Katie Packer, who has made it her primary mission to destroy Donald Trump.](#) She is the former deputy campaign director for Mitt Romney. The anti-Trump effort is called “Our Principles Pack.” (What a misnomer, they don’t have any principles). Packer is supported by many big shots, including John McCain.

✘ Family matriarch Marlene Ricketts’ \$3 million donation to the anti-Trump super PAC, Our Principles PAC, isn’t exactly a secret. Campaign-finance reports filed over the weekend disclosed her as the super PAC’s largest contributor.

Joe Ricketts, Marlene Ricketts’ husband, is the founder of online brokerage firm TD Ameritrade and a longtime Republican activist and donor. Their son, Pete, is Nebraska’s governor.

- Don’t forget the pope who seems to have Marxist new age leanings and said about Mr. Trump, “A person who thinks only about building walls, wherever they may be, and not building bridges, is not Christian,” as quoted by the Associated Press. “This is not in the Gospel.”

✘ Really? What a stupid statement when the walls around the Vatican are 39 feet high and were built by several popes, but started by Pope Leo IV to protect the Vatican from Muslim hoards in 846. Check out Marilyn Barnewell’s article, [Pope Francis vs. Donald Trump](#). By the way, the Vatican has armed guards, despite the fact Francis doesn’t like firearms.

Grassroots Americans Choose Trump

Trump is the man, the self-made businessman among the globalist GOP establishment politicians. He’s a private person who loves his country, loves her people, and wants to make America great again, not only for his own family, but for all

Americans.

✘ Mr. Trump has raised the biggest issues in our country, issues that grassroots Americans talk about and have been frustrated about for decades.

Closing our borders, which are sieves. We have been flooded with millions and millions of unvetted illegal aliens. Building that wall!

Stopping the insane destruction via trade agreements, and bringing both corporations and jobs back to America.

Fixing the insanity of the nation's debt which is approaching 21 Trillion dollars. As well, our unemployment is outrageous and good paying middle class jobs are few and far between.

Strengthening our military and stopping this worldwide intervention in nation building which has resulted in even more wars, and has caused this ungodly invasion of young male Muslims throughout Europe and now North America.

✘

Truly getting rid of ISIS, and negotiating deals for American greatness rather than deals that destroy her. Iran calls us the "great satan," and wants us destroyed, and our leaders give them \$150 billion dollars for a promise from our enemies.

Restoring our second amendment rights.

Defunding Planned Parenthood.

Taking good care of all our veterans, and making sure they have timely health care.

Eliminating Obama Care and replacing it with a truly strong healthcare program.

Reducing the horrendous tax code, lowering our taxes, and getting rid of bloated government departments, including the NEA.

Trump has said, "I believe that any credible American foreign policy doctrine should be defined by at least seven core principles." [[Link](#)]

1. American interests come first. Always. No apologies.
2. Maximum firepower and military preparedness.
3. Only go to war to win.
4. Stay loyal to your friends and suspicious of your enemies.
5. Keep the technological sword razor sharp.
6. See the unseen. Prepare for threats before they materialize.
7. Respect and support our present and past warriors.

There's much more, but more importantly, Mr. Trump has shown leadership, something the boys like Rubio and Cruz have failed to do. How do I know? Because I've been in business, not only corporate, but my own, and I know what it takes. Donald J. Trump is a real leader, one who isn't afraid to speak the truth and despises political correctness. [Read his books, therein lies the truth.](#)

One of my dear cyber friends said this, "When there is one candidate, saying the things that resonate with so many ordinary citizens, and that candidate is being attacked by the opposition party, that is not extraordinary. But, add to that 'attack force' most members of his own party, as well a large group of prominent 'so-called' religious leaders, including the Pope, well now, that is beyond extraordinary. It is very revealing. I believe, with strong conviction, that Mr. Trump is the only candidate who could, and should, be supported by every American voter."

So what are you going to choose, the man or the boys?

Thanks to the diligence of Paul Walter, CEO of NewsWithViews, many ideas for my articles have come from him. Paul immigrated from communist Yugoslavia, providence of Slovenia, and therefore he sees more clearly the dangers to our Republic than those who have always known free America as home.
