

Tyranny With A Needle

by Kelleigh Nelson

A strict observance of the written laws is doubtless one of the high duties of a good citizen, but it is not the highest. The laws of necessity, of self-preservation, of saving our country when in danger, are of a higher obligation...To lose our country by a scrupulous adherence to written law would be to lose the law itself, with life, liberty, property and all those who are enjoying them with us; thus, absurdly sacrificing the ends to the means. –Thomas Jefferson, Letter to J.B. Colvin, September 20, 1780

If the freedom of speech is taken away then dumb and silent, we may be led, like sheep to the slaughter. –George Washington

The liberties of a people never were, nor ever will be, secure, when the transactions of their rulers may be concealed from them. –Patrick Henry

Tyranny is tyranny, no matter what its form; the free man will resist it if his courage serves. –[Judge Learned Hand](#)

Our only weapon is the truth and, in the end, the truth must always defeat the lie. Ten years ago, we would have been shocked and outraged by the very idea of censorship, but I'm afraid we've all become acclimated to cruelty and injustice by being exposed to it in steadily increasing doses throughout the years.

Intolerable wrongs we accept now as a matter of course, would have provoked marches in the streets and calls for new

elections only a few years ago. I cannot accept injustice any more now than I did as a teenager with my mother constantly educating me on the evils that could befall America. Fear laden propaganda has become steadily more oppressive where citizens are tempted to believe whatever our Pravda media and medical hierarchy tell them.

How quickly medical staff bowed to the “protocols for Covid patients,” when so many of the tests were false positives, many died unnecessarily and early treatment was ignored. That didn’t stop hospitals, corporations and schools from genuflecting to the Covid jab mandates. It was never about life saving treatment, it was about the jab.

America’s Health Care Decline

If you haven’t purchased a copy of Robert F. Kennedy Jr.’s book, [The Real Anthony Fauci](#), you are missing a great and informative read on a vile and odious man who has done nothing to improve America’s health care and is an unelected autocratic leader. Fauci is a combination of Hitler, Mengele and Goebbels, the evil leader, doctor and propagandist.

Robert Kennedy states, “When Dr. Fauci took office, America was still ranked among the world’s healthiest populations. An August 2021 study by the Commonwealth Fund ranked America’s health care system dead last among industrialized nations, with the highest infant mortality and the lowest life expectancy. ‘If health care were an Olympic sport, the US might not qualify in a competition with other high-income nations,’ laments the study’s lead author, Eric Schneider, who serves as Senior Vice President for Policy and Research at the Commonwealth Fund.”

“Following WWII, life expectancy in the US climbed for five decades, making Americans among the longest-lived people in the developed world. IQ also grew steadily by three points each decade since 1900. But as Tony Fauci spent the 1990s

expanding the pharmaceutical and chemical paradigm, instead of public health, the pace of both longevity and intelligence slowed. The life expectancy decrease widened the gap between the US and its peers to nearly five years, and American children have lost seven IQ points since 2000.”

Congress had specifically charged Dr. Fauci’s National Institute of Allergy and Infectious Diseases (NIAID) to investigate and prevent certain illnesses within the American public. Instead, allergies, autoimmune and chronic illnesses have mushroomed to afflict 54 percent of children, up from 12.8 percent when Fauci took over NIAID in 1984.

People from every nation would journey to America to receive the finest in health care worldwide. That is no longer true.

Drs. Fauci, Birx and Redfield were chosen by VP Michael Pence, the Trojan Horse within the Trump administration. Trump chose Pence to head the Covid Task Force, so the buck stops with our 45th President. It took Pence’s January 6th failure to save the Trump presidency and the Republic before our favorite 21st century president realized the deep state neo-con he had chosen stabbed him in the back, and the Republic in the heart.

Coverup to Catastrophe

People are being damaged every day via Covid inoculations and Covid doesn’t even exist anymore. Many of the vaxxed who carry 251 to 1000 of the viral loads in their nasal and oral pathways are spreading the enhanced variants.

The lie is that the uninoculated are spreading the virus! No, it’s the twice or thrice jabbed who are spreading illness and death. Look at the highly inoculated states compared to the lower jabbed states...it’s obvious. There are more people sick and dying who have been vaxxed than those who have abstained. (Michael Yon calls us “pure bloods.”) According to the New York Times, the [least vaccinated states](#) of West Virginia,

Idaho, Wyoming, Mississippi and Alabama are seeing a fall in case numbers.

Attorney Aaron Siri has published an initial report addressing information he demanded and received via civil lawsuit from the Federal Drug Administration (FDA). Those subpoenaed FDA files [prove they knew](#) the Pfizer vax has dangerous side effects.

That hasn't stopped our Pravda media from making demands of their illegitimate leader. CNBC host [Jim Cramer called on President Joe Biden](#) to not only require forced vaccination of all Americans, but he also wants the military to enforce it! Cramer adds that in order to put an end to this "pandemic," the federal government needs to require vaccines, including booster shots, for everyone in America by, say, January 1st."

On Steve Bannon's [November 26th show](#), Peter Navarro said, "There has to be an end immediately to the universal vax policy. It's very clear and Dr. Malone can talk about the science of this, and that we are running the risk of creating vaccine resistant mutations. They are proliferating. That could wind up doing great harm to people around the world who, ironically, are vaccinated. That policy is not working. **The Malone/Navarro doctrine is to vaccinate only the most vulnerable targets.** Always remember that we are not really vaccinating people, that is not a vaccination."

Peter Navarro and Dr. Robert Malone are still pushing this vax for the "most vulnerable." Who are they?The elderly, often referred to as "useless eaters" by the proponents of depopulation and genocide, are most likely to have deleterious side effects from the jab.

Bill Gates believes we must reduce the population of the world by at least a billion people and this will be done by abortion and vaccine euthanasia, whereas United Nations Agenda 21/30 believes the world population must be reduced by 85 percent.

Most of their vaccination program had disastrous results, causing the very illness, [polio](#) for example in India, and sterilizing young women in [Kenya with modified tetanus vaccines](#). Many of the children died. Many of the programs were carried out with the backing of the World Health Organization (WHO) and, yes, the UN Agency responsible for the Protection of Children, UNICEF.

Robert F. Kennedy, Jr. is calling for "[Investigations into the 'Bill and Melinda Gates Foundation' for Medical Malpractice and Crimes Against Humanity](#)." Also see, [Coronavirus – No Vaccine Is Needed to Cure It](#).

All Roads Lead to the Vaccine

There are places in Southeast Asia and Europe where the groundwork is being laid for compulsory vaccination, where you'll be forcibly jabbed. That is how bad the stakeholders want vaccination. The stakeholders are Pfizer, Moderna, J&J, AstraZeneca, the CDC, NIH, FDA, AMA, the White House, Gates Foundation and WHO. We've never had this before, this massive propaganda program.

It's a "needle in every arm," as Dr. Peter McCullough has explained in many interviews. As for Covid recovered patients, why would these stakeholders want a needle in every arm when recovered have God's natural immunity?

Only two months of investigations were done for these jabs that could give you everything from a sore arm to death. They take your information, get you to sign a release and you are now in a database.

Recent visits to two new hand surgeons, since my previous surgeon retired early, have let me know that they are all about the protocols to save their sorry backsides, and they refuse to believe in God's natural immunity. They tell me I should get the vax despite recovery from C-19 and verified antibodies. I have been in the home of a friend who is 48 and

has Delta and was very sick. I am not worried that I will catch anything.

North Carolina just passed a law that 12-year-old youngsters can make their own decisions on the vax, and it could be their fatal decision. In America and in Europe, thousands die on days one, two, and three after the vaccine. This is despotic tyranny.

Why are we pushing this in a way where people's jobs, education and livelihood decide on a position that is potentially fatal? So many parents want their children to go to college this year, but they don't want them forced into taking an experimental jab that could kill or cripple them. The internet is full of these cases; blood clots, strokes, immediate death, pericarditis and myocarditis to name just a few. Dr. Peter McCullough says that he cannot recommend this injection because it has passed all thresholds to being a safe product. It's not just Johnson and Johnson, in fact, more of the safety events have occurred with Pfizer and Moderna.

There are now papers by prominent worldwide scientists calling for a halt in the program. There are prominent virologists, including Nobel Prize winners who have said, "If we vax to the long-gone Wuhan Covid spike protein, it's going to grow super bugs that will really wipe out populations." Dr. Michael Yeadon, former top scientist and VP at Pfizer has said, "You are 50 times more likely to die of the vax than of Covid."

I believe this is what is wanted by the stakeholders...depopulation via genocide and vaccine euthanasia.

Dr. Peter McCullough believes indiscriminate vaccination is a horrendous bioweapon that has been thrust onto the public and will cause great personal harm which it already has accomplished.

VAERS

Only one percent of the vaccine death and adverse events are reported on the Vaccine Adverse Events Reporting System (VAERS) in America. Why? It takes a half hour to fill out the report and at the end of every page it says, "Warning, federal offense and severe fines and penalties if falsified reports."

People are talking to each other; they know the vaccines are not safe and now they want children without parental oversight to have these jabs! And get this...now they want to be in the church! If your church promotes this, run to the nearest exit!

[Whitney Webb](#), a professional writer, researcher and journalist said that this is what globalists have been waiting for. Whitney believes they're waiting for a way of marking people. When you get a vaccine, you're marked in the database and this can be used for trade, commerce, behavior modification. Dr. McCullough says you can see it in Dallas where they've announced that you can't go to a Dallas Mavericks game unless you're vaccinated.

Colleges today are announcing they're not giving any credits even to natural God given immunity. And it goes against all previous science. Have you had chicken pox, measles, mumps, whooping cough? You're immune for life! Every scientist in the world knows that natural immunity is way better than the vax immunity. Why is faulty vax immunity the priority and natural immunity doesn't count?

Dr. McCullough agrees with Whitney Webb and believes the vax is a way of marking people, similar to communist [China's social credit system](#). The vax is just the starter, they're already prepping people for numerous boosters. McCullough asks, "What product is there that is indemnified, where if something goes wrong, you have no recourse?" When a pregnant woman gets vaccinated, she has no maternal fetal rights. Something happens to her baby and she's out of luck? This is

extraordinary what Americans are doing and accepting.

As of December 4th, 2021, 2,809 dead babies were reported in VAERS following Covid shots. New documents prove Pfizer, the FDA, and the CDC knew the shots were not safe for pregnant women.

The Nuremberg Code was enacted to stop [sadistic human medical experimentation](#) from ever happening again, but [individual European states and now the entire E.U. are ready to scrap the code](#).

A Nuremberg 2.0 trial [against world leaders for crimes against humanity](#) has kicked off in Poland. Attorneys, doctors and researchers are joining together and are willing to go into an international court and testify about the genocidal efforts of those who launched the viral bioweapon and the death shots. Let us hope and pray that this proves successful for the survival of humanity.

Vaccine Safety Data

Not just our older vaccines, but newer vaccines like shingles, Hepatitis B, Meningococcal vaccines demand a minimum of two years of safety data codified into regulatory rules for the manufacturers. That was all thrown out for the Covid vax and it was two-month "warp speed." The idea that we could vaccinate people who were not even tested in the trials has never been done before. The very first pregnant woman vaxxed in the US was done without any knowledge of safety or efficacy.

The argument was that Covid was a very bad illness and 600K people died so everyone needs the jab and they need it now. But as Dr. McCullough and other outspoken and honest physicians and scientists have stated, 85% of those people could have been saved with early home treatments which were actively suppressed and quashed by the stakeholders and Pravda media. Let's see the "safety" of these vaccines, because there is none being shown! Americans never received weekly updates on vaccine safety from federal officials. The lack of these two things are the largest examples of medical malfeasance, wrongdoing by those in authority, in all medical regulatory history.

There were no updates on treatment, no promotion of early treatment to reduce hospitalization and death, and now when we release the vaccine, why are there no safety updates, why are there no attempts for risk mitigation in terms of making the vaccine program safer?

Dr. McCullough stated, "Never, out of the box, is a brand-new technology tried on a pregnant woman. We know this vax technology produces the dangerous spike protein. The Wuhan spike protein, the spicule on the ball of the virus itself which damages blood vessels and causes blood clotting, and all of them do, we would never unleash that into a pregnant woman's body. Something is very wrong with what's going on. What's going on now in the world, these are examples, clear cut examples, of wrong doing, that is at such a high level. The group think is in the wrong direction in such a consistent and overwhelming way that people are being harmed in an extraordinary fashion."

Conclusion

The stakeholders have continually promoted Sars-coV-2 as something far worse than it is to push everyone into accepting the Covid inoculations. Loneliness and lockdowns actually did more damage, but was the impetus to "a needle in every arm."

Early treatment was the key, but an early treatment meant there was no need for a “vaccine.” Treatment was quashed while thousands needlessly died, and Americans were told normalcy would only return with the “warp speed” vax. The fear propaganda worked and Pravda media promoted mass “vaccination.”

Vaxxing the elderly and infirm came first, then pregnant women, and the unborn died in record numbers. Next were injections for the Covid recovered. Now they’re on to our children and soon to our babies. How many have to die before this evil is stopped? The limit to shut down a vax program is 25 to 50 deaths as we saw with the swine flu in 1976. We have lost thousands in America alone. Scroll through the [VAERS summary for Covid jabs](#), remembering this is only one percent of reported deaths or adverse effects.

In America, with about 100 million receiving the Covid jab, this is far and away the most lethal, toxic, biologic agent ever injected into a human body in American history and it’s going strong. There is no mention of safety by our officials, with wild enthusiasm by our hospitals and hospital administrators, with doctors supporting it, many of whom are saying they won’t see patients in offices if they’re not jabbed.

It has [never been about the virus](#); it has always been about the vaccine.
