

U.S. AID: Flushing Trillions of Your Tax Dollars Down a Rathole

Since 1961, when President John F. Kennedy created this organization, the U.S. Agency for International Development now stands for mega-fraud, unfathomable corruption, and horrific waste of American taxpayer dollars into the billions, even trillions over the past seven decades. Their \$40 billion annual budget doesn't see the light of an audit or any accountability at any level.

U.S. AID grew into a giant slush fund for endless individuals and organizations that lie, cheat and steal from the American taxpayer.

Let's look at several of the most obscene corruption enterprises ever concocted by our elected representatives and given to unelected liars, cheats and thieves.

Let's DEI the whole world

Many of the expenditures have gone to make the rest of the world more DEI and LBGTQ-friendly.

- \$1.5 million to "advance diversity equity and inclusion in Serbia's workplaces and business communities"
- \$70,000 for production of a "DEI musical" in Ireland
- \$47,000 for a "transgender opera" in Colombia

- \$32,000 for a “transgender comic book” in Peru
- \$2 million for sex changes and “LGBT activism” in Guatemala

Promoting the climate change agenda

- \$4 million of funding for the Center for Climate-Positive Development
- \$2.5 million for electric vehicles for Vietnam

Weird money to send to other countries

- \$6 million to fund tourism in Egypt
- \$12 million in support services to the Bureau for Resilience, Environment, and Food Security
- \$3 million in non-emergency funding to provide evaluation services for planning and learning programs
- USAID gave \$68 million to the World Economic Forum...

Global health agendas

- Millions to EcoHealth Alliance – which was involved in research at the Wuhan lab
- \$37 million to the World Health Organization
- \$600,000 to fund technical assistance for family planning in Latin America

Directly funding terrorist groups that are enemies of the US

- Hundreds of thousands of dollars for a non-profit linked to designated terrorist organizations – even AFTER an inspector general launched an investigation
- “Millions of dollars to fund “irrigation canals, farming equipment, and even fertilizer used to support the unprecedented poppy cultivation and heroin production in Afghanistan,” benefiting the Taliban

George Soros...yes, George Soros

- \$270 million to the East-West Management Institute, an organization partnered with George Soros' Open Society Foundations, in the last 15 years, according to data from USASpending.gov

Influencing national and worldwide media

USAID has been using these funds to provide training and support to "strengthen independent media," including large media organizations and smaller or individual media sources operating under "repressive conditions."

- Reporters Without Borders (RSF) revealed that USAID funded 6,200 journalists, 707 non-state media outlets, and 279 media-focused NGOs in more than 30 countries in 2023.
- \$8.2 million to Politico for "pro memberships"
- Multimillion dollar investments in Hungarian news to promote a "free press."

Those are your tax dollars pandering and being pocketed by individuals all over the world with absolutely NO benefit to any American citizen. The agency itself hired 10,000 workers who do nothing more than facilitate the theft of your tax dollars.

There is one case where U.S. AID spent money to promote "Sesame Street" in Muslim-dominated Afghanistan or Iraq where women possess no rights whatsoever. It's beyond absurd that our Western society could ever change an Islamic society.

U.S. AID pays Non-Governmental Organizations (NGO's) to process illegal aliens into America so those same illegals can siphon off your tax dollars for their food, schooling, medical care, housing and transportation costs.

U.S. AID pays Lutheran Churches, Catholic Charities and other religious organizations to process and resettle legal immigrants who lack any ability to contribute to our society.

If you take one look at Detroit or Minneapolis where we imported 300,000 Muslims from Syria and another 125,000 Somalia Muslims—over 90 percent of them remain on welfare after 10 years. They are not intellectually capable of being educated to the levels of Western civilization, let alone culturally assimilated. Notice that we import 1,000,000 (million) legal immigrants annually—more than all other countries in the world combined.

When it comes to corruption, notice that Charles Schumer (D-NY), 35 years in the U.S. Senate, yells the loudest against Musk, when in fact, Schumer is one of the most corrupt politicians in our country. He and Nancy Pelosi are twin rip-off artists of your tax dollars. (As to insider trading on defense contracts.)

Then you look at our Defense Department that has failed 8 audits in the past 8 years because they know we can't do a thing about their \$850,000,000,000.00 (billion) budget. It shows you that defense contractors rip-off the American taxpayer at every opportunity.

Can Elon Musk bring sanity to the Federal Government?

It's going to be a whale of a battle between the entrenched, corrupt Deep State bureaucracy, and Elon Musk and Donald J. Trump. If Musk wins, you win. If he loses, we all lose.

If Musk loses, our national debt will explode beyond \$40 trillion until it ultimately collapses our financial system. That's what happens when you keep flushing money down a rathole!
