

Ukraine Set Up: Three Very Important Questions

Devvy Kidd

The whole world has been in a frenzy the past week over what is so obviously a set up to overturn a legitimately elected president of these United States of America.

The media feeding frenzy for each one of these phony scandals keeps growing like bad weeds. If we thought the prostitute media – an extension of the Democratic/Communist Party USA – was bad for the Russia collusion hoax, then get Kavanaugh, this latest manufactured set up has those whores running lies 24/7. Like this headline on Yahoo:

“Unlike the Mueller report, much of the evidence in the growing Ukraine controversy that has fueled the Democrats’ impeachment inquiry is clearly in public view.”

There is NO evidence, only hearsay.

The DemoRATS are running out of time for the 2020 election. Their stable of presidential candidates are nothing but socialists and some full-blown communists the American people don’t want – except those who care NOTHING for this country or the U.S. Constitution. *Only what gets into their bank account.*

NWVs readers are involved Americans who seek the truth. I know millions of Americans don’t believe the bull manure being

shoveled by the gross tons. Thankfully, I believe millions no longer believe the so-called mainstream media or Democrats who have clearly demonstrated for almost three years their only goal is to remove Donald Trump.

The hysteria by Democrat presidential candidates, the Hollywood crowd and sitting members of the U.S. Congress is not only unjustified, those partisan fools all need straight jackets. They truly have become dangerous to our republic.

I've worked my way through a hundred articles and commentaries about this latest [what I consider sedition](#). Like millions of Americans I read the transcript of the phone call between President Trump and Ukraine's newly elected president.

My take was pretty cut and dry: Trump has been trying to expose the corrupt mainstream media and the deep state. When I read the word Crowdstrike, I thought, oh, here we go. Pandora is now out of the box and the Dems are going to fill their drawers in panic.

Since the transcript ([White House Release](#)) and then the highly legal structured complaint allegedly written by an alleged whistle blower has been made public, a whole lot more has finally been exposed to sun light. The push to impeach Trump burned even hotter after those two documents with spin by the Dems that is almost impossible to put into words. They are indeed desperate.

Lies, lies and more lies. Of course, those who hate Trump and are convinced he stole the election from career criminal, Hildebeast Clinton, care NOTHING about the truth, only get Trump.

While I know you, dear readers, have likely read quite a bit on this, below are what I consider essential reading. Or watching. Not repetitive but with cold, hard, verifiable facts DemoRATS and their blind followers refuse to believe.

What we now know is this whole thing was a set-up from the get-go. The Mueller Report couldn't get Trump so move on to Plan B. Blast the lies like fire from an AK-47. Use the power of congressional committees to reinforce those lies with more lies. Keep a tight lid on the cover-up or they will get caught for covering up all the illegal activities of those behind the Russia collusion hoax.

Three questions. First is where are Senate Republicans in defense of their party's leader and president? Sore loser, Willard Mitt Romney, is in favor of an impeachment inquiry but that's not unexpected. His opinion to me is equivalent to a pimple on an elephant's butt. Two Republican governor's also either can't read and process or they want Trump gone for whatever reason. (Vermont Gov. Phil Scott and Massachusetts Gov. Charlie Baker, both very outspoken against Trump.)

Thank God Republicans were able to hold on to the Senate (No, I won't get started on how worthless they are with the exception perhaps of Rand Paul) or things would be a lot worse than they are now.

But, where are their collective voices raised in support of Trump and doing their part to expose this latest set-up and attack on their president? Ah, could you say that again

because the silence is deafening.

Second question. If this is such an urgent matter with a rushed hearing putting the acting Director of DNI, Joseph Maguire, in front of a committee and televised by all the networks (which I watched), why has dementia addled Pelosi declared it's time for a two-week recess?

Huh? Those maggots just barely got back from six weeks called the August Recess. Another paid recess. House members about \$14,700 **a month**; senators a bit more; speakers and whips a bit more.

My personal opinion is Pelosi and her gang have now realized the truth – not their own lies, spin or obfuscation – is unfolding and they have stepped in a steaming pile blowing up in their faces. Time for a two-week recess so 'they' can try to figure out what to do next to protect their own lies and wrong-doings.

The IG report is due out in a few months and we're going to find out about those FISA warrants illegally obtained. This sickening, manufactured diversion came out at just the right time to stop all the talk about that report.

Arrogance always gets those corrupt dogs and this time they've outdone themselves. Trump is a tough street fighter and he takes these attacks very personally. While he's done many things I vehemently disagree with and has surrounded himself with rotten cabinet picks and advisers like his daughter and son-in-law, his flaying of the Democrats and their disgraced, biased media is unprecedented. Bravo, Mr. President.

Third question and possibly most important: WHO allegedly told this alleged whistle blower about that phone call? Reports are there were about 12 people in the room at the time of this now infamous phone call. Taking notes. Individuals our president believed he could trust. Trump knows who was in the room during that call and if I were that person, I would be very

worried about any future in government service. Perhaps even jail time.

[Fred Fleitz: Did Intelligence Committee Democrats Help Orchestrate Deep State Complaint?](#)

[Republicans want whistleblower's sources, as inconsistencies in complaint emerge](#)

WHO. That is the big question that must be answered. I firmly believe Trump is working to find out just exactly who and the whole truth about the Russia collusion hoax; he also wants to know if any individuals in the Ukrainian government assisted in covering up the investigation into Hunter Biden.

Hunter Biden who only a couple months out of rehab for his serious addiction to cocaine, suddenly and with no experience becomes a very wealthy man getting paid big bucks on shady business dealings. His dad, sex pervert and corrupt as Bill Clinton, former illegitimate VP, Joe Biden, is up to his neck in this whole thing.

There are some cracks in the dam and likely more to come as many believe as I do: Biden is now rancid meat and they will throw him under the bus – after they do everything they can to keep the impeachment process going right up to the election if necessary:

Hide and seek: [Rush Limbaugh: Why Dems should fear 'Crowdstrike' comment](#) – 'No question' that 'Trump is gonna get to the bottom of the origins of the Mueller investigation'

And so, we have yet another cover-up dividing the people of this country based on party lines. A president once again under extreme attack for doing nothing even remotely rising to

the level of 'high crimes and misdemeanors. Some ask when will it end?

If Trump wins the 2020 election it will continue for four more years unless the American people say enough is enough. Since Pelosi has called a two-week recess, those rotten parasites will all be in their district offices.

Start calling their district offices, Democrat or Republican. Give the Dems a piece of your mind politely in a non-threatening manner. Don't jeopardize your freedom for those maggots. Just let them know We the People are fed up with their lies, corruption and attacks on Trump.

Give Republicans a piece of your mind. Ask him or her why they aren't raising their voice in support of the President of these United States of America who is once again being falsely accused?

Remind all of them the primaries are coming up. Those critical primaries I have been harping on for months.

As I always write, I know time is in short supply for most people who work, go to school and family obligations. But I do hope you take the time to read the pieces below to get a full accounting of the truth – proven with documents that cannot be denied. Read one or two a day; over lunch or just taking a break.

Share using all the social media outlets. It's so very important to get the truth out there and networking is one of the most effective ways to get the job done.
