

United States of America Being Colonized by the World's Refugees

By Frosty Wooldridge

December 11, 2023

Once the European white man discovered North America, he began to “colonize” this continent to the point where it subverted 522 Native American tribes. The white settlers drove Indians out of their lands on the East Coast to the Midwest, and after Lewis & Clark, European settlers ravaged Indians all the way to the Pacific Ocean. Very much the same happened in Canada! Many of the tribes suffered extinction at the hands of the white man from diseases and outright slaughter. Indians with bows and arrows did not stand a chance against mechanized calvary, rifles and canons.

After defeating all those tribes, the American government placed Indians on reservations where they remain today. Very few Native Americans mix with American society. Their customs, their language, and their religions did not/do not work well with our high-speed civilization. In fact, they were considered savages. The Indians’ children were placed in orphanages to try to convert them into white man’s ways.

The results continue today in confused lives, alcoholism, domestic violence, drugs, welfare, food stamps, government housing and an aimlessness not understood by average white Americans. Ironically, they build casinos on their

reservations, but no amount of the white man's money can rebuild Indian cultures, religions, languages, life-purposes and good health.

Whether you read **Bury My Heart at Wounded Knee**, **The Sand Creek Massacre** or **Trail of Tears**--nothing can bring back or correct what happened to Native Americans.

From that point in the late 1800's, the white man completely controlled North America.

But in 2023, America faces a new "colonization" by different tribes from around the world. They crash America's borders by the millions. They arrive with incompatible/terrorist religions that expect to dominate America. Who is that? Answer: Muslims of the Islamic religion. It is a political-religion of conquest. It makes no bones about it.

"Islam isn't in America to be equal to any faith, but to become dominant. The Qur'an should be the highest authority in America, and Islam the only accepted religion on Earth." Omar Ahmed, director of Council on American Islamic Relations.

This past week, the C.A.I.R. director praised Hamas and supports the genocide of Israeli Jews, in fact, all Jews. He's got 8 million American Muslims to back him up.

"The precept of the Koran is, perpetual war against all who deny, that Mahomet is the prophet of God. The vanquished may purchase their lives, by the payment of tribute; the victorious may be appeased by a false and delusive promise of peace; and the faithful follower of the prophet, may submit to the imperious necessities of defeat: but the command to propagate the Moslem creed by the sword is always obligatory, when it can be made effective. The commands of the prophet may be performed alike, by fraud, or by force". John Quincy Adams: written in 1829

If that doesn't send a shiver up your spine, what will?

Muslims have completely invaded Europe. They've changed everything in Europe. From civil society in European countries, no one can escape the violence of Muslims whether it's outright terrorist attacks, or Muslims decapitating people on the streets of Paris or London in single acts of terror. Thousands of cases of such terror attacks are recorded by Robert Spencer at www.jihadwatch.org

Today, we've got between 4 and 8 million Muslims in America. We've got terrorist cells growing with Biden's open borders for the past 35 months. They arrive with no intention, whatsoever, of becoming American citizens who are loyal to the U.S. Constitution. They remain loyal to the Qur'an and Sharia Law. That "law" stands in direct opposition to our Constitution. They plan to install Sharia Law as their numbers grow.

As a matter of fact, one look at 300,000 Muslims in Detroit, Michigan will show you that de facto Sharia Law is already being practiced with honor killings, female genital mutilation and women are valued at $\frac{1}{2}$ that of a male Muslim. You can take them out of the desert, but you cannot civilize them as shown by all the great men of history such as Churchill, Thomas Jefferson, John Adams and dozens of other thinkers. They said that Islam is the worst retrograde religion on this planet.

What other kind of colonization? Right now, reports by Clayton Morris show that a caravan grows with 4,000,000 people in lower Mexico. They expect to arrive at our southern border by mid-January 2024. He made a 15-minute video: **America is about to change forever by mid-January 2024.**

After watching that video, you need to start sharing it with your networks. You need to write your two senators and House member. You need to take any kind of action to make this issue the number one issue of the presidential race. We're talking about the end of our country as we know it. This massive

invasion will fracture and fragment us into caliphates, tribes, racial conflict, religious conflict and ultimately, break us into pieces.

Biden has already imported 8,000,000 illegal aliens from over 100 countries. He's giving them cell phones, credit cards and tickets to fly or bus to any city they demand. They come from Russia, China, Iraq, Iran, Saudi Arabia, Senegal, Somalia, Kurdistan, Yemen, India, and another 90 countries. They are costing us \$163,000,000,000.00 annually to sustain them. That's all those Muslims in Detroit, Chicago, Miami, Los Angeles, Denver and beyond. They live on welfare payments. Once a lady drops her baby on our soil, she is paid \$2,200.00 monthly to care for that baby. Those refugees receive SSI payments, WIC, ADC and Section 8 Housing.

Is that not "COLONIZATION" of our country?

So, the questions become: When does it end? Can we take on another 10 million or 20 million or 50 million refugees? The reason I ask these questions stems from the fact that those refugees come for an overload of 83,000,000 new babies born annually, net gain, on this planet. In other words, there is no end to the line. So, can we save all of them? How long before we become like Europe's countries? What happens when our systems collapse from the sheer numbers? What are we going to do when our citizens breakdown into chaos? What happens when the Muslim terrorists start their internal war against us? Do you not understand that total chaos will visit us at some point?

Final questions: how stupid and senile is this president and how stupid is the U.S. Congress and how stupid are the American people to sit by and watch their country devolve into a third world country?

Answer: really, really, totally, completely and utterly STUPID!
