

USA Death by Sheep

It's been a while since I have written and released anything. Every day, I have ten or more things I'd like to write about, but it's a daily struggle to find one good reason to bother writing it. The USA is so far gone at this point, the evidence is all around us, but there seems no way to escape the reality that sheep always act like sheep, and most Americans are sheep now.

Let me begin by stating a fact, that [Barack Hussein Obama](#) is the most powerful man in the USA, and maybe the world. The people I have worked with for many years had an emergency conference call in July 2004 as we had just witnessed the coming of a new King at the John Kerry DNC nomination convention. Something extraordinary and very dangerous had just unfolded on the TV screen and we all knew it.

Like any party nominee for President, John Kerry was supposed to be the star of the show. But instead, Senator Ted Kennedy stole Kerry's thunder when he [introduced to the world](#), the coming Messiah of the Democrat Party, [Barack Hussein Obama](#).

"Kenyan-born US Senate hopeful, Barrack Obama, appeared set to take over the Illinois Senate seat after his main rival, Jack Ryan, dropped out of the race on Friday night amid a furor over lurid sex club allegations." [REPORT](#) – Ryan, was later cleared of all false accusations, but the goal was already achieved.

At that time, Obama was a complete nobody from nowhere, with a totally blank resume' beyond his grooming as an expert "community organizer" under the tutelage of [Black Panther organizer Don Warden \(aka Dr. Khalid al-Mansour\)](#) and New York borough power-broker Percy Suttan, along with Weather Underground friends Bill Ayers and Bernadine Dohrn.

[Barack Obama](#) had just one primary campaign promise, to "fundamentally transform America." Obama is the well-groomed and backed Maoist Black Nationalist President launched in concert with the Black Panthers, the [Afro-American Association](#), the [Peace & Freedom Party](#), the [Students for Democratic Society](#), a result of Warden setting out to raise up a Black Nationalist President beginning in 1966.

Despite a totally blank resume', three forged fake Hawaiian "certifications of live birth" (not to be confused with any authentic Birth Certificate), and highly questionable college records, [Obama was able to upset "sure thing" Hillary Clinton in the 2008 DNC Presidential nomination](#). He simply claimed to be a Natural Born Citizen of the USA eligible for the office, despite taking his Senate seat "as the first Kenyan-born" member of the Senate the previous few years, selling himself off as "the first black president," which is also an easily proven lie.

But the American sheep had already been Pavlov trained to accept blatant lies. They had already been trained to believe that truth is subjective, and that opinions need only be based on political agendas, not facts. The sheep had already relinquished their authority and power to the politicians and were trained to rely only upon the ruling class elite for their every need and want.

Today, we have at least two sheep generations who believe deeply that some form of [totalitarianism](#) is the solution to all their problems, GEN X and GEN Y. They don't know that communism, socialism, Maoism, Marxism, Leninism, Stalinism,

Naziism and Fascism are all different forms of the same thing, totalitarianism, *"a form of government that theoretically permits no individual freedom and that seeks to subordinate all aspects of individual life to the authority of the state."* They don't know that in their search for utopia, they are voting us all back into bondage, themselves included.

But there are sheep everywhere we look now, left, right, middle, rich, poor, middle class, so-called independents, even self-proclaimed libertarians. Christian, Muslim, Jew, agnostic, atheist...The only difference between them is, which shepherd they are following off the cliff.

Never in history has it been more blatantly obvious that the current occupants of the People's Oval Office are nothing more than idiots and criminals, mere puppets to someone who is actually in charge of everything in the USA today. [That puppet master is the DNC Messiah Barack Hussein Obama.](#)

Still, some 30% of the American sheep believe that these two empty suits are not only running the country, but somehow, the best President and Vice President in history. The remaining 70% are divided into impotent factions following their own shepherds of choice, based upon the unfortunate reality that almost no Americans want the future of this country to rest in their own hands today.

Everyone in the USA is betting FREEDOM and LIBERTY on someone other than themselves. Like good little sheep, they place the future of freedom, liberty, justice, prosperity, national sovereignty, and security in the hands of others, in most cases, their sworn enemies.

They know that real journalism is dead in the USA. But they still watch the news. They know we no longer have legitimate elections, but still hope to win in the next unlawful elections. They know that trying to amend the constitution at this moment in history would be the final nail in the coffin

of the Constitution and Bill of Rights. But they still want to amend it...

They know that our Constitutional Republic is being torn to shreds by "legal experts," but still seek the counsel of legal experts. They know our entire legal system, like every other federal RICO operation, is broken and corrupt to the core. But they still think they can find justice in that system, somehow.

Yes, my fellow Americans, my greatest fear for almost 40 years now, has become a reality.

The American sheep are indeed "too stupid to remain free."

Sure, we can blame everyone but ourselves, but it isn't true. Yes, politicians never have and never will serve "the people," because politicians have always served themselves throughout human history. But that's not the real problem...

WE THE SHEEP are the real problem. Sheep are incapable of self-governance, freedom, and liberty. They must be governed by others. So it is, and so it shall be... Face it, if you are the type of person to go-along-to-get-along no matter the consequences, YOU ARE A SHEEP! If you are counting on anyone but yourself to save your country, YOU ARE A SHEEP! You are to blame for what happens to this once great nation!

Nobody is going to save the USA. The only people who could, don't want to, despite their whining and complaining, and the enemy knows it. There are many peaceful solutions available, just no one to execute them.
