

Using & Coaching The Illegals to Be Used As A Political Battering Ram

"This is a blatant, communistic act whereby they are subversively destroying the country in selling America to her enemies."

If ever the people needed a lesson in how Communists work, this is the one. Communists love to use the law against the law, so they can overthrow THE LAW. They then become the (Authoritarian – often seen in authoritarian regimes that use legal means to dismantle democratic processes or assault the rule of law) law.

"The best way to control the opposition is to lead it ourselves!" -Vladmir Lenin

Hence, we have a massive illegal invasion sponsored by your said representatives within. In fact, it has been the mayors and the governors from across the country who were treasonously alluring them here in the early 2000s before it became what it is in the present.

Understand that those who are about this alliance are guilty of treason (Luke 22:48; Article III, Section 3 U.S. Constitution).

In seeing this conspiracy for what it is, let us consider the usage of ICE, an unconstitutional agency, to allegedly stop this invasion, and to deport the illegals. They did this instead of calling forth the Militia, you and me, in repelling the invasion (Article I, Section 8, Clauses 15-16).

“To provide for calling forth the Militia to execute the Laws of the Union, suppress Insurrections and repel Invasions.”

In so doing, the federal government took the unlawful initiative to use the illegals as an excuse (remember, they treasonous allured them into America), in overriding the use of the Militia, to then strong arm the states in bowing to that which sweeps away the sovereignty of the States through ICE (Deuteronomy 28:52). This was clearly preplanned, every step of the way.

The second point that needs to be made here is if what the federal government (The states are playing right along with this – Isaiah 28:18) is doing is lawfully legitimate, then why hasn't the said president used ICE in rounding up the treasonous said representatives that allured the illegals into the country? This should have been the first step in making sure that this does not happen again (Proverbs 16:6). Furthermore, they should be simultaneously deporting the illegals back to their own respective countries. But, they are not!

Oh, friends, it gets worse.

Now, we have the illegals, who are being coached by the governors and mayors in using the illegals as a political battering ram, taking to the streets and protesting American laws, which condemn their criminal actions. As if to suggest that they have a RIGHT in doing so, which they do not.

They (Federal and State governments acting outside of their

delegated authority) create the problem, and in turn, they play the problem solver, only to remove the laws that condemn those who are here illegally (Deuteronomy 28:43).

What do they then do? They take to the airwaves, where the said president declares that the subversive judges are blocking him from removing the illegals (The said judges need to be impeached and prosecuted as well; Article III, Section 1).

This is a legal tactic and paradox to the subversion of our legal system (Psalm 94:20).

Conclusion: They are subverting the very legal system that they are to uphold.

You can mark my words: At the end of the day, it will be aimed at their political opposition for holding to American Law!
