

Voting for Hillary equals more Muslim killings of Americans

“Islam isn’t in America to be equal to any faith, but to become dominant. The Qur’an should be the highest authority in America, and Islam the only accepted religion on Earth.” Omar Ahmed, director of Council on American Islamic Relations.

By reading that statement by one of the BIG Muslim leaders for CAIR in America, you face an uneasy feeling he means business. And, as his Muslim immigrant friends grow in number, he enjoys greater power to institute his intentions onto the American people.

Islam Is All About Power Through Numbers

One of those American citizens, presidential candidate Hillary Clinton promises to import 110,000 Syrian refugees as soon as she reaches the White House. If the American people vote her into office, you can expect Muslim violence to escalate with the added numbers of refugees. Example: look at Europe’s bombings, violence, rapes and riots from Muslim immigrants.

On Saturday, September 24, 2016, in a Washington State mall, Turkish immigrant Arcan Cetin stabbed 10 and gunned down 5 people in yet another Muslim terrorist attack on American citizens.

Last week, September 20, 2016, in St. Cloud, Minnesota, a 20-year-old Muslim immigrant, Dahir Ahmed Adan, stabbed ten Americans in a shopping mall before being shot dead by a policeman.

Please realize this fact: Muslims follow the Quran. That book proves itself a terrorist’s handbook for violence. It stands

against everything in our U.S. Constitution. It brooks no other laws. Its followers intend to conquer every country they invade. When someone like Cetin, Adan or the pressure cooker bomber in New York, 28-year-old Ahmad Khan Rahami—grow up reading the Quran, they follow its single mandate: “Convert or kill all non-believers.”

ABC anchor David Muir, Wednesday, September 14, 2016, reported that Barack Obama successfully imported 11,000 Syrian refugees into America this year. He expects to import a total of 110,000 in 2017 with Hillary’s election to the White House.

This fact remains: you cannot ‘vet’ the mind of a Muslim.

“Diversity within a nation destroys unity and leads to civil wars,” said social scientist Garret Hardin. “Immigration, a benefit during the youth of a nation, can act as a disease in its mature state. Too much internal diversity in large nations has led to violence and disintegration. We are now in the process of destabilizing our own country. The magic words of destabilizers are ‘diversity’ and ‘multiculturalism’.”

The Koran promotes violence in virtually every chapter of the book: Sura 5, verse 84 states: “Strongest among men in enmity to the believers will thou find the Jews and Pagans (Christians). Fight and slay the Pagans wherever you find them, in every stratagem of war. Instill terror in the hearts of unbelievers. Cut off their heads and cut off their tips of their fingers.”

We Americans enjoy a clear mandate in this coming election in November 2016 for the presidency. If you want more Muslims and their violence and ultimately, their subverting our laws and Constitution—vote for Hillary Clinton. Her 20-year personal assistant, Muslim Huma Abedin, works fervently for Sharia Law in America. Hillary WILL import 110,000 Muslims in her first year alone. She expects to give amnesty to as high as 31 million illegal aliens. If she gains power, you will see your

community overrun by Muslims, illegal aliens, crime, violence and total usurpation of your American culture.

By voting for Trump, you at least give our country a chance to survive this immigration invasion. Can you imagine another 100,000,000 (million) more immigrants in the next 30 years? Those immigrants will undermine and destroy the fabric, culture, language and ethos of America.

They will overwhelm our water, energy and resources. They will turn this country into a third world hellhole. Trump will stop the refugee flooding, stop illegal aliens, deport illegal aliens already here by enforcing our current employment laws—and, he will build a wall to stop further influx not only of illegal migrants, but the drugs that tear up every community in our country. Trump will renegotiate trade laws in our favor instead of China's. He'll bring back jobs for African-Americans, Hispanic-Americans and all Americans, especially our teens for summer jobs—by cutting off the flow of immigrants.
