

War Is A Racket: If The Politicians Want War, Send Them!

“Beautiful ideals were painted for our boys who were sent out to die. This was the “war to end wars.” This was the “war to make the world safe for democracy.” No one told them that dollars and cents were the real reason. No one mentioned to them, as they marched away, that their going and their dying would mean huge war profits. No one told these American soldiers that they might be shot down by bullets made by their own brothers here. No one told them that the ships on which they were going to cross might be torpedoed by submarines built with United State patents. They were just told it was to be a “glorious adventure”.

Thus, having stuffed patriotism down their throats, it was decided to make them help pay for the war, too. So, we gave them the large salary of \$30 a month!

All that they had to do for this munificent sum was to leave their dear ones behind, give up their jobs, lie in swampy trenches, eat canned willy (when they could get it) and kill and kill and kill...and be killed” -Smedley D. Butler, *War is a Racket*

Ron Paul took the time to highlight the fact that treasonous Joe Biden wants to call up military reserves (Article III,

Section 3 U.S. Constitution).

Treasonous Joe and his minions in the military industrial complex, working hand in glove with the Mockingbird media, which conjures up the wars, can all go fight the very wars that they are creating. That is how the wars will end, and not until then.

Truth is always the first casualty in every war, and the truth is that those who are trying to sell the war don't know how to tell the truth because there is no truth in them (John 8:44).

Our forefathers were the first ones to lead by example if war was just (Make distinction between the just and the unjust wars). Now, they send your sons to bleed for their profits.

Henry Kissinger stated: *"Military men are dumb, stupid animals to be used as pawns for foreign policy."*

No one supports our military more than this ministry does but not for unjust purposes (Proverbs 17:15).

No more.

"In the World War, we used propaganda to make the boys accept conscription. They were made to feel ashamed if they didn't join the army." -Smedley D. Butler, *War is a Racket*

Americans, you have been faithfully warned again from this platform (Proverbs 14:25).

In conclusion, Smedley Butler again comes to my aid when he said

“To summarize: Three steps must be taken to smash the war racket.

1. We must take the profit out of war.

2. We must permit the youth of the land who would bear arms to decide whether or not there should be war.

3. We must limit our military forces to home defense purposes.”
