

War-Monger Nimarata Nikki Haley: Globalist's Darling

By: Devvy

December 4, 2023

December 6, 2023, is the fourth and final debate between GOP presidential hopefuls if they meet requirements set by the RNC. Likely challengers: Nikki Haley, Vivek! Rama-smarmy, Ron DeSantis. Iffy: Chris Christie, Doug Burgum and Asa Hutchinson. Trump will not participate.

Back in 2004, Haley ran for Congress as a Republican while voting for many Democrats in previous primaries. Haley supported flying the Confederate Flag on the statehouse grounds but decided after the Charleston church shooting it was a good thing to erase history just like the mobs who've toppled or removed historical statues since **Black Lies Matter** began their destructive rampages over three years ago:

"These grounds [the State Capital] are a place that everybody should feel a part of. What I realized now more than ever is people were driving by and felt hurt and pain. No one should feel pain." Haley also said, "There is a place for that flag", but she added, "It's not in a place that represents all people in South Carolina."

"I feel your pain," Nikki, refused to [support a bathroom bill](#) to stop brainwashed individuals in the trans-cult from using women's bathrooms. The bill would require individuals who are *scientifically* male or female to use designated bathrooms. STOP the NONSENSE of "identifying" as one of 72 "genders"

insanity or the “sex assigned at birth” CRAP that’s evolved over the past few years. Haley said that bill wasn’t necessary. The hell it isn’t. This has produced a breeding ground for predators, rape and violence.

[Young girl \(age 12\) is raped in school bathroom by transgender peer](#) (Trial in VA. A second girl and possibly a third child constitutes a serial rapist to me. He playing she got probation.) Another: [Transgender ‘Woman’ Convicted of Raping 10-year-old Girl in Restroom // 5 Times ‘Transgender’ Men Abused Women And Children In Bathrooms // Male, Transgender Youth Arrested for Raping 4-Year-Old Girl, Distributing Videos, Photos of the Act:](#)

“Lawrence, Massachusetts. A youth, who seven months ago urged locals to vote “yes” on a veto referendum enabling those who identify as transgender to access locker rooms and similar facilities designated for the opposite sex, has recently been slapped with Sexual Exploitation Of Child and Distribution Of Child Pornography charges.

“19-year-old Jakob Nieves, a man who identifies as a woman, “did knowingly employ, use, persuade, induce, entice and coerce” a four-year-old girl “to engage in any sexually explicit conduct” with him “for the purpose of producing any visual depiction of such conduct,” court records show.”

Haley served as governor from 2011-2017 vetoing 50 bills; 48% were overturned by their state legislature. 2016 Haley campaigned for constitutionally INELEGIBLE Senator Marco Rubio who dropped out. She then went on to back Ted Cruz, another liar and cheat. Ted Cruz is very popular – a constitutional scholar!!! Well, Ted, as the old saying goes, **denying the truth doesn’t change the facts.**

In 2014, Cruz “denounced” his dual citizenship with Canada. Sorry, Ted, but you were born in **1970 in Alberta. Canada did not recognize dual citizenship at that time.** [Citizenship Act](#)

[\[February 15, 1977\]](#)

“The *Citizenship Act*, effective February 15, **1977**, replaced the 1947 Act with a more equitable statute. For example, British subjects no longer received special treatment and **dual citizenship became recognized.**”

[Ted Cruz is in the US Senate Illegally?](#), Dec. 4, 2015.

“Unfortunately, there is no evidence to suggest that the parent or parents of Ted Cruz ever filed a CRBA form with the U.S. Government in or around 1970, which is why Ted Cruz released a copy of his Canadian citizenship records and not any U.S. citizenship records. At present, all FOIA (Freedom of Information Act) requests filed in search of any U.S. citizenship documents to confirm the true official U.S. citizenship status of Ted Cruz have been denied access. All citizenship records for Ted Cruz are sealed unless and until Ted Cruz agrees to allow any such records to be released by either U.S. or Canadian agencies.

“As a result, there remains no authentic evidence to support the claims that Ted Cruz is either a “natural born” or “naturalized” citizen of the United States.”

[Oh, how they lie:](#) “Senator Cruz became a U.S. citizen at birth, and he never had to go through a naturalization process after birth to become a U.S. citizen,” spokeswoman Catherine Frazier told the Dallas Morning News. “To our knowledge, he never had Canadian citizenship, so there is nothing to renounce.” Oops: “He’s a Canadian,” attorney Stephen Green, the former head of the **Canadian Bar Association’s Citizenship and Immigration Section**, told the Dallas Morning News.”

[The Ted Cruz Canadian Citizenship – A New Look](#), 2016 – “In the final analysis, Ted Cruz is not a natural born citizen. He is not even a citizen of the United States. The best category he can fit into is, resident alien. Ted Cruz had sealed his records; birth records, family records. The last question is

where did Ted Cruz get his passport in 1986?"

[Ted Cruz's Presidential Eligibility](#) – Do those people not know how to do deep research? Well, the bottom line is Cruz gave up his Canadian citizenship and *was not a dual citizen at the time of his birth*. So, he's a citizen of what country? All covered up by both Republicans and Democrats because Hussein Obama is also NOT a natural born citizen despite the fake birth certificate hailed by the prostitute media and political hacks as authentic. Americans simply turned a blind eye to **legal facts** in favor of voting for the first "black" president; they all seemed to forget his mother was Caucasian. Two very important columns:

Jan. 30, 2023: [Nikki Haley Is Not A Natural Born Citizen of USA To Constitutional Standards – Not Eligible To Be President.](#)

Dec. 1, 2023: [Bing AI Claims "Consensus" on "natural born Citizen" Definition](#)

Nothing to worry about. Both parties and the prostitute media will make sure the American people never know the truth. The U.S. Constitution doesn't matter anymore in favor of political agendas destroying America. *"I am concerned for the security of our great Nation; not so much because of any threat from without, but because of the insidious forces working from within."* General Douglas MacArthur's speech to the Texas Legislature in Austin (June 13, 1951).

Political flame throwing. Haley is another back stabbing opportunist political hack. "I will not stop until we fight a man that chooses not to disavow the KKK. That is not a part of our party. That's not who we want as

president. We will not allow that in our country." Haley was of course, referring to the horrible Charleston Church shooting where Trump was, as usual, roasted by the lying prostitute media. Not so funny are these race baiters who loved Trump **and his money** before he ran in 2016, but immediately branded him a racist when he announced his candidacy.

[Why do younger black voters like Trump more than elders? UCLA study explains](#), June 12, 2020. "'Because they're tired of hearing the same stories about victimhood, racism, and zero answers that the left has been giving for years,' said black conservative activist Rob Smith."

[1999: Jesse Jackson Praises Trump's Commitment To Minorities, 'Under-Served Communities' \[VIDEO\]](#), In both 1998 and 1999,

Trump was an honored guest at the annual Wall Street Conference hosted by the Rainbow PUSH Coalition, Jackson' DC-based "multi-racial, multi-issue, progressive,

international membership organization fighting for social change."

[Trump insisted on including Jews, blacks at Palm Beach golf course in 1990s](#), March 4, 2016. (Who didn't want them there? Why uber rich white Democrat elites in Palm Beach.)

[Biden Praising the Exalted Cyclops of the KKK, Robert C. Byrd](#), C-SPAN; 2:33 video. Think Biden didn't know his good buddy's history? Byrd recruited 150 of his mates in the 1940's to start up a new chapter of the KKK in W. Va., known as the 'Klavern'.

Back to Haley who bitched Trump didn't want to release his tax returns. Aww. She initially took the same stand about her own and then caved. By Oct. 2016, Haley endorsed Trump as "the best person based on the policies, and dealing with things like Obamacare". Sucking up for a possible cabinet

appointed her to support the free marriage. “I feel your pain”, Nikki, has teased she’s willing to make big budget cuts which includes SS and Medicare. Of course, no

president has that power. Those two taxes are set by Congress.

Haley: Time to show people reasons to support the U.N. (Mar 2017). Her time as ambassador to the communist controlled UN (1 year) is a joke. The ONLY thing Americans should support is getting US out of the UN, period.

Like John McCain and rent boy, Sen. Lindsay Graham, **Haley is another war monger** who believes “we” haven’t done enough for Ukraine. Give Ukraine and their corrupt former comedian president, Zelensky, a blank check from the sweat off your back. For what? Not the worn out “national security” propaganda.

Haley was recently endorsed by the Koch network. **Right there alone should tell you “I fell your pain” little Nikki is the shadow government’s darling.** [Billionaire Koch Brothers Launch Super PAC to Support Open Borders Politicians](#), Sept.10, 2018 – “The pro-mass immigration, GOP megadonor, billionaire Koch brothers are forming a new super PAC ahead of the 2018 midterm elections to back politicians who support their agenda of open borders, amnesty, and endless free trade.

“The Kochs’ network of PACs and organizations will join together to elect candidates that fit their economic

libertarian agenda, which stands in stark opposition to President Trump's protective tariffs, border wall, and agenda to raise U.S. wages by reducing legal immigration levels."

Of course, they're for open borders. *Cheap labor under cutting American workers.* They don't give a crap about you or your family. It's all about big money. [Koch Bros Running Ads for Democrats: 'Thank You' for Pushing Open Borders](#)

Oh, you're a racist; her parents were born in India, Sikh's. Her skin color is brown. So what? Who cares? I don't. She's an empowered woman you sexist! Gag me. Oh, and let's not forget: **She is constitutionally ineligible to run.**

[Nikki Haley's Warmongering Has Made Her Rich](#), August 31, 2023 – "The more we dug on this story, the worse it sat with us ... especially considering the Haleys' history of such underhanded self-dealing. Last summer, senior editor Mark Maremont of *The Wall Street Journal* filed a report detailing how Michael Haley was gifted secret ownership shares in a company tied to the Two Kings Casino Resort in Kings Mountain, N.C.

"The stakes held by the politically connected people were masked from public view through several layers of corporations and limited-liability companies," Maremont noted. *They hid the shares, in other words ...* which I referred to as definitional "pay-to-play."

"The real scandal, though, lies in the fact Haley – the most unbridled warmonger in the 2024 presidential field – has been overtly saber-rattling in support of the precise foreign entanglement which would enrich her husband (and her) to the tune of tens of millions of dollars.

“Don’t wait for something to happen in Taiwan,” she told an audience in New Hampshire earlier this summer. “Do it now. Make sure our allies are working with them to make sure they have the equipment now, to make sure they have the ammunition now.”

“The equipment? Like those military vehicles?”

“Last week, Haley’s financial ties to the military-industrial complex she breathlessly extols was detailed in another excellent piece of investigative journalism from Lee Fang. Fang’s piece explored “the curious background of Haley, who went from near negligible wealth – with virtually no assets or investments other than a bank account with less than \$15,000 in 2017 and up to \$1 million in debt – to a sizable fortune.”

“According to Fang, Haley’s warmongering has helped her (and her husband) amass a net worth of more than \$12 million.”
Rest at link.

When DeSantis went after the *formerly family friendly*, Disney, Haley sided with that now super “woke” corporation hell bent on grooming and sexualizing children.

I don’t trust Haley for a split second. If you want to see our military used as more cannon fodder in foreign countries and their squabbles, vote for Haley as Commander-in Chief.

Vivek! Rama-smarmy is a smooth talker to be sure. Sounds like Trump’s policies most of the time and he’s intelligent, no question about that. *He’s also IMHO an arrogant hustler who looks down his nose at you and me.* I’ve been on this earth a long time. Been around thousands of people over the past 31 years. I’m a people watcher and Rama-smarmy comes off to me as someone looking for their next mark.

Speaking with a dear friend of mine about this, Vivek’s parents coming from India and being raised as a Hindu, my friend said, remember their caste system over there. Vivek!

fits the bill to a T. His parents, Indian Hindu's are Tamil-speaking **Brahamins**. Parents highly educated; father an engineer and patent attorney for GE. Mother was a geriatric psychiatrist. In India under their caste system, a **Brahmin** "is a member of the highest caste or varna and is an incarnation of knowledge."

Vivek! likes to pitch he can bring in a younger generation. Good luck on that. [Senior aide to Republican presidential candidate Ramaswamy quits to join Trump](#), Nov. 29, 2023

Vivek! immediately upon finishing school jumped into the biotech and big pharma cash cow industries. Vivek! became the man of the hour on Wall Street. He wasn't always successful. One of his companies made him rich [while screwing investors](#). One of the big losers in that venture was the California State Teacher's Retirement System Pension Fund: "But some investors lost real money on Axovant. One large public pension fund, the California State Teachers' Retirement System, sold its stake months later, when it was worth hundreds of thousands of dollars less than in the days leading up to the disappointing clinical trial news. (The fund declined to comment.)" [Note: I continue to encourage Americans to find out just where their retirement funds – regardless of profession – are being invested.]

[Conservative Lawyer DC Draino Clashes with Republican Presidential Candidate Vivek Ramaswamy in Heated Debate Over Vivek's Controversial Background](#), Nov. 26, 2023.

Globalist poison. Thankfully, Trump got us out of the TPP and the scam Paris Climate Agreement.

[Vivek Ramaswamy Aligns with McConnell, DeSantis, Club for Growth and Wall Street Promoting U.S. to Reenter TPP Trade Agreement, July 29, 2023](#)

Vivek! complains about China but his latest pharma venture is in Communist China. Even a quick search will provide you with

Rama-smarmy's long time business dealings with the commies. And finally, **he's another constitutionally ineligible candidate. The American people had better shout down the roof about this or the Constitution means NOTHING.** Republicans and Democrats covered for Hussein Obama in 2008 fearing being called racists and potential riots and look where we are today with once again, more presidential candidates who are NOT eligible to run for president.

[Vivek Ramaswamy Admits in NBC News Interview His Parents Were Not U.S. Citizens When He Was Born](#), Oct. 23, 2023 – "Vivek Ramaswamy admitted during live interview in Sep 2023 on NBC News that neither of his parents when he was born were citizens of the USA. Also, he admitted that although his mother later became a U.S. citizen his father never did."

Just like Hussein Obama. His mother was a natural born citizen but his father was a foreign national under the jurisdiction of Great Britain.

The two columns below seal the deal for not voting for Ron DeSantis. Both are a must read. I know he has a loyal supporters, especially how he 'handled' the COVID plandemic hysteria, but he's running for president and Commander-in-Chief. And while DeSantis has an exemplary and honorable record serving in the US Navy, he's now in bed with those destroying our country.

[DeSantis has been deserted, his globalist/RINO mentors don't want him to run in '24](#), April 1, 2023 by Tom DeWeese. Very comprehensive.

Kat Stansell's excellent investigation also exposes what most Americans (and probably too many Floridians not paying attention) don't know is absolutely outrageous:

[DeGovernor DeSantis DeCides to Break Another Promise](#), June 2nd, 2023 – "In recent legislation, just signed by DeGovernor, voting by machine was made mandatory, and hand-counting votes

was forbidden. Let that sink in.” Oh, how the lying, cheating Democrat/Communist Party USA must love DeSantis and their legislature. Kat has written extensively about DeSantis you never hear about unless you live in Florida. **Taking away the right of any candidate being able to verify an actual vote count to me is grossly un-American and stinks of corruption and fraud.**

Sean Hannity wets himself on a regular basis when speaking about DeSantis and the great job he did during manufactured COVID pandemic; Hannity has considerable real estate investments in Florida. How the whole country could take lessons on fast and accurate vote counting on election day! *You couldn't be more wrong, Hannity.*

The remaining candidates are on the same par as ‘Legs in the air’ Kamala Ho Harris when she was the first DemonRat to drop out of the presidential race Dec. 3, 2019. Despite being female and non-white, no one wanted that walking air head. Burgum received [a \\$100,000 gift from Bill Gates](#) in his 2019 run for governor of North Dakota. Bye, Doug.

All those endorsements mean nothing to me and never have when it comes to a candidate – other than a warning of who they’re taking money from and past decisions while in office (if an elected official). I do my research and make up my own mind. I hope you’ll share this with everyone so they get a factual breakdown about those candidates.
