

We Can't Do the Work For You

By Rob Pue

Well, it's better late than never, I suppose. After nearly 60 years of allowing the homosexual agenda to move forward, claiming they just wanted "equal rights," claiming this was a legitimate civil rights issue, people are just now starting to wake up to what's really happening, and I've been getting phone calls, emails and letters from people who are outraged and panicked.

You see, "pride" parades and festivals, and "transgender" "drag" events – which not so long ago only happened in the big cities – are now invading small town America, like waves of locusts. The outrage is justifiable, especially considering the targets of all this stuff are our children, and they're no longer even trying to hide that fact. But my question is, *"where have you been all this time?"* People: are you *just now* finding out about all this? Have you listened to *nothing* I've been sounding the alarm about for the last 25 years? Did you not believe the evidence and proof I brought forth, over and over again? Or did you just not care because it wasn't affecting *you*?

I recently heard from a person in a mid-size suburb in the midwest – horrified that a so-called "Family-Friendly Pride Festival" is being planned in their city park. This event will also include a "drag queen" show – for children, teaching young boys how to dress, apply makeup and dance as "drag queens," performing for the perverted adults in attendance. When this person found out about it, they went to their local

city council to protest, but they were the only ones there in opposition to the event. Meanwhile, the council chambers were packed with LGBTQP+ activists – a very intimidating sight for council members, who voted unanimously to allow the event to go forward.

The person who contacted me had gotten 300 signatures from people opposed to this taking place in their town, and even formed a group against it on Facebook, which many people joined and supported. But city council members ignored all the signatures and Facebook took the group page down within hours, calling it “hate speech.” The person who contacted me couldn’t believe such a thing could ever happen in their town; nor could they believe Facebook would simply remove their page, not allowing freedom of speech or a difference of opinions. Nor could they believe that after contacting every pastor in their town, not a single one would accompany them to the city council meeting to protest this event.

Another person recently contacted me from an even smaller, more rural town, to let me know that their church was planning to have a float in the upcoming “Pride Parade” – their once rock-solid, Bible-teaching church was now planning to celebrate sodomite “Pride,” as a supposed “outreach” to the homosexual community. Their pastor reasoned that if they joined those marching in the parade, and showed them that “God is love,” they’d somehow just change their minds. The Church Board agreed, despite the fact that long-time church members were 100% opposed to this.

In Ephesians 5, we have this: *“But fornication, and all uncleanness, or covetousness, let it not be once named among you, as becometh saints; Neither filthiness, nor foolish talking, nor jesting...For this ye know, that no whoremonger, nor unclean person, nor covetous man, who is an idolater, hath any inheritance in the kingdom of Christ and of God...Let no man deceive you with vain words: for because of these things cometh the wrath of God upon the children of disobedience. Be*

not ye therefore partakers with them...And have no fellowship with the unfruitful works of darkness, but rather reprove them. For it is a shame even to speak of those things which are done of them in secret."

Yes, it's shameful even to have to speak of these things, and yet we have churches participating in sodomite parades, to show their acceptance and their twisted version of "love," as they "love" lost souls straight to hell. And in a similar situation, I received an email from someone in a small-town church, upset that the church had just hired a new full time youth pastor – who's an open homosexual. The senior pastor and that Church Board justified it by saying this new sodomite "youth pastor" was celibate and therefore, there was no cause for concern. But whose values will this so-called "youth pastor" be representing to the kids?

In yet another case, when a Christian discovered their town would also be hosting a "Pride" and "Drag Queen" event – also advertised as "Family-Friendly," with "everyone welcome, especially the kids," they contacted me in a panic and said, *"I heard you would come and host an alternative Christian event in a different park for us."*

No, I had to explain...that's not how it works. Yes, we *are* hosting a "Natural Family Festival" in a small town here in Wisconsin – the first of its kind in the nation – as an alternative to a "Pride" and "Drag Queen" festival, to be held in the same town, on the same day in another city park, just four blocks away. To put this together, our ministry joined forces with the Natural Family Foundation (**NaturalFamilyStrong.com**) – and we've worked very hard developing this concept, working out the details and organizing the event, which will, Lord willing, provide a stark contrast for all to see – the shameful debauchery taking place four blocks away, where children are lured and brainwashed into celebrating sodomy and questioning their genders, versus God's plan for the Natural Family.

You can put together a similar event in your town, but I can't do the work for you. I *have* assembled a Step-by-Step Guide with simple instructions and direction as to how to organize a "Natural Family Festival" anywhere in the country, but we're not able to come do it for you. I admit I was (and am) a little frustrated. For so many years I've been warning about all this, telling my readers and radio listeners about what happens at Pride Parades and Drag events, shouting from the rooftops that it's not going to just remain in the big cities and that they were coming for your kids. Most agreed, but most did nothing to even oppose it, and now this sodomite perversion is upon them. NOW they understand how this tsunami wave of mental illness and sexual depravity is targeted – and being aggressively marketed and force-fed – directly to their children and grandchildren.

Raising awareness and getting signatures from people who oppose this stuff is a good thing, but it's much too little and way too late. The LGBTQP+ movement now consists of billions of people, and is funded with trillions of dollars, and just about every single business and corporation in the country is on their side – including the mainstream media, just about every single social media outlet, movie and TV stars, professional sports and other entertainers and influencers.

Once again, I find myself in the position of not understanding how it's possible that so-called "Good Christians" and regular church-goers have no clue about any of this. I can't believe they still think I'm just "fear mongering," being "alarmist" and that none of this can possibly be real or happen in their towns. But *it is* real, and it's everywhere. If your own town doesn't yet have a "Pride" festival, or a "Drag Queen" event for little children, you can be assured that it will – and it will happen with almost no opposition, especially from the pastors and churches.

And Sodomite "Pride" isn't just for the month of June. There

are now “Pride” and “Transgender” events, festivities and celebrations every month of the year. Rainbow flags fly proudly over our city hall buildings, our state capitols, our DMV offices, our schools and our churches. Most are still unaware and ignorant of the evil this flag – and what the movement behind it represents. Let me give you some history. The first rainbow flag was commissioned in 1978 by Harvey Milk, who was dishonorably discharged from the US Navy for his homosexual antics in 1955. Milk was the first openly-homosexual elected official in the US, serving 11 months as a member of the San Francisco Board of Supervisors. His rainbow flag was to be a symbol of “pride” for the homosexual community.

In 2014, the US Postal Service released a postage stamp honoring Harvey Milk. There’s also an airport terminal at San Francisco International Airport named after him. And now, our “woke” US Navy has named one of its new ships after him. The ship was christened by a Navy veteran who identifies as ‘transgender.’ Harvey Milk is considered a hero in the homosexual community – but his actual history is very telling of the intentions of the homosexual movement.

He was a known pedophile, though he was never prosecuted for it. It’s widely understood that throughout his adult life, he repeatedly raped multiple young boys. One, in particular, he enticed to run away from home in Maryland. This young man eventually committed suicide. Another, he enticed to run away from home in Minnesota and not tell his parents. This boy’s parents did find out and they filed a complaint, but Milk was never arrested or charged, or even questioned. His homosexual relationships with young boys were numerous – and this was the lifestyle of this “civil rights leader.”

The rainbow flag Harvey Milk created is a symbol of conquest, and you don’t have to look very far today to see how America has been conquered by the spirit of Sodom. The ultimate goal of the homosexual movement is to lure, entice and groom

little children, to twist their minds, rape their bodies and destroy their souls. You can research a document from 1987 entitled *"The Gay Revolutionary,"* and specifically, *"The Homosexual Agenda."* As sickening as it is, I will quote the first paragraph of that here: *"We shall sodomize your sons, emblems of your feeble masculinity, of your shallow dreams and vulgar lies. We shall seduce them in your schools, in your dormitories, in your gymnasiums, in your locker rooms, in your sports arenas, in your seminaries, in your youth groups, in your movie theater bathrooms, in your army bunkhouses, in your truck stops, in your all-male clubs, in your houses of Congress, wherever men are with men together. Your sons shall become our minions and do our bidding. They will be recast in our image. They will come to crave and adore us."*

And so here we are. Christians, Conservatives and Patriots did nothing, while the homosexual mob continued steadily forward with their agenda. First it was "Drag Queen Story Time" in public libraries – and the parents would take them there. Now these events have moved to public schools as well as public parks and churches. "They've been "re-branded" and marketed as "Family-Friendly." And always little children – even pre-school children – are the targets, because *they must recruit.* You'll never see a rainbow flag at a Senior Citizens Center or nursing home. But wherever children are, there will be that symbol of conquest.

Today, one in six of our "Gen Z" young people identify as some color on that rainbow spectrum – and by the way, we're now told there are 72 distinct "genders" to choose from. Also today, 76% of so-called "Bible-believing, church-attending Christians" now affirm that same-sex "marriage" and "transgenderism" are just alternative lifestyles, perfectly acceptable to God, because He made them that way. Blasphemy.

John Wesley, the founder of the Methodist Church is quoted as saying, *"What one generation tolerates, the next generation will embrace."* Indeed. I wonder what he would say about what

just happened. The United Methodist Church (UMC) voted on May 3rd to change its bylaws (called Book of Discipline), repealing its longstanding ban on same-sex marriages by its clergy and in its churches. The change allows clergy to be homosexuals themselves and to perform all homosexual ceremonies celebrating homosexual unions. Many other once-Christian denominations have already embraced the sodomite agenda.

I mentioned I put together a Step-by-Step Guide to organize an alternative public event – a Natural Family, Christian event – which anyone can do, anywhere in the country. Such a public event provides a stark and clear contrast between what's normal and natural and what's twisted and perverted. It's unlike anything else, and it's entirely positive for every community. It's "lighting a candle," rather than "cursing the darkness." I believe it's our best hope to turn the tide of public opinion back to God and His natural order – and undo the brainwashing this cult has cast over our young people. Let me know if you'd like the information, but understand, we can't do the work for you. You'll need to invest your time and you'll need to step out of your comfort zone. But is it not worth it, to save your children and grandchildren from this abomination?
