

# Weaponized Immigration and the Cult of Diversity, Inclusion and Equity

Do you understand that over 11 million illegal aliens under Biden in the past 38 months constitute a “Weaponization” against the American people? Do you see them organizing in our big cities? Do you realize that you’re paying for them to create terror in your city and/or our country?

Do you realize that it’s so bad that even “Sanctuary State” Governor Kathy Hochul just added 1,000 police to NYC’s subway system because it’s become so deadly to subway riders? In fact, New Yorkers fear riding to work and back. Records show 2,000,000 less riders, daily. Even Mayor Adams has reinstated random bag and backpack checks. Gosh, what a “racist” procedure! Except Mayor Eric Adams is black.

Even Laken Riley’s parents are going to sue the State of Georgia for housing illegal aliens, the ones that kill children. At some point, they need to sue Joe Biden for all the killers he’s invited into America, especially the drug pushers who kill 100,000 annually.

Even the “Defund the Police” residents of Portland, San Francisco, Chicago and LA backtracked on their own stupidities. They’re tired of their kids having to trip over drug users injecting themselves in the streets on the way to

school. Not to mention, those kids must step around piles of human excrement!

### **Then You've Got DIE: Diversity, Inclusion, Equity**

My friend from North Carolina Terry Payne said, "Whenever I hear these cult words – Diversity, Equity, and Inclusion (DEI), – I start to retch. In their original context, they are splendid words. Unfortunately, the Democrat Party has distorted their interpretation and context to signify the opposite of core definitions.

"Democrat Party leaders employ DEI to create division, hatred, and exclusion. Party activists claim DEI originated from the Civil Rights Act of 1964 and "affirmative action" legislation. Nothing could be further from the truth. DEI ideology is rooted in the communist philosophies of Karl Marx, Vladimir Lenin, Saul Alinsky and Frank Marshall Davis – Barack Obama's mentor."

We need to educate ourselves as to the final intention of anyone and everyone who wants to institute Critical Race Theory and D.I.E. Both those ugly programs expect to undercut and destroy the United States of America. How does that happen?

Payne said, "The most successful accomplishment of the Democrats is the "balkanization" of society. Their perverted version of diversity, – under the stewardship of Obama – fomented division and hatred after promising the opposite. Instead of unifying Americans, the Obama presidency morphed into the Marxist strategy of "divide and conquer." Obama's destructive vision flourishes under the Biden-Harris administration.

"DEI ideology has replaced the core liberal values of merit, fairness, and equality in academia, professional organizations, media, government agencies (including the DOJ and FBI), and Big Tech. DEI bureaucracies and groups have

mushroomed operating behind the scenes with ambiguous definitions, goals, and policies.”

In other words, I’m not the lone wolf journalist, along with Devvy Kidd, who understands the liberals’ agenda. It’s galloping toward us if we don’t stop it. We need to write and speak out against it. We must take a stand.

Payne continued, “The Left’s version of diversity means giving special privileges to certain protected classes of people – people of color, LGBTQ, women – so they can acquire socio-economic control over the majority, which currently is white. This is “tyranny of the minority.” Politically, DEI translates to acquiring votes. It’s a part of the Democratic Party’s campaign strategy to divide Americans based on skin color and collecting the votes of all non-white populations.”

If we go down that CRT and D.I.E. path, and let it take root, it’s going to grow into a monster that cannot be stopped. If you brainwash enough kids’ minds, you’re going to suffer millions of them hating their own country and hating anyone of a different color. That’s how you kill a country!

“Ironically, where you have commitment to diversity, there is no thought diversity. People who demand attention to diversity are against viewpoint diversity – meaning no First Amendment,” Payne said. “Diversity translates to: “it’s great to act different if you think the way I do.”

Yes, free speech can be messy, but it is the foundation of our entire country.

“There are inherent problems with the idea of DEI, or civil rights Marxism,” said Payne. “First, it’s “systemic racism” because of the fundamental discrimination in its concept that all aspects of success are due to exploitation and discrimination by the white majority. When DEI is applied to groups, underperforming groups are to be considered “victimized,” whether they are victims or not. Those who are

members of overachieving groups, whether they are victimized or not, are to be treated as villains. All white men are by definition “supremacist villains.”

“Second, interrelated to the first, DEI produces mediocrity. Since success is treated as immoral and failure as righteous – because victimhood is fortitude – then mediocrity is that transition “sludge” where you avoid being labeled as an underperformer and also escape ridicule for being an achiever.”

Just like all those leaders in big cities are crying out against open borders today...because they got swamped with reality, we need to stop the D.I.E. and CRT agenda before they grow deep roots.

Payne continued, “In dysfunctional academia, racially diverse mediocrity is preferable to nonracial meritocratic achievement. Look, for example, at Harvard where [President Claudine Gay](#), despite being a serial plagiarist and evasive on antisemitism, finally resigned on January 2, 2024.”

We need to return to what Reverend Martin Luther King said, “I have a dream that my four little children will one day live in a nation where they will not be judged by the color of their skin but by the content of their character.”

Our Constitution gives everyone the right to explore, learn, grow and “become” in America. We don’t need CRT or DIE. We need excellence based on academic distinction, work performance and honest contributions to our society.

Along with 11 million illegal alien border jumpers, CRT and DIE are pure unadulterated horsesh\*t. Biden’s got to go into an assisted living home before November, 2024.
