

Welcoming Islam's Conquest of America, Canada and Europe: A Coming Nightmare

By Frosty Wooldridge

June 5, 2025

Last weekend, illegal Muslim migrant Muhammad Soliman drove from Colorado Springs with his 16 Molotov cocktail bombs— into Boulder, Colorado, to fire bomb Americans walking along Pearl Street Mall. He injured 12 people that he lit on fire with his homemade flame thrower.

“According to the criminal complaint, on June 1, 2025, at approximately 2 p.m., Soliman threw two lit Molotov cocktails at individuals participating in a gathering near the Boulder Courthouse of members of “Run for Their Lives,” which organizes weekly walks to call attention to the Israeli hostages in Gaza. When he threw the Molotov cocktails, Soliman yelled “Free Palestine!” The Molotov cocktails ignited in the crowd of people, causing burn injuries to eight individuals.” (Source: U.S. District Attorney’s Office, Boulder, CO)

For the record, Boulder, Colorado invites illegal aliens to live, work and commit crimes in Boulder. I used to live in Boulder that stands as a mini-California where laws don’t count. Criminals hide in Boulder with immunity from the police. Their schools suffer from illegal children overwhelming the social services as to “free lunches”, free schooling, free books, free ESL classes, and free medical care. The “free” parts are citizens’ tax dollars.

In fact, the mayors of Boulder and Denver support open borders and Sanctuary City status. Our two U.S. senators support open borders and Sanctuary Cities. At the same time, Governor Jared Polis supports open borders and Sanctuary Cities. We've got 45,000 illegals in Denver. They cost us billions of dollars. They trashed downtown Denver beyond recognition. But, as they say, our mayors and governor invited them!

"The complaint also alleges that when Soliman was detained by local law enforcement, at least fourteen unlit Molotov cocktails and a backpack weed sprayer, potentially containing a flammable substance, were found nearby. A car registered to Soliman, parked a block away, contained a red gas container, red material consistent with rags used in the Molotov cocktails, and paperwork with the words, "Israel," "Palestine," and "USAID."

When Soliman's wife and kids were arrested immediately, and were set to be deported back to Egypt—a Colorado Federal judge stopped the deportation. The fact remains that the wife knew her husband was going to firebomb Boulder's residents. She was complicit in his plan. Yet, she's protected from being deported. In other words, even if Soliman had killed two dozen or four dozen people with a machine gun or C-4 bomb, the leaders of Boulder would continue to maintain Boulder as a Sanctuary City.

How crazy is it when two Jewish kids were gunned down in Washington DC a few weeks ago because our leaders are allowing open borders, rampant anti-semitism, and total disregard for the law? It's becoming endemic in our colleges, our Sanctuary Cities, and throughout the country. Just kill Jews because they are Jews—is the standard by which Muslims operate.

"The complaint further alleges that, during an interview with local and federal law enforcement, Soliman stated that he had researched on YouTube how to make Molotov cocktails, purchased the ingredients to do so, and constructed them. He traveled to

Boulder in his vehicle with the Molotov cocktails and threw two of them at individuals participating in the gathering. He stated that he wanted to kill all Zionist people and wished they were all dead. He stated that he would do it (conduct an attack) again. Throughout the interview, Soliman stated that he hated the "Zionist group" and did this because he needed to stop them from taking over "our land," i.e., Palestine. He stated that he had been planning the attack for a year."

You cannot help but wonder when will mayors and governors get the message or connect the dots that we don't want to incorporate Muslim terrorists into mainstream America? Do their own kids or wives or husbands have to suffer death from a terrorist attack before we stop accepting Islamic followers into America? Do we need another 9/11 or dozens of mini-9/11's?

To show you what's coming to America, in Vienna, Muslims are now more than 50 percent of school children. Teachers are quitting in large numbers because student attacks on female teachers, violence against authorities, and verbal abuse.

RMX News reported, "Teachers are quitting schools in Vienna in droves, with up to 20 teachers quitting per day due to the extremely stressful environments featuring mostly migrant Muslim children, many of whom do not speak German or very little German.

"According to a study by the Austrian Statistical Office, around 70 percent of school-age children in Vienna do not speak German in their everyday life. Now, the rise of mass immigration has created growing problems in the Austrian school system, with the Vienna school system threatening to collapse.

"Austrian politicians were more or less backing German Chancellor Angela Merkel's idealistic approach to mass immigration from Muslim countries during the first big wave of

migration in 2015. Now, Austrian schools are no longer able to cope with the problem they have been entrusted with because integration is still not a compulsory subject for immigrants."

As you know from earlier commentaries, Detroit, Michigan stands as an Islamic Caliphate in our country with 300,000 of them practicing de facto Sharia Law. Another 125,000 Muslim Somalias in Minneapolis, Minnesota also practice Sharia Law. Same with New York City!

When the Hamas slaughter occurred October 7, 2023, the Muzzies in Detroit chanted on social media, "Death to America." In other words, they are 300,000 strong-terrorists imported into our own country. Europe is already being displaced by 55 million Muslims, 10,000 mosques and incredible tension that will eventually morph into civil war. You know it's coming as surely as the dawn. And, it's going to be a bloody conflict. You cannot mix a 6th century barbaric religion into 21st century first world societies.

Muslims are already creating a 400-acre "Islamic City" near Dallas, Texas. It's ALL Muslim, walled, and a territorial marker. We're just sitting around thinking they will "play nice." With Islam, there IS NO INTEGRATION into Western Society.

So why are we following in Europe's footsteps? Islam is a 6th century savage religion that honor kills 20,000 women annually, all of its women suffer female genital mutilation, and a woman is 1/2 the value of a man. We're talking about a religion that is GROSSLY incompatible with Western Culture—yet we keep inviting it into America to kill our own culture, free speech, women's rights, children's rights and animal rights.

Why are those scoundrels in Washington DC unable to "see" the obvious? Is it the same reason they didn't want to "see" Joe Biden's Alzheimer's Disease for the past four years? Is the main stream press in on the same stupidity with Islam as they

were with Joe Biden's dementia?'

This quote cannot be repeated enough: "Islam is not in America to be equal to any other faith, but to become dominant. The Quran should be the highest authority in America, and Islam the only religion on Earth," Omar Ahmad, Director of Council on American Islamic Religion.

Finally, in the Quran, "Convert or kill all non-believers."

Whether it's another BIG 9/11, or hundreds of mini-9/11/s like Muhammed Soliman in Boulder last weekend, if you're a non-believer, you're in their gunsights.

The ultimate question: Why are we doing this to ourselves?
