

Were America's Founding Forefathers Occultists?

"The Freemasonry of the United States is not what it was in the days of the fathers." –Albert Pike

Oh, how the revisionists of the day would have us all believe that our forefathers were a bunch of Satanists and occultists who were used to establish this country. Read Matthew 7:16-20. I am here today to tell you that nothing could be further from the truth.

Radio listeners requested that I take up the issue. So, I accommodated and I was glad to answer the request. After a month and a half of research, reading, time, effort, and perseverance, I'm happy to bring the final version of the finished product.

Here's a first review:

Bradlee,

I was thrilled to see the documentary on the Masons.

I was taken by the graphics, the narration and the whole presentation of the great truths presented in this documentary.

May it spread far and wide with the message that many may

come to understand the truth of our founding fathers and once again realize that our country was truly founded on solid Christian principles and not how the revisionists have portrayed it.

May the grace of the Lord and the blessings of the Lord continue to sustain you in all you and Tim do through this ministry

Thank you brother for being faithful.

Love ya bro.

In Christ our Savior.
