

What About the Corruption-Incompetence in Washington DC?

By Frosty Wooldridge

The sheer magnitude of incompetence and corruption in Washington DC makes this journalist sick to my stomach weekly. It's almost beyond comprehension of what's going on with those 535 Congressional Critters. What are they doing and why are they screwing up/destroying our country to this degree in 2023?

Not to mention, we endure our president of the United States who shakes hands with the air, must be led off stage by his wife, who doesn't know where he is or what day of the week it is, let alone the location of Israel on a map. He doesn't write his speeches. He can't remember what he's talking about as he mumbles along with the aid of a teleprompter. Whomever writes his speeches is the one running our country.

Yet somebody continues the coverup of his dementia. World leaders know it. He makes a fool of himself and our country with every meeting with leaders of Europe, Canada, China, et al. His wife won't expose the fact that Biden cannot maintain a cohesive thought or complete, knowledgeable sentence.

Our Open Borders Are A National Disgrace And Dangerous

Either he or she, or his staff cannot or will not comprehend the long-term consequences of his open borders mandate. If

anyone thinks 8,000,000 illegal aliens added in the last 34 months along with the 12,000,000 previously added before Biden will end well--they would be termed damned fools. It's my bet that Islamic sleeper cells are preparing massive destruction of electrical substations, lighting prairie fires in the coming summer, poisoning our water supplies...or, as you can see, those Muslims lead thousands in riots and protesters in favor of Hamas' slaughter of Jewish women, children and elders. In other words, we've swallowed the Islamic Beast. And, in the end, that Beast will swallow us. I don't know why anyone can't see it. Whether you see it or not, we're heading into a very dangerous future for our country.

For example, my two Colorado U.S. Senators, Bennet and Hickenlooper, are as useless as a three dollar bill. They have broken their oath of office for years. Bennet and Hickenlooper support open borders and endless illegal immigration. They made Colorado a "Sanctuary State." Our Governor Jared Polis can't fix Denver's 10,000 homeless situation, so he has invited another 5,000 illegal aliens for us to care for with our tax dollars. He's known as Governor Jared "Pothole" Polis because our roads explode with potholes that destroy car wheels and cause deadly accidents. My House of Representatives lady Brittany Petterson sits behind a desk all day with nothing to show for it at the end of the year.

Department of Homeland Security Chief Mayorkas should be impeached for his incompetence, but then, he's doing what Biden's handlers dictate. And yet, if the House impeaches him, the democrat controlled Senate will not convict. How stupid or corrupt are the Senators who will not convict such insanity of losing our sovereignty as a nation?

What have our 535 Congressional Critters not done? No solutions to our \$33 trillion national debt. No bills rescinding the insane "Asylum Act" that allows Biden to destroy our borders and national sovereignty. Just let millions of the world's poor invade our country with no

thought about our own citizens. Let our own country become a third world nightmare. No solutions for the \$100 billion in annual shoplifting in America. No solutions for over 500,000 American homeless. No solutions to inflation. No solutions for our failing schools that are overrun with illegals' kids. No solution for Climate Change they so desperately push. No solutions to the "Transgender" nightmare. No solutions to the 124,000 Afghanistan refugees Biden flew into our country without vetting, that still inhabit five military bases around our country. No solutions as to the incredible tax burden on you and me annually at over \$150,000,000,000.00. No solutions for teaching Critical Race Theory that engenders hatred for one's own country. No solutions for the massive drug influx into our country that kills 100,000 kids annually.

Those DC people simply WON'T do their jobs per their swearing on the Bible to uphold our U.S. Constitution.

Are they incompetent or corrupt? We know Rep. Nancy Pelosi exceeds Al Capone in corruption as to insider trading on defense contracts. But there are dozens more House members doing the same thing. We know that Rep. Maxine Waters, Ilhan Omar and dozens of others are corrupt or incompetent—but they keep getting reelected.

We all know we need "Term Limits", but no one will vote for limits because the "good old boys" network is so entrenched. Read **The Democrat Party Hates America** by Mark Levin. You'll get a taste of the incredible depth of corruption and fraud in DC.

For the record, I am just a regular Baby Boomer who thought we could make America and the world better. But in the past 50 years, the "world" has gotten much uglier, much more overpopulated, and much more dangerous. Earth Day is a total joke. The outright killings in our cities, the astounding shoplifting, the car jackings, the homeless, the marches IN FAVOR of exterminating Jewish people both here and all of

Israel...how could that much hate boil up in our country?

You hear all these people cry about saving our planet from "Climate Change", but they won't address the "driver" for it: EXCESSIVE HUMAN NUMBERS! They intentionally ignore what's causing it as if they are parading for some grand solution...but they are living a grand illusion. It's enough to drive me nuts! How about you?

Why aren't more Americans wondering how it's going to be when we import another 50 or 70 or 100 million more third world people into our country? That's what's coming. It's not going to be pretty, and yet, most Americans are oblivious to our horrid future.

In the end, I try to live a decent life, daily. I keep my part of the world clean, neat and peaceful. I go to work daily with a positive attitude. I participate in my town of Golden, Colorado. I hope you do your best to keep your town, state, family and community in good stead. I hope you support our military and our police. I hope you are proud to be an American. I hope you say your prayers at night and thank God you live, work and play in America.
