

What Have “We” Done To Our Country?

Do You Remember When:

- People would say “please” and “thank you”?
- Moms called their kids to dinner before dusk?
- You played Hide-and-Seek and climbed a tree or two?
- You knew what “downtown” was and it wasn’t far away?
- You caught lightning bugs in a jar?
- Drugstores had fountains, and a kid had a bike to ride?
- You read comic books by the ton just for fun
- Families did things together rather than be buried in a cell phone?

That was the Old AMERICA – the New AMERICA allows a guy and his girlfriend with two kids to not get married and:

- Guy uses Mom’s address to get his mail
- Guy buys a house and rents it to girlfriend & his 2 kids
- Section 8 pays girlfriend \$900 a month to rent home
- Girlfriend gets to go to college for free as single mom
- Girlfriend gets \$600 in food stamps a month
- Girlfriend gets free cell phone and free utilities
- Guy lives in home but keeps Mom’s address for his mail
- Each claim’s one child on tax return to claim head of household and \$1800 credit
- Girlfriend gets \$1800 a month disability for bad back and never has had to work
- But – a married couple with stay at home Mom gets \$0 assistance.

Bottom line – An unmarried couple with stay at home mom nets \$21,600 disability + \$10,800 free housing + \$6,000 free insurance + \$6,000 free food + \$4,800 free utilities + \$6,000 Pell grant money to spend + \$12,000 a year in college tuition free from Pell grant + \$8,800 tax benefit for being a single

mother = \$75,000 a year in benefits!

Now we have almost half the country sitting at home doing nothing while the other half of the country tries to support them while Congress sits in D.C. spending all this money on JUNK! The frosting on the cake is the constant expansion of the H-1B, H-2B and EB-5 visa's giving our jobs to foreigners IN our country (Gulen Charter schools to name one) – the ones that don't already have them because Congress voted for NAFTA and GATT (Thank You Newt Gingrich) for jobs to be sent overseas.

I'm not kidding America – America just isn't America anymore! You just cannot make this stuff up! If everything going on in this country wasn't so very sad it would be laughable. You look at this and don't have to think very long and hard about how we got to the debt level we are at.

And by the way – never believe that is [YOUR](#) debt or you are responsible for paying it back to anyone because you aren't.

We have clowns running the country who stand behind an “R” or “D” which are, after all, just letters of the alphabet representing lies, deception, fraud, manipulation and distrust and you expect things to get better because we change the leader in the White House? What about the slimy swamp settled in Congress? Stinks to high heaven.

They can't even be true to their own party let alone a whole country!

It doesn't bother you that members of Congress have to BUY their committee appointments from their respective political parties to the tune of \$200K – \$500K+. Oh, you didn't know that? Where do you think they get all that money? Buy filling all their legislation with piles of pork to fill their wallets and make themselves look good. Make their home districts feel important and then they can get re-elected.

Doing the same thing continually expecting different results is not only unrealistic, but insane!

How long have you known Comey screwed up? He took money from the Clintons, was hired by a "D" and his brother does the Clintons taxes and these crooks are still walking the streets of America and probably have moved most of their stolen money to another country.

One minute we are picking on Comey, and then the next not enough has been done. He should have been fired rather than Flynn taking Pence, Priebus, DeVos, her brother and Trump's son-in-law with him.

Congress has sat back and done nothing while: Nazi Collaborator George Soros' Pro-Communist "Open Society Foundation", 100 Progressive & Leftist organizations that Soros funds for millions of dollars annually, like the Marxist Leninist Communist Workers Party's front, [A.N.S.W.E.R](#)".

"A.N.S.W.E.R" was funded by "Open Society Foundation", the Communist Party "Progress Unity Fund.", Al Sharpton's "National Action Network," Obama's Organization For America with 250 offices nationally, the left leaning Democratic Party, The New Black Panther Party, LA Raza, NOW, CAIR, the Communist Party USA, Black Lives Matter, the Muslim Brotherhood, The Weather Underground, American Immigration Lawyers Association, The International Refugee Assistance Project, The Nation of Islam, The Tides Foundation, Planned Parenthood, Amnesty International, The American Civil Liberties Union (ACLU), American Federation of Teachers, Code Pink, the Service Employment International Union, The International Refugee Assistance Project, a small group of "Rhino Republicans", and other Anarchists & Radical, leftists groups.

WHAT DO THESE ORGANIZATIONS HAVE IN COMMON? THE DEMISE OF AMERICA! Why is Congress allowing all the dog and pony shows

against our President rather than shutting down these seditious organizations and bringing charges against those committing treason against this country?

They have aligned themselves with these seditious groups of progressives, Socialists, Leftists, Marxists, Communists, and Radical Islamists who are determined to bring down a President of the United States and the country by any means possible.

Not only are we NOT emptying the swamp we have added to it. There is a great big "sucking" sound of the right leaving Trump behind if he doesn't take control of his appointments – they set the tone and the ring sounds a great deal like the tune of the "Council on Foreign Relations".

Please do not misunderstand me – I voted for Trump, but what happens in D.C. sets the tone for the whole country and we cannot afford to fall backwards and continue to splash around in the swampy water. Trump needs to be sure he surrounds himself by loyal Americans who have the best interests of this country at the forefront of everything they do.

We have watched the build-up of a sub-CFR with most of the cabinet appointments. Adding to the mix we have a leader of the House who continually acts more like a liberal Democrat than an "R" and far too many of the same in the Senate.

Hillary is a crook – a larger one than most, but none the less a crook. Why hasn't the Justice department arrested her and her slimy handed husband? I have done enough research to know they could arrest them, why hasn't our government. Oh right, I forgot – the other "party" was in charge until just recently! Proves my point – just what is a PARTY? Or is it that they would rather go after every day Americans like Clive Bundy?

PARTY when it comes to a political party means corruption, fraud and deceit along with the continual, on-going separation of this country over something – anything – as long as we all NEVER agree on anything! Add in those "Never Trump" self-

righteous so called conservatives who act more liberal than liberals especially if you don't agree with them.

So where is this county today?

Reaching across the political table and considering a member of the CFR to head the FBI is not a promising idea for America! In fact, Joseph Isadore "Joe" Lieberman since 2006 has acted as if he doesn't know who or what he is. He endorses John McCain and Lindsay Graham who are both "wolves in sheep's clothing" along with his endorsement of Hillary for president. As Senator, he introduced and championed the Don't Ask, Don't Tell Repeal Act of 2010 and the legislation that led to the creation of the Department of Homeland Security along with being a staunch supporter of the War in Iraq.

In 2000, Rabbi Marvin Antleman stated, "I just went through the CFR roster. Lieberman's name is on the membership list. We're being sold a bill of goods again."

How can anyone trust Catholic members of Congress supporting Choice and abortion against their religion or Jews supporting the CFR's agenda. The CFR's Middle East Task Force Report of July 1996 spells out the organization's position in no uncertain terms; Israel must return to its un-defendable 1948 borders and Jerusalem is to be divided into two national capitals.

Rabbi Antleman thus doubts the authenticity of Lieberman's commitment to Orthodox Jewry. "How can you be Orthodox and belong to an organization which promotes the division of Jerusalem and which, in the past, has financially backed such irreligious movements as communism and Nazism?" he asks. "The CFR's purpose is to promote and arm violent and disruptive national movements in order to upset the world's status quo and replace it with their alternative world order. **There is no place within for a religious Jew unless he is dangerous window dressing.**"

My point to this is, how can we trust these men and women who belong or have any affiliation to the CFR when their goal is the destruction of our country and now we have them working from within?

So, who are the token members of the CFR who have been appointed to our country's leadership?

Rex Tillerson – Mr. Big mouth and Master of Intimidation. This is a man who totally has supported Common Core, even to the point of calling various legislators and threatening to cut off campaign donations to some – even those who support the oil and gas industry who spurned Tillerson's entreaties on Common Core. He wrote a threatening [letter](#) to the then governor of PA, Tom Corbett. He appeared at education summits and underwrote TV advertisements.

Though not a member of the CFR, Exxon-Mobil was a founder and corporate member. Not being an official member himself, Rex Tillerson sounds like he supports their philosophy and goals from remarks he made to the CFR in 2007 boasting to them that he shared their views on globalism. "Like the Council's founders, I believe we must choose the course of greater international engagements."

Neil Gorsuch – sitting on the Supreme Court. He is a member of an anti-Trump, pro-gay marriage, pro-abortion church, and the senior female pastor loved the Women's marches where women acted and spoke like they had just walked out of a sewer. He ushers, his girls are acolytes and his wife reads scripture...anyone belonging to a church like this is no pro-lifer.

Is he going to tell us like Obama that he has sat in that church all those years and doesn't support their agendas or beliefs? And given his eminent position on the Supreme Court should we have been told of his term membership on the Council on Foreign Relations?

Didn't know that? Well I would say the Transition Team didn't do a very decent job since that crucial point was on his résumé and has flown largely under the radar, even among many usually well-informed voices that would have promptly sounded the alarm. Even the Democrats didn't bring up that fact.

Richard Gardner, former deputy assistant Secretary of State in an article in *Foreign Affairs* (CFR's magazine) in April 1974, explained how the agenda for world government would be pursued. "An end run around national sovereignty, eroding it piece by piece, will accomplish much more than the old-fashioned assault."

Wasn't it Gorsuch who came out right after his appointment and spoke against his President? Gorsuch decided he didn't like Trump's escalating attacks on the federal judiciary (even though they were true). He told a senator that the criticism was "disheartening" and "demoralizing" to independent federal courts in response to Trump's concern about the appeal's court hearing on his immigration executive order stating that "judges were more concerned about politics than following the law" (again true).

Lieutenant General H.R. McMaster as National Security Adviser, member CFR. Just how do you serve two totally different masters? Keeping in mind the main purpose of the Council on Foreign Relations is promoting the disarmament of U.S. sovereignty and national independence and submergence into an all-powerful one-world government.

McMaster took over as Trump's new national security adviser after NON-CFR member [Mike Flynn](#) who resigned/was replaced which on all accounts looks more and more like a well-orchestrated hit job by the so-called Deep State and others. (I expect the truth of what happened here and who is involved will come out eventually).

Once again, why are we loading our Cabinet with members of the

CFR? Over a decade ago, McMaster joined the globalist-minded International Institute for Strategic Studies (IISS) in London as a “Senior Research Associate.” According to the organization itself, his mandate was described as “conducting research to identify opportunities for improved **multi-national cooperation** and **political-military integration** in the areas of counterinsurgency, counter-terrorism, and **state building**.”

As Alex Newman wrote in the [New American](#), “There are a number of terms and phrases there that are cause for alarm – including standard globalist rhetoric such as “**multi-national cooperation**” and “**political-military integration**,” which sounds a lot like sovereignty-stealing schemes such as NATO and the European Union. There was also the term “**state building**,” which critics pointed out resembles the “**nation building**” that Trump specifically vowed to stop under his administration following costly and deadly failures by Obama and Bush.”

It is the duty of all Americans to hold all elected and appointed individuals in this country to the Constitution and if they are not willing to do so, give up their right to vote at all. It is “We the People” who are responsible for holding Congress and your local officials accountable for their actions, not just sit around and bitch according to each party you think you are loyal to.

It is OUR obligation to be loyal to our country first – if not you, then who?
