

What if Hillary gets into the white house?

Here we stand in the early part of the 21st century with a woman named Hillary Clinton who represents the new “oligarchy” of America. We’re no longer a “republic”. Hillary represents a new ‘royal class’ of elites no different than any “Divine Right of Kings”.

She’s lived a total lie for her entire life. Her marriage to “sexual predator” Bill Clinton must be the most insane and immoral story of all time as it defies the ethics of our society. She stayed with her husband through 40 or more sexual escapades with other women over 35 years of marriage, and even a national scandal known as the “Monica Lewinski Affair.” Hillary not only stayed by Bill Clinton, but she attacked those women who Bill sexually molested.

If I cheated on my wife just once, she would walk out the door the second she discovered my dishonoring of her. She wouldn’t wait for an explanation. How can the women of America vote for a woman named Hillary who disgraces the sanctity of marriage? How can they stand that Web Hubbell sired Chelsea Clinton and not Bill Clinton? Just look at Chelsea’s face and you see Web Hubbell as clear as day. That’s been her lie to the American people since Chelsea arrived. It’s total and complete fraud on Hillary and Bill’s part.

She ran the Clinton Foundation that siphoned millions for her homes and other pursuits of luxury. She got four good men killed in Benghazi, but gets a pass for lying and deceiving the FBI and the rest of us.

She promises to flood our country with more terrorist Syrian Muslim refugees to the tune of hundreds of thousands of them starting in 2017. How does anyone with a brain not understand

the final outcome of that refugee onslaught?

From there, she promises amnesty for 20 to 30 million illegal aliens to 'bring them out of the shadows'. Forget our laws! She wants to legalize criminals. Yet, somebody in high places applauds her and the polls show she races to win the White House. What and who stands behind such deception of the American people? Why do the American people delude themselves whether liberal or conservative?

She's an out and out, bald-faced liar. She lives a life lies. How can anyone vote for her? Why would you vote for a lifetime criminal with a proven criminal record? Look back on Watergate where they fired her for lying. Look back at Whitewater where she defrauded us. Look back on "Lewinski-gate" where her husband Bill said, "That depends on what the meaning of is, is."

Then, she employs a Muslim Brotherhood operative in Huma Abedin for the past 20 years at her side—giving her every possible method for injecting Muslims into our national government to make choices in favor of Sharia Law and Islamic dominance.

My God! Sharia Law stands against everything we hold dear in America. It stands against women's rights. It stands against gay rights. It stands against free speech, free religious choice, children's rights and animal rights. It's a 6th century barbaric economic-religious death cult—but Hillary approves of it.

Take a look at what we face. Dearborn, Michigan.

Every woman in America should vote against Hillary because every woman in America will ultimately face Hillary's choices of Sharia Law and continued immigration invasion. We're being invaded and Hillary aids, abets and promotes this immigration invasion.

I cannot understand how the American people can stomach Hillary Clinton. The facts speak for themselves. She represents everything we cannot stand, cannot stomach and cannot survive.

She flagrantly uses the "F-bomb" on anyone who crosses her. She uses it more than I have in my lifetime. Such incredible disrespect toward the FBI, Secret Service and Arkansas State Patrol officers!

Whatever happens, we need to make sure her sexual predator husband Bill Clinton does not get back into the White House. We must stop all Muslim immigration because, in the end, those Muslims all intend to dominate and overrun our country. We need to stop this "oligarchy" by our votes.

Lord Acton, 1834-1901, said, "Power tends to corrupt, and absolute power corrupts absolutely. Great men are almost always bad men." (The same can be said for such women as Hillary Clinton.)

"The now-retired general counsel and chief of staff of the House Judiciary Committee, who supervised Hillary when she worked on the Watergate investigation, says Hillary's history of lies and unethical behavior goes back farther – and goes much deeper – than anyone realizes.

"Jerry Zeifman, a lifelong Democrat, supervised the work of 27-year-old Hillary Rodham on the committee. Hillary got a job working on the investigation at the behest of her former law professor, Burke Marshall, who was also Sen. Ted Kennedy's chief counsel in the Chappaquiddick affair. When the investigation was over, Zeifman fired Hillary from the committee staff and refused to give her a letter of recommendation – one of only three people who earned that dubious distinction in Zeifman's 17-year career."

Why?

“Because she was a liar,” Zeifman said in an interview. “She was an unethical, dishonest lawyer. She conspired to violate the Constitution, the rules of the House, the rules of the committee and the rules of confidentiality.” (Several fact checks contest the proceedings, but cannot definitely vanquish this event.)

While Secretary of State, she illegally used outside and insecure email servers to carry on our nation’s highest top secrets of classified information. That’s a direct violation of our laws and punishable by prison. She got away with it.

If she gets back into the White House, she will lie, deceive and undermine all Americans of every race, creed or color. All for what? For power! It’s that simple.
