

What You Didn't Know About Biden's Engineered Invasion of America

If the American people knew what Joe Biden did to this country with his engineered invasion of America, every citizen, whether liberal, independent or conservative, would be screaming for his head on a platter. In four years, the enormous damage he did to all 50 states, and to all 340 million American citizens, will go down in the history books as the biggest betrayal of public trust, EVER!

In a discussion with Jeremy Beck, Vice President at NumbersUSA.com, I came away with a newfound disgust for Joe Biden, and/or his handlers, for their betrayal of all Americans.

Mr. Beck, just give my readers an understanding of the incredible lies, deceit and consequences Biden perpetuated on America:

"President Trump was elected by voters who overwhelmingly rejected the historic wave of inadmissible aliens released into the country during the Biden administration," Beck said. "This was arguably the issue that decided the election. And yet any attempt to repair the damage done by the border crisis will be undermined as long as the government is issuing U.S. citizenship to every child born to an inadmissible alien who

has been released. Moreover, once that child turns 21, they can take advantage of our chain migration policies to sponsor the parents who violated U.S. immigration laws in the first place.

“President Trump’s order would end automatic citizenship for children who do not have at least one parent who is a U.S. citizen or a legal permanent resident. The order will be immediately blocked in lower federal courts. Roughly two dozen states have already sued to stop the administration. We at NumbersUSA have always said that the debate over whether or not automatic birthright citizenship (a practice only the U.S. and Canada practice among developed nations) is required by the 14th Amendment is one that will have to be answered by the U.S. Supreme Court.”

What most Americans don’t know stems from the fact that a minimum of 300,000 illegal pregnant women violate our borders annually, and birth their babies within the USA to gain enormous amounts of welfare, money, food and housing. Not only do we pay for the new babies, but for their care for 18 years while the mother enjoys welfare and food stamps. The costs over the decades rise into the trillions of dollars. And yet, Congress does NOTHING to stop it.

Reinstating “Remain In Mexico”

Beck said, “The Migration Protection Protocols (or MPP) is better known as “Remain In Mexico.” As the nickname suggests, the MPP required asylum seekers at the Southern border to wait in Mexico until their case was heard. Most asylum seekers decided to go home, rather than wait in Mexico while their illegitimate case was decided. President Biden ended the program. Biden allowed over 12 million illegal aliens to invade our country. The House passed a bill in the last Congress to reinstate it but the Senate never picked it up. Now, President Trump is reinstating it. We do not want to roll the dice on future administrations keeping the program in

place. Congress needs to pass a law to make “Remain In Mexico” permanent.”

Ending the “CBP One” App

Beck added, “Millions of Americans who followed immigration over the last few years were shocked to learn that the Biden had been running a cell phone app where inadmissible aliens could schedule their appointments to be released into the United States. More than 900,000 inadmissible aliens have used the app to get released into the country. This absurd program is now over. Congress should pass a law to make sure it never comes back.”

Terminating all “categorical parole” programs

“As part of his securing our borders mandate via executive action, President Trump directs the Secretary of Homeland Security to “Terminate all categorical parole programs that are contrary to the policies of the United States established in my Executive Orders, including the program known as the ‘Processes for Cubans, Haitians, Nicaraguans, and Venezuelans [CHNV],” said Beck. “The vast majority of inadmissible aliens released into the country during the Biden administration (peaking at about 1 million people per year!) were done so through parole. Parole is a legal process but it is supposed to be granted on a case-by-case basis. The Biden-Harris administration granted parole to broad categories of people, essentially nullifying any legal limits on immigration Congress put in place.”

One of those programs was the CHNV program mentioned above. Andrew Arthur at the Center for Immigration Studies gives the good, the bad, and the ugly on CHNV:

He said, “As I have explained in the past, CHNV parole is uniquely vulnerable to trafficking and exploitation, and in fact DHS stopped the program last summer amidst fraud concerns.

“Dealing with the hundreds of thousands of beneficiaries of the program here is the responsibility of ICE and Trump’s “border czar” Tom Homan, but the good news for them is that the application web page for CHNV parole is now blank, with the words “Page Not Found.”

“President Trump was elected by voters who overwhelmingly rejected the historic wave of inadmissible aliens released into the country during the Biden administration,” said Beck. “This was arguably the issue that decided the election. And yet any attempt to repair the damage done by the border crisis will be undermined as long as the government is issuing U.S. citizenship to every child born to an inadmissible alien who has been released. Moreover, once that child turns 21, they can take advantage of our chain migration policies to sponsor the parents who violated U.S. immigration laws in the first place.”

If the American people possessed a clue as to the insanely enormous numbers of refugees, now at over 30 million, that have violated our laws, and our borders, they would vote out every U.S. Senator and House Member in Congress. They’re all complicit in the invasion because the majority of them did nothing to stop Biden or his handlers.

Ever more interesting, we taxpayers fund hundreds of NGO’s, Lutheran Churches, Catholic Charities, and Sanctuary Cities into the billions of dollars. Each one of them serves lawlessness, violates our Constitution, and profits off every taxpayer—while destroying the foundation of America’s laws.

As I’ve reported many times, the third world adds 83 million new babies, net gain, annually...therefore, the line of refugees never ends. Do you think we can save the rest of the world’s refugees? How? Can we continue to allow them to invade our country? Biden’s illegal actions, and those who supported him, lack any understanding that this “Biden Engineered Invasion” will cost every American citizen for decades to come. Biden

launched America toward a demographic catastrophe heretofore never seen in human history.

Can Trump save our country? Will those insidiously stupid mayors and governors abide by our immigration laws? Will Sanctuary Cities be banned? Will we stop “anchor babies” by the millions from dipping into our welfare programs into the trillions of dollars with no end in sight? Can we survive the sheer numbers being added to America that will reach an added 100,000,000 (million) more people, net gain by 2050? Will we remain a sustainable civilization? What do you think?
