"When a clown takes over in a castle, he doesn't become king, the palace becomes a circus." –Turkish proverb

"The Party told you to reject the evidence of your eyes and ears. It was their final, most essential command." –George Orwell, 1984

Inquiring minds want to know:

Are we in the middle of a really bad episode of a hybrid (and nauseating) made for TV series called, "When Dynasty meets the Desperate Housewives Club"? I mean, Ms. Kamala Harris vs Dr. Jill Biden? Really? Or possibly The Wolves of Wall Street vs the Marxist Wing of the US Congress? Or is it more likely just a gargantuan head fake against the US People? My friends, we are being played big time!

I think we're being given the bread and circuses version of the latest ploy of the NWO, to distract us with the glittery, shiny object of an abysmally failed Biden performance of the most RIDICULOUS debate I have ever had the great misfortune to suffer through, while the more venomous snake slithers into the room and opens its mouth to devour, once and for all, the Republic of the United States. Enter Barry Soetoro alias Barack Hussein Obama (front man for the Trilaterals?). After Shrillary failed to ignite a modicum of enthusiasm with the American public in 2016, what was his next choice?

After all he actually TOLD us exactly what he was going to do! As The Great and Mighty OZ, he was going to transform the US into...WHAT? He used the plural pronoun "WE", but I do not recall getting any fakebook messages or robo-calls from his royal hind'ass asking me if I agreed to his plans! Was he in possession of the Final Solution/Grand Design birthed specifically for those oligarchs at the very top of the food chain, languishing confidently that their underground bunkers are going to protect them from the next nuclear exchange? Ravenous, insatiable land sharks.

To me, it feels like the last desperate act of a tyrannical, utterly malicious pagan who has been convinced by his groomers and handlers that HE is the greatest thing to ever occur to humankind since Adam met Eve. The petulant, pretentious, smirking smugness of Mr. "O'Bama" is beyond my ability to absorb psychologically. We are being consumed by the fictional narrative of the need for Mr. Biden to step aside, while...WHO KNOWS?

I have had a very unsettling thought this morning...WHAT IF Mr. "O'Bama" has decided that they can't throw the entire ticket out and MAYBE should have Stutterin' Joe stumble off the stage and elevate Ms. Kamala Harris into the cat bird seat?? Frankly, I do not think they want to elevate The Cackler in Waiting, and that is a big problem for The Power Brokers behind the Throne...I think they want to erase our former president from the scene altogether. They have done everything they could to destroy President Trump short of murder...and even THAT may be on the table.

I know, you think I have lost my marbles; but consider this: The Dems are in very deep trouble with the Black community and the legal Hispanics, the independents who are Never Trumpers, and those on the welfare rolls. Mrs. Harris is not "black", even though she can get on the phone and read her script, while BET is pandering to the masses and toss around a few street-savvy phraseologies like, 'yah girl, yuh' know I'm out

here in these streets...", "an' they ain' like us'." (oh, please, someone gag me with a fork!) Behind the scenes, Jill has a raging hatred for Kamala. Why? Because Kamala was ruthless against Jill's Ol'Joe in the 2020 campaign when she came out with the whole Big Yellow Bus routine. Never make fun of Jill's breadwinner!!!

Getting back to the point, what the hell does Kamala's sudden street lingo mean; 'they ain' like us'? Does she have a different skeletal structure than the white folk of the US? "US"? I mean, if that means she has the pelvic capacity of a donkey, then OK. Otherwise, I find that not only insulting, but brazenly offensive as a human woman.

Kamala Harris is the genetic, biological result of an East Indian mother's and a Jamaican father's reproductive rights. Are Jamaican's and East Indian people now considered a segment of the black community? If they are, then I stand corrected. If not, it only makes Ms. Harris a Mulato, not a full-blooded black woman; although the larger community may prefer to identify as only black, which I don't have an issue with (anyone can identify as a can of worms, if they want to...it's their delusion, let them enjoy it), I find it disingenuous to only claim half your ethnic background, as if the other half doesn't count. Does it earn brownie points if I only identify as Sicilian...at least with the La Cosa Nostra? What if I decided that I only wanted to identify as German/Dutch? Does that make me a tulip growing Nazi? Is THAT less dangerous to the public?

Mr. "O'Bama" offends me when he identifies as a "black man", when he is, in REALITY, a mix of white and black blood...is he ashamed of his white blood? His White grandparents surely gave him alot of advantages as white folks who paid for his grooming (in more ways than one) with a Communist Party Member (Frank Marshall Davis).

Here's my point: IF, BHO (and those who authorize his mischief

and benefactors at the Trilateral Commission and the WEF) decided to throw Biden to the wolves (which I think has already happened) they would endear MANY Blacks and Hispanics to their ticket, IF they elevated Kamala and donated Newsome's many talents at destroying entire societies as their VP candidate. Trump would become an immediate disadvantage to certain segments of the voting public. Since they are in such a horrible political pickle with both the headliners (Biden and Harris) the unthinkable might be their next wickedness: assassination.

Kamala is VICIOUS and can deliver some pretty repeatable phrases (though sometimes she delivers those phrases with crap caked up to her knees) and is fairly adept when it comes to pulling highly debatable or otherwise completely fictitious data out of thin air. But who cares! If it causes the Marxist Media and those who are merely radical progressives, to launch a sparkling campaign ad to defend her (she's a woman, "black" and the current VP) then the more caked crap the better! Put her up against Trump in a debate? OH MY GOD! She'd have more sympathizers and supporters than jock straps in the NFL!!

I just have a feeling that something mercenary is not only in the works but has been for a long time. "O'Bama" knew going in this would not turn out well for Joe. The absolute science fiction that the Biden's and the "O'bama's" are chummy, is an egregious, laughable fantasy. Michelle and Jill have a hatred the color of blood between them and no amount of hand holding and "grinning" between them will ever change that fact. Biden is held in more contempt by Mr. Obama, than the past 100 years of Congressional activity has earned from the American People. I watched as "O'Bama" ushered Joe off the stage the other evening, and wondered, how much personal restraint did it take for "O'Bama" to keep from getting Joe to the backstage curtain before he slammed Ol' Joe face first into the floor? MORON!

So quit with the theatrical suspense, already! They didn't just let Joe go out there (OOPS) in the debate without the

consummate knowledge that he couldn't pull it off. THEY MADE/LET HIM DO IT BECAUSE IT WOULD SERVE THEIR PURPOSE to remove and replace him without blame. Think of it! Feeling sorry for Ol' Joe and WELCOMING a change! A perfect screenplay!! The Oscar goes to Steven Spielberg and George Lucas! (Oh, and BHO as producer)

How the hell else could they have done it without exposing him as the faltering, suffering dementia patient that he truly is?! ...and I don't say that with any degree of animosity. I feel genuine concern and sympathy for the man as a human being; that being said, as a politician he is definitely in the Big Boys Club of the most despicable, greedy, narcissistic money grubbers of all time! Although... he is going to have to travel light years to match his Velociraptor wife who clings to her maritally imbued power and Givenchy pearls like it was the stern rail of the Titanic on its way to Davy Jones' locker. She's an unabashed, systematic predator for the highbrow connection's sociability affords her; she's nothing on her own! It was Joe who plugged her into that world. As a Jr. in College (age approx. 24 at the time she met Meal Ticket Joe) she could see that there was MUCH opportunity in the deal. All she had to do was....well, you get it.

I find her beyond reprehensible...I find her execrable, repulsive and vulgar. She REALLY enjoys being a de facto president, a la Edith Wilson; or at the very least co-president with Valeri Jarrett & Mr. "O'Bama". Frankly, she should be charged with elder abuse for putting her husband out there for the abject criticism and commiserating liberal observation of his diminished capacity she had to know it would garner. It is simply unconscionable for a wife to open her husband up for such brutal critique.

But I digress.

I know that writers aren't supposed to operate from feelings, but I can't help it. I had total knee replacement surgery 2 ½

months ago, and am BACK at work full time even now. I've had lots of time to watch ALOT of information, read my backside off, take in a lot of opinion and observation and I know how to read between the lines. I cannot take all the credit for those abilities...members of my family were and are VERY smart people; they challenged me to always THINK about what isn't said, along with what IS said. Watch the actions and results, not the narrative or propaganda. IF the words do not match the activity (or the results of activity), there is something rotten in the State of Insanity. My cousin has been a primary motivator for me to question what is really going on. She has always been a remarkable, towering fountain of information, thought and experience. She's a treasure.

My feeling is, this is going EXACTLY the way the TC/NW0/WEF/UN/CFR/CIA planned it...or at THE VERY LEAST it was a viable, ready-to-go Plan B, if Joe's capacity declined faster than they had anticipated.

AND IT HAS.
