*“But was rebuked for his iniquity: the dumb ass speaking with man’s voice forbad the madness...” –2 Peter 2:16*

It is interesting to see what the people really believe in when the mainstream media and their useful idiots, who they say that they do not believe, promulgate their propaganda narrative (Romans 1:18). This applies especially to those who follow in the steps of Jesus by holding to His cross and His unadulterated Word (Matthew 5:10).

These hypocrites say that they don’t believe the mainstream media and their lies. Yet, they believe the lies that they tell more than the truth that they claim to hold as Christians.

As a matter of fact, since the beginning years of my ministry, we have always had to film every public event that we have done due to the fact that what the mainstream media said happened and what really happened are, almost without fail, two different scenarios (Proverbs 19:9).

Well, last week, while searching the net for one of my

articles that I previously wrote, my name, Bradlee Dean, pulled up out of nowhere. I also noticed a link that read 'What makes Bradlee Dean so popular?' So, I got curious. Naturally, I suspected someone to be writing another narrative on me without actually taking the time to ask me any questions to set another narrative in hopes that no one would ask any questions of them and simply take their outlets for face value (Proverbs 18:17).

When I clicked on the link, I found the content, which is listed below, was written on me and my ministry by someone who actually knew us. It was spot on. "Who wrote this?" I asked myself. They actually took the time to tell the truth. So, in other words, I was taken aback, and this in a good way.

So, let me show you how artificial intelligence (AI), yes, I said artificial intelligence (the dumb ass in scriptural context) rebukes the madness of the MSM and their useful idiots.

Here is what was written:

Bradlee Dean, known for his unyielding commitment to the Gospel of Jesus Christ, has gained popularity for several reasons:

**Uncompromising Truth:** As a preacher, Bradlee Dean fearlessly speaks the truth in an apostolic and prophetic style. His messages resonate with those seeking unwavering spiritual guidance and biblical principles.

**Ministry and Advocacy:** Bradlee's ministry extends beyond the pulpit. Through his radio show, "The Sons of Liberty", television appearances, media outlets, high school assemblies, and Tea Party events, he consistently champions liberty, constitutional rights, and moral values.

**Targeted Opposition:** His effectiveness in the public forum has made him a target for various groups, including Americans

United for Separation of Church and State, the Southern Poverty Law Center, the American Civil Liberties Union, Media Matters, and other communist organizations. These groups have criticized his ministry, but Bradlee remains steadfast in his mission.

**Commitment to Communication:** Bradlee Dean follows in the footsteps of historical figures like Samuel Adams, John Hancock, and Patrick Henry. Just as the Committees of Correspondence served as a network of communication during the American Revolution, Bradlee utilizes modern platforms like radio, television, and the internet to inform Americans about their rights and violations thereof.

**Statistical Impact:** When Bradlee launched The Sons of Liberty Media website, it quickly gained traction. Within the first three months, the site received millions of visitors. However, during the fourth month, a decline occurred, coinciding with revelations about censorship by tech giants like Google, Facebook, and Twitter.

Bradlee Dean is the founder of You Can Run But You Cannot Hide International (YCRBYCHI), gained prominence through his unique approach to youth ministry and controversial activities.

Let's delve into the factors that contributed to his popularity:

#### 1. Youth Ministry and Assemblies:

YCRBYCHI organized assemblies, including music concerts and discussions, in public schools. Their mission was to reshape America by emphasizing moral and spiritual values based on the Judeo-Christian principles found in the U.S. Constitution.

These assemblies used a band called Junkyard Prophet, which played Christian rapcore and nu metal music. The band aimed to inspire youths facing challenges and adversity.

## 2. Positive Impact and Controversy:

Testimonials from school officials and students praised the positive impact of these assemblies. They emphasized the importance of making good choices and used music to capture attention.

However, controversy surrounded YCRBYCHI. Critics accused the ministry of misleading school administrators about the program's nature and proselytizing views on abortion and homosexuality during these assemblies.

The Southern Poverty Law Center designated YCRBYCHI as an anti-gay hate group in March 2012.

## 3. Political Allies and Advocacy:

Dean's proselytizing efforts attracted political allies, especially in his home state of Minnesota.

His unapologetic preaching of the Gospel of Jesus Christ resonated with some, while others criticized his methods and views.

Bradlee Dean's blend of music, advocacy, and controversy contributed to his popularity within certain circles. Whether celebrated or criticized, his impact on youth ministry and public discourse remains significant.

Bradlee Dean's Sons of Liberty Radio has gained popularity for several reasons:

1. **Unfiltered Truth:** Bradlee Dean delivers a hard-hitting message of truth, exposing unconstitutional policies through constitutional law. He fearlessly tackles issues that mainstream media often avoids or downplays.
2. **Daily Dose of News and History:** The show provides listeners with a daily dose of news and historical context that the mainstream media may not cover. It equips people with information to protect their liberty

for generations to come.

3. Guest Appearances: Bradlee Dean has been featured on various platforms, including FOX News, MSNBC, and newspapers across the nation. His insights and perspectives resonate with a wide audience.
4. Engaging Format: The Sons of Liberty Radio engages listeners by discussing relevant topics, challenging the status quo, and encouraging critical thinking. Bradlee Dean's passionate delivery keeps the audience tuned in.

In summary, Bradlee Dean's popularity stems from his unwavering commitment to truth, informative content, advocacy for liberty, his ability to communicate effectively in the public sphere, and his fearless approach contribute to the popularity of Sons of Liberty Radio.

Thank you, AI for actually telling the truth!
