

When the Government Creates Agencies to Harass and Stalk it's People

“Yet have ye not returned unto me, saith the LORD.” -Amos 4:10

Today, Americans have become so ignorant of their purposes and foundations that they believe the federal government is the head and the state is the tail. In other words, Americans are watching the tail wag the dog. They have it backward (Psalm 94:20; Isaiah 59). For the record, the states created the federal government.

Look at the unconstitutional federal agencies today that have been created to be used against the people. What could people expect when these agencies are unconstitutional and the criminal conduct that has been carried out by them in so many ways?

The Federal Bureau of Investigation.

And the VHA, OIG, SSA, NPS, etc...

Did You Know That Your Government Is Arming Agencies Like The IRS, DHS, VHA, OIG, SSA, NPS?

If this is not enough damning evidence against the corrupt within, also consider what they have created when it comes to what they call fusion centers.

The Minnesota Fusion Center is a section of the Minnesota Bureau of Criminal Apprehension (BCA). Founded in 2005, the Minnesota Fusion Center is a mechanism through which government, law enforcement, public safety, and private sector partners can share information related to threats to public safety, homeland security, critical infrastructure and key resources within Minnesota.

The U.S. Dept. of Homeland Security supports the establishment of fusion centers in every state to coordinate information-sharing functions between federal, state, local and tribal law enforcement, other public safety agencies and the private sector.

Fusion centers provide an environment where the stakeholders work together to gather information, analyze data and share information to improve the ability to fight crime and terrorism locally, regionally and nationally.

Minnesota Fusion Center Mission: The mission of the Minnesota Fusion Center is to collect, evaluate, analyze and disseminate information regarding organized criminal, terrorist and all-hazards activity in Minnesota, while complying with state and federal law to ensure the rights and privacy of all.

This has been set up to war against those who stand as the opposition to a new world order

Who has been deemed by the Department of Homeland Security (Fatherland Security) as a domestic terrorist? God-loving Americans (Video above).

Their informants are hiding in Targets, corporate stores, etc. (Surveillance systems to collect information), schools, local churches, hospitals (Helicopters are also used as a front to locate, intimidate, and harass – CIA cover), and neighbors to as they say “gather information.”

Stalkers have been given tracking devices in communities to illegally harass lawful people on behalf of these agencies.

Who are they using? The special groups of victims that the mainstream media has put up, who hate the laws that keep us free, if obeyed (Exodus 20).

Of course, this is set in place to have people betray one another (Matthew 10:21). And little do these useful idiots know, that when they are done being used, they will then be disposed of (Proverbs 26:27).

Conclusion: Remember, the original definition of terrorism is “government by intimidation,” and so it is.
