

# When Will We Hold Them Accountable To Their Oath?

On April 6, 2019, Jeff Thomas Black, 50, took a portrait from Portland, Oregon City Hall of disgraced Mayor Neil Goldschmidt as an “act of civil disobedience and support for survivors of sexual abuse” and live streamed his arrest at his Portland home as he burned the portrait. He’s been booked in the Multnomah County jail for 2<sup>nd</sup> degree criminal mischief, 3<sup>rd</sup> degree theft and tampering with physical evidence.

Goldschmidt was Portland Mayor from 1973-1979 and Oregon State governor from 1987-1991. By 1994, he was a registered lobbyist in Washington, D.C. but it wasn’t until 2004, that [Goldschmidt confessed to having sex with a 13-year old babysitter](#) during his first term as Mayor. Local police and the Oregonian failed to follow up on the earlier accusation so he could not be prosecuted because the Statute of Limitation had expired. As governor the pedophile appointed his wife, Margie, to the Governor’s Advisory Committee on Prevention of Child Abuse. She was on hand when this narcissistic governor declared the month of April as Child Abuse Prevention Month. Go figure – no shame!

And following Goldschmidt, voters elected John Kitzhaber not once but twice. He and his live in girlfriend were under investigation by the FBI and the IRS, the Oregon Attorney General launched a criminal investigation of the two of them, but the latest is with the Ethics Commission which could have assessed penalties up to \$110,000 for 22 violations but the former Oregon” First Lady”, Cylvia Hayes has reached a tentative deal to pay \$50,000 to settle the Ethics case which is tied to her work as a consultant and an unpaid adviser to then [Governor John Kitzhaber](#). Both she and he should be in jail. It took longer to close this case because Hayes had a

habit of not showing up for meetings and now she's filed bankruptcy.

## **CHRISTIAN'S FREE SPEECH GOES TO U.S. SUPREME COURT**

While Oregon's "first lady" was treated favorably, we remember Melissa Klein who was the owner of a small cake baking business near Portland, who refused to bake a wedding cake for a couple shameless lesbians was fined \$135,000 for "politely" declining to create and express a message that was contrary to her faith. America rallied behind the Kleins and started a Go Fund Me" account and when it reached \$100,000, the homosexual community pressured Go Fund Me into shutting it down.

Melissa's case now goes before the U.S. Supreme Court and the outcome will impact every Christian business owner in America – their free speech rights and religious liberty.

When I saw that story on teLIEvision about Jeff's "civil disobedience", I had to laugh and wanted to find him so I could shake his hand and thank him. The Oath is similar for federal and state positions. Upon taking office, all robotic officials swear an Oath stating that they will uphold the U.S. Constitution, but most have every intention of breaking that Oath because if asked, they couldn't tell you what is in the Constitution. The Oath: "Do you swear that you will support and defend the Constitution of the United States against all enemies foreign and domestic; that you will bear true faith and allegiance to the same; that you will take this obligation freely, without any mental reservation or purpose of evasion, and that you will faithfully discharge the duties of the office on which you are about to enter – so help you God?"

## **NOAHIDE LAW NEW WORLD ORDER RELIGION**

Most officials once placed their hands on the Bible to take that oath but on March 5, 1991, the House of Representatives passed H.J. Resolution 104 by voice vote to designate and specify that our country is based upon the Talmudic "Noahide

Law” as the New World Order religion. It was passed by the U.S. Senate on 3/7/1991 and Father Bush signed it on 3/20/1991 – Public Law 102-14. In 2012 the Supreme Court set up an office of the Talmud but long before that, in Oregon Governor Goldschmidt, Kitzhaber and Senator Ron Wyden took their oath on the Talmud. In Daniel 7:25 we are warned about the fourth terrible beast, “And he shall speak great words against the most High, and shall wear out the saints of the most High, and think to CHANGE TIMES AND LAWS: and they shall be given into his hand until a time and times and the dividing of times.”

### **SPIT IN THEIR FACE AND THEY CALL IT DEW**

Congress early on was advised of the Communist Goals which were entered into the Congressional Record on Jan. 10, 1963 which included [control education](#) and promote feminism, which was designed to get both parents out of the home and into the workforce where they will pay taxes and then the Government could raise and educate the children the way they want. If you ask anyone in Congress today, they probably are not even aware of this record. I helped launch News With Views in 2001 and my first article was entitled: [OUR LIVES, OUR FORTUNES AND OUR SACRED HONOR](#) hoping that Americans would recognize the sacrifice they made for our Constitutional Republic and that we should do no less.

My second article was: [IS COMMUNIAM DEAD?](#)

On June 19, 1962 Nikita Khrushchev said, “The U.S. will eventually fly the Red Flag...the American people will hoist it themselves.” Back then it was viewed as humorous but today, after what they’ve been doing to President Trump, humor has left town!

Of the Democrat candidates in 2016 Clinton and Sanders- one was openly and defiantly Socialist, while the other attempted to mask her Socialism. Sanders wanted to demolish Capitalism as we know it. Could it be that Khrushchev realized this

youthful vulnerability 60 years ago and the political unrest being institutionalized throughout academia? Khrushchev warned they could spit in our face and we'd call it dew. Today, college unrest has mushroomed into adoring throngs of Socialist-minded students.

Ralph Epperson in his 1985 book THE UNSEEN HAND, the conspiratorial view of history showed a picture of two individuals, the Russian "Communist" Nikita Khrushchev, and the American "Capitalist, Cyrus Eaton, who are supposedly mortal enemies yet they are smiling because American and European "Capitalists" have been selling Russia strategic goods since about 1920. "There is no such thing as Soviet technology. Almost all, perhaps 90 to 95% came directly or indirectly from the U.S. and its allies."

### **TIME FOR THE YELLOW VESTED DEPLORABLES TO UNITE!**

Lately we have watched the Communist front called the AMERICAN CIVIL LIBERTIES UNION (ACLU) [attack Conservative Americans on behalf of illegal aliens](#). The ACLU calls itself the "nation's guardian of liberty" while at the same time it is fighting to "kill the First Amendment (rights) to speech, association and assembly."

And why we are still embedded in the United Nations and paying dues, remains a mystery. The U.N. is an illegally established terrorist organization operating under the guise of Humanitarian aid; however their mission is to destroy sovereign nations and to build a One World Totalitarian Government. On June 26, 1945 the U.N. Charter was signed in San Francisco with almost ALL of our reps being members of the [Council on Foreign Relations](#) (CFR) and later proven in sworn testimony to be secret Communists. America joined the push for Global Government and both parties were not only lauding and funding the recently formed United Nations organization, but were practically tripping over each other to transfer more and more power to the global body.

So, with our “civil disobedient” Jeff Thomas Black on our mind, isn’t it time for more “civil disobedience” and how can we pull it off? I have been subscribing to the John Birch Society NEW AMERICAN magazine (formerly American Opinion) for many years. Phone 920-749-3784 for cost of individual copies. I highly recommend this January 21 article. \$49 per year for a subscription. While it is not perfect and I don’t always agree 100% with their editors, I find the magazine extremely helpful when it comes to which Congress person I should vote for on Election Day. The January 21<sup>st</sup> issue begins with Article 1, Section 1, Sentence 1: “All legislative powers herein granted shall be vested in a Congress of the United States” and then they move to explaining one by one the other Articles.

The NEW AMERICAN publishes periodically the **FREEDOM INDEX – House and Senate votes – A Congressional Scorecard Based on the U.S. Constitution**. The most recent one was in its January 21, 2019 issue entitled “**When will we hold them to their oath?**”

### **IT’S UP TO US, FOLKS**

Sadly, most Americans, victims of deficient schooling about the Constitution, do not protest when congress people don’t merely make small breaches in the bulwark of the Constitution, they gouge it. If the Constitution were accorded the importance it deserves, the federal government would be 20 percent its size and 20 percent its cost and we would have 50 states whose laws more closely align with the desires of their populace. The freedom that Americans in general should seek is long over due so by ordering this January 21, 2019 from NEW AMERICAN – you will see the Scorecard of your Congress person and Senate. Choose one of the bills which he or she gouged, enlarge some picture of them from campaign literature, post it on social media and in the public square making sure the media knows about what “civil disobedience” you choose and let the **[REAL REVOLUTION BEGIN TODAY.](#)**

Today in Congress, the Constitution is adhered to selectively, and disobeyed regularly but one provision does catch the attention of these lickspittles and earns unquestioned respect: Article 1, Section 6: The Senators and Representatives shall receive a compensation for their services and no member of Congress ignores that especially like Senator Diane Feinstein, 85, who has held her Senate seat since 1992, one of the wealthiest who along with her husband, Richard Blum have been involved in any number of shady deals. [\[Link\]](#)

Now, I recognize Americans are busy earning a living, raising their children, paying their taxes and it is difficult for them to keep up with everything that goes on in Washington, D.C. but a handful do subscribe to numerous publications that helps them be more astute voters. Every week day my husband brings home a big handful of requests for participation to any number of conservative organizations and, of course, requests for money that helps keep them afloat. I swear my name is on every so-called conservative organization from abortions to funds to feed the Holocaust survivors.

By avoiding the clear intent of the Constitution has resulted in great harm to our nation and the American people. But the good news is that the Constitution is still in place and it needs only to be enforced to bring about the restoration of sound government. **ALL THAT IS NECESSARY TO BRING ABOUT THIS RESTORATION IS TO INFORM AND INVOLVE FELLOW CITIZENS TO HOLD THE FEET OF THEIR LAWMAKERS TO THE FIRE** (as 50 year old Thomas Black, above, illustrated) **AND INSIST THAT THEIR OATHS OF OFFICE MEAN SOMETHING ONCE AGAIN. AS ALWAYS, THIS DEPENDS ON "WE, THE PEOPLE."**

And while the last statement is encouraging, the article following in this January 21, 2019 issue is entitled **THE LOOMING SOCIALIST REVOLUTION ON CAPITOL HILL** and for the first time, there are enough Democrat members of the House who openly espouse socialism and anti-Americanism that they will

**dominate their party.** SOCIALISTS HAVE BEEN INFILTRATING THE DEMOCRAT PARTY FOR DECADES – The Republican Party on occasion. Sunday teLIEvision aside from sports follows all the Democrats throwing their hat in the arena for president.

The situation has gotten gradually worse since the Vietnam War era. Democrat Party “moderates” have been mostly successful – with the help of the establishment media – in keeping a lid on their Socialist wing for years, but the relentless pressure from open Socialists, along with an increasingly indoctrinated populace, has finally blown the lid off the charade. Every election cycle the radicals have gained a little more ground. In 2018, a tipping point was reached. Mere “infiltration” is boiling over into a full-fledged scarlet-tinged Socialist takeover says the January 21<sup>st</sup> article in the NEW AMERICAN which goes on to identify the many left-wing, communist supported organizations that shouldn’t even be allowed to operate in America.

### **DEMOCRATS NEED REPUBLICAN SENATORS FOR A QUORAM**

The Democrat-Socialist –Communist control in the State of Oregon has gotten so bad we’ve managed to elect a transgender Governor who is proposing \$2 billion in new taxes in just three years and a \$2 billion sales tax (prohibited) to go towards the bankrupt unconstitutional Public Employees Retirement System (PERS). About the only way it can be stopped is **IF THE REPUBLICAN SENATORS WALK AWAY FROM A VOTE ON THE MEASURES SO THE DEMOCRATS WON’T HAVE A QUORAM. WILL IT HAPPEN?** Voters should be calling the Republican Senators telling them to walk away. [[Link](#)]

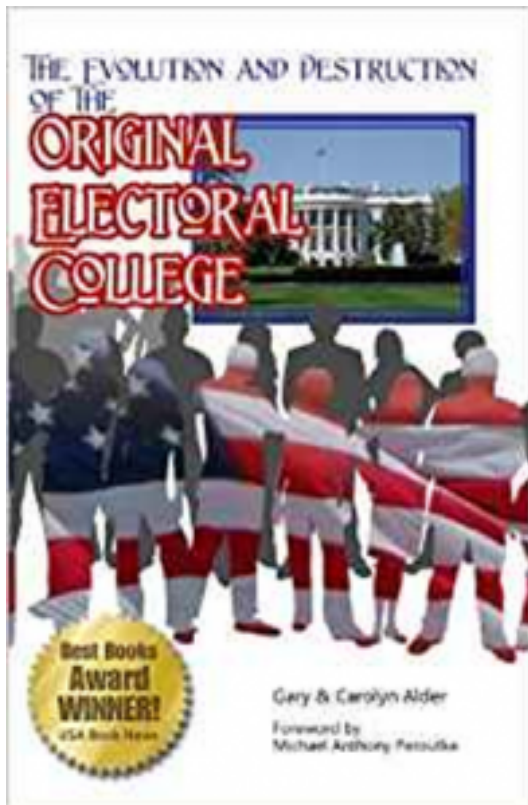

### **HERE’S THE GOOD NEWS**

This January 21 issue of the New American has the FREEDOM INDEX which lists many bills which have been introduced and voted upon and how **EVERY ELECTED REPRESENTATIVE AND SENATOR VOTED.** As I peruse the list, the one that jumps up at me for

Pro-life Conservatives is the Planned Parenthood legislation. During consideration of the appropriations bill for Health and Human Services and other Federal departments, including Defense (H.R. 6157), Senator Rand Paul (R-Kentucky) introduced an amendment to prohibit Federal funding of **PLANNED PARENTHOOD**. The Senate rejected Senator Paul's amendment on August 23, 2018 by a vote of 45 to 48 (Roll Call 191) Pluses have been assigned to the yeas because Planned Parenthood is the nation's largest abortion provider, and Government should not subsidize the killing of innocent human life. Moreover, under the Constitution, the Federal Government should not be subsidizing any private entity in the marketplace.

In reviewing the voting record of the Senators, a few got fairly high grades but no 70% passing except Senator Rand Paul of Kentucky with a score of 95% and M. Lee of Utah with a 90% vote. Senator Paul's only "nay" vote was the Opioid Abuse Prevention and Health Programs – H.R. 6 would modify Medicare and Medicaid in relation to opioid abuse. It would authorize \$500 million annually, for fiscal 2019 through fiscal 2023, for the establishment and operation of opioid recovery centers. It would also authorize the **CREATION OF OPIOID RECOVERY CENTERS**. It would also authorize the **CREATION OF AN OFFICE OF NATIONAL DRUG CONTROL POLICY** and require a study on **Medicaid drug review and utilization requirements**. A Senate amendment to the bill would remove provisions allowing Medicaid reimbursements for residential substance-abuse facilities.

The Senate passed H.R. 6 on September 17, 2018 by a vote of 99 to 1 (Roll Call 210) Those receiving pluses to the nay because Medicare and Medicaid are both unconstitutional programs. The U.S. Constitution gives no authority to the Federal Government to pay people's medical expenses, no matter how poor or disabled they are. Such assistance should be handled by states, charity, or the free market. Any expansion of Medicare or Medicaid, which is what this bill authorizes, should be voted against.

And, of course, please note the new government agencies created above which will require more government workers on the payroll, payment of union dues which supports Democrats.

And we have another Congressman like Justin Amash (Mich) who voted against President Trump's attempt to get funding for a wall at the border by declaring a national emergency. In doing so, he is one of very few who took such a principled stand. He said, "If you think my job is to support the president one - hundred -percent, then you don't understand what it means to be a Representative in Congress. My job is to support the Constitution one- hundred- percent and to represent the people of my district by protecting their rights." What this country needs is more men to celebrate real manhood like Amash, Rand Paul and M. Lee. [Check it out.](#)

## FOOD FOR THOUGHT

And last but not least, [the losers want to get rid of the Electoral College](#), and replace it with a **POPULAR VOTE** because the Democrats think they got ripped off with Bush vs – Gore and Hillary losing to Trump but what if Donald Trump happens

to win the National Popular vote in 2020? How are they going to feel when their [Electoral College](#) delegates have to pledge their vote for Donald Trump even though their state may have voted Democrat?
