

Why i'm voting for Donald Trump as our next president

After the past 30 years of our presidents and our U.S. Congresses failing us as to jobs, endless wars and immigration—thus they do not deserve their role in representing our interests as Americans. The corrupt, career politicians proved they do not serve the American people. Hillary Clinton proves herself a career, corrupt politician. You might choose to vote for Donald J. Trump.

How about these points?

Are you not sick of our country being run into the gutter because our last five presidents, both republicans and democrats, refused to secure our borders. They allowed 15 million to as high as 31 million illegal aliens to jump our borders to grab our jobs and stake a claim to our food stamps, our hospitals, our welfare benefits, our schools and they usurped our English language. Congressional members never stopped the “anchor baby” phenomenon of pregnant illegal mothers, at 350,000 annually, birthing their children on our soil for instant citizenship and welfare payments for life.

Are you not sick of paying for “free” breakfasts and lunches for their children while we suffer 13 million American children living in poverty? Are you not sick of paying K-12 education for kids who remain illegally stuck in our country? Are you not sick of paying for their medical care, ESL language courses and welfare? Your tax dollars and every person reading this column pays and pays and pays.

That's why I'm voting for Trump to enforce our laws. I want a wall or fence across our entire southern border with Mexico. I want our employment, transportation and housing laws enforced to stop illegals from gaining jobs, housing and transport.

Are you not sick of drug cartels transporting heroin, cocaine and endless drugs across our borders—destroying our young people via addictions? Are you not sick of paying for prison cells for those criminals and our own kids who become criminals because of drug use? The only way to stop it: build a wall and guard it with sentry towers every $\frac{1}{4}$ mile.

Are you not sick of watching \$80,000,000.00 (billion) of our money being “cash transferred” to other countries annually because illegal aliens and legal immigrants send our money to their families at our expense? Immigrants bleed our country financially.

That’s why I am voting for Trump to enforce our laws.

Are you not sick of giving foreign aid to countries that use us? Are you not sick of our Congress and presidents drowning us in \$19.5 trillion debt? Are you not sick of paying over \$30,000,000.00 (million) per month in interest? If you’re reading this column, you’re paying that interest into the pockets of the corporate elites.

That’s why I am voting for Trump to stop the financial bleeding of our country.

Are you not sick of the fact that our Congress created “free trade” instead of “fair trade”? This unfair trade practice costs us millions of jobs given to India, China, Mexico and Indochina—making their countries rich—while making our citizens poor. For example: we owe China \$1.4 trillion because they blast us with cheap labor products, while 48 million of our citizens stand in food stamp lines. I want my president to serve my fellow citizens, first, second and always.

That’s why I’m voting for Donald Trump—because he puts Americans first. He will bring those jobs back to our country to employ our African-Americans, Hispanic-Americans and other poor and jobless Americans. It’s simple economics: fair trade not free trade.

Are you not sick of watching 1.2 million legal immigrants flooding into our country annually? The majority do not and cannot benefit our country. Most leech off welfare or take jobs from native-born Americans. Don't you want to see our entire immigration system changed to serve our country, first? Don't you want to see all immigration stopped because we don't need any more immigrants for any reason, whatsoever? We already suffer millions of Americans without jobs. We suffer horrific educational consequences, as our own kids cannot learn with 100 different languages in their schools. Example: in my city of Denver, Colorado—our kids must wade through 173 different languages. We simply cannot save the world or educate those who cannot be educated. (Source: Denver Post)

That's why I am voting for Trump.

Are you not sick of America becoming the "Charity Ward" for the entire world, especially the Muslim world? Do you want 110,000 Syrian Muslim refugees overrunning your country? Why? Another 110,000 follow them, and then, another 110,000 more after them—and the line never stops. We cannot save the rest of the world's refugees, but we will destroy our own country by endless immigration out of the third world. Third world people cannot function in first world countries: they subsist on cyclical welfare paid for by your tax dollars.

That's why I am voting for Trump.

Are you not sick of immigrants coming into our country with incompatible and violent cultures and violent religions? Yes, Islam grows more violent with more Muslim immigrants. It's destroying Europe and Canada. Muslims already bombed us with 9/11, Boston Marathon killings, Chattanooga, Fort Hood, Moore, San Bernardino, and Orlando massacre! Their Quran dictates that they must conquer any host country by using terror:

Quran Sura 22:19— "Punish the unbelievers with garments of fire, hooked iron rods, boiling water; melt their skin and

bellies.”

Quran 8:12 – I will cast terror into the hearts of those who disbelieve. Therefore strike off their heads and strike off every fingertip of them.

Unfortunately, the more Muslims we import, the more terrorist events. It's the nature of the religion. It's not going to change, because, as their numbers grow, so does their push for Sharia Law. There's no way to soften their prime directive: "Convert or kill all non-believers." One look at Europe shows you our future. Journalist Daniel Greenfield wrote, "When you turn on the evening news and see a running death toll, it's happening more and more often. The new brand of Islamic terror only needs one thing... Muslims. Lone wolf terrorism operates off the existing Muslim population in a particular country. The bigger the Muslim population, the bigger the risk. The FBI or other law enforcement agencies cannot monitor even a fraction of the Islamic settler population sympathetic to terror. As the Muslim settler population in the country increases, the number of cases will grow."

That's why I am voting for Trump.

Are you not sick of our country being culturally changed into third world chaos? Our Congresses force us into multiculturalism and diversity that's NOT working anywhere in the world. It's not working here whether it's Colin Kaepernick and Black Lives Matter to Dearbornistan, Michigan or Ferguson, Missouri or New York City. It accelerates in tension, separation and violence to all host Western countries.

Aren't you invested in our American culture, language and ethos? If you're not, do you prefer what's happening in Brussels, Paris, Nice, London or Stockholm?

Finally, we face water, energy and resource shortages, but our Congress continues on a path to add 100,000,000 (million) legal immigrants within 30 years. Trump said we need to

“relook at our legal immigration policy and make it benefit our country and our citizens.”

This is what 100 million looks like:

“Immigration by the numbers—off the chart” by Roy Beck

This 10 minute demonstration shows Americans the results of unending mass immigration on the quality of life and sustainability for future generations: in a few words, “Mind boggling!” www.NumbersUSA.org

Are you not in favor of common sense, severe cutting of immigration numbers for your children’s sake?

Dearbornistan, Michigan: totally taken over by Muslims—

If you vote for Hillary, you get amnesty, open borders, free trade, more poverty, more illegals, endless immigration, more debt, more destroyed schools, more drugs, more Muslim refugees from Islam’s countries, more anchor babies, more national debt until we collapse, more corruption, our guns confiscated, and more ‘good ole boy’ network of career corrupt politicians.

One thing stands true: Trump works hard, works smart and works for your success. He will prove America’s last hope for a viable economy before this nation degrades into chaos.
