Why Kamala Harris Should Not Be President

 By Dennis L. Cuddy, Ph.D.

September 5, 2024

First, she is a hypocrite. She bragged about arresting thousands of people on drug charges, while also laughing about how she took drugs in college. Also, she has a huge vessel upon which she parties but she could have sold it and given the money to the poor.

Second, as San Fransisco District Attorney she granted probation to a violent criminal who then murdered two men. She shielded convicted crack dealers from federal immigration officials when the crack dealers were suspected of being illegal immigrants.

Next, as California Attorney General she opposed concealed-carry permits for law-abiding citizens unless they could "demonstrate an extraordinary need to carry a gun beyond concern for personal safety." Also as California Attorney General she categorized rape of an unconscious person, human trafficking involving sex acts with minors, assault with a deadly weapon and more as "non-violent" crimes, allowing inmates who committed those offenses to receive earlier parole.

As U.S. Senator she encouraged donations to a fund that bailed out now-convicted rapists, assaulters, and murderers. As a U.S. Senator she also co-sponsored Bernie Sanders' $32 trillion Socialist government healthcare takeover plan that

would raise taxes, increase national debt, and functionally eliminate private health insurance. Also, as a U.S. Senator she co-sponsored Rep. Alexandria Ocasio-Cortez's $93 trillion Green New Deal which would kill up to 2 million American jobs and cost the average American family $166,000.

As Vice President she failed on the economy, with inflation reaching a 40-year high and grocery prices rising over 21%. As Vice President she also failed as Border Czar, allowing over 10 million people to enter the U.S. illegally. And lastly as Vice President she crippled domestic gas and oil producing, driving up gas prices up over 30%.
