

Why the U.S. Ignores Islam's Threat

Forget the left; they are already in cahoots with the Islamists, and they will assuredly be among the very first victims of Islam as soon as it assumes power. They both share an ideological milieu with an authoritarian mindset. Islam, with the help of the leftist media and the [Democrat Party](#), has been using the US Constitution against the American people to advance their Islamic agenda.

The left has put America in a very precarious position by allying with America's enemy. We are in a state of subversion, and most of us don't even dare to name the enemy, which is *Islam*. It is no surprise. The so-called Democrat Party always allies itself with America's hardcore enemies. It could be radical Muslims, illegal aliens, terrorists of all stripes, etc. For as long as they hate America, the Democrats consider them friends.

Many Americans are confused as to why Democrats back Islamic ideology, honor their holidays

and customs, and promote them as “the religion of peace,” knowing full well that Islam is not a religion of peace. The answer is quite simple: The Democrat Party will do anything to stay in power. They stand with anyone who dislikes America and the Republican Party.

For those who wish to serve this great nation and hope to keep it on its course toward its glorious destiny, the left recoils. An unholy coalition has been placed by homicidal liberals with Islamists who wish to destroy our existing order of freedom and liberty.

When Democrats and their newfound allies don't like what they hear, they resort to ridicule, accusations, and name-calling. In fact, they call everyone their favorite word, “racist” or Islamophobes. The Republican Party is not far behind on this issue. No one, not a single elected official in the US Congress, has dared to raise the Islam issue and speak about this extremely important topic that is eating America alive.

So far, nothing has phased our representatives to get serious about Islamic issues and their agenda.

Not even the 9/11 attacks, when a group of Muslims killed nearly 3,000 people, made them think twice about stopping Islam's ideology. Not an Islamic extremist massacring forty-

nine people at a gay nightclub in Orlando, not San Bernardino, CA, where 14 people were killed, not Major Nadal Hassan, a Muslim psychiatrist who gunned down thirteen unarmed soldiers and injured 30 others while yelling Allah-o-Akbar at Ft. Hood, TX. Not Muslim snipers killing three men and two women in separate attacks over 15 hours in Montgomery County, MD. Not even Islamic terrorists detonated a massive truck bomb under the World Trade Center, killing six people and injuring over 1,000 trying to collapse the towers in New York City, and six people died. Not when ten members of a local mosque phoned in a false alarm and then ambushed the responding officers, killing one, in New York City. Not when a Pakistani with Mujahedeen ties gunned down two CIA agents outside of their headquarters, killing them in Langley, VA. Not when a 'devout Muslim' staged a suicide attack on a recruiting center at a strip mall and a Naval Center, which left five dead, in Chattanooga, TN, had any effect on US officials. The list goes on, but you get the point.

What can these elected officials do? The least they can do is pass laws that protect American citizens. It's that easy. They can ban Sharia law in all 50 states, but they won't. As you can see, these are not isolated issues. As a representative republic, it is incumbent upon these officials to make sure their fellow citizens are safe. But, these officials are also victims of another form of ideology: political correctness. The executive and legislative branches must sit down together and find a solution to this crisis; otherwise, future generations will find themselves in a political and religious war that they have never seen.

In Islamdom, they can dish out insults to non-Muslims and arrest Christians, Bahias, or the Jews just for praying. They can confiscate their Holy books and toss them in the trash. They call Jews pigs and monkeys and spit on anyone who isn't Muslim. But they go into frenzies of self-righteous outrage at the slightest criticism of their barbaric and highly dangerous

beliefs.

They never need to challenge the existing political order in our country but can achieve all their goals without bothering or violating the Constitution of the U.S. because the Constitution guarantees complete government non-interference toward religions. Finally, and the most important element perhaps, is the extreme coziness and appeasement of U.S. officials towards Islam and Muslims, which will recklessly and unknowingly drag the entire country and her citizens into an everlasting Islamic inferno, an inferno like the Islamic Republic in occupied Iran and other Islamic terrorist countries.

Even if most Muslims seek to adopt an American lifestyle, a great many Muslims are dead-set on using violence to make America conform to their barbaric way of life. Islam is a cancer. Cancer cells are always few at the beginning, and if left unchecked, they keep multiplying, eventually devouring the non-cancerous organism.
