

# Why Trump needs to maintain immigration ban: expand it

Trump banned immigration from seven countries involved in Islamic terror: Iran, Yemen, Libya, Iraq, Sudan, Syria and Somalia. He needed to include Pakistan, Saudi Arabia, Ethiopia and Afghanistan.

While thousands of naïve Americans demonstrated against the ban, more and more Muslims chanted Allah Akbar with them. Please notice the sheer delight in the American Muslims' eyes watching Americans push for their own cultural and religious suicide. The more Muslims import their own kind, the more they can push for Sharia Law. Once Sharia Law installs itself, women's rights and everyone's rights spiral down the drain.

Quran (5:33) – “The punishment of those who wage war against Allah and His messenger and strive to make mischief in the land is only this, that they should be murdered or crucified or their hands and their feet should be cut off on opposite sides or they should be imprisoned; this shall be as a disgrace for them in this world, and in the hereafter they shall have a grievous chastisement.”

One look at Europe should scare the living daylights out of any American, but, in fact, all those demonstrators at our airports welcomed Muslims. It's beyond me how utterly stupid those kids prove themselves. Once in power, Muslims don't mess around. They conquer host nations without any moral consciousness whatsoever. The rape rates and female assaults in Europe have turned those countries into fear-cages in every city Muslims inhabit.

Quran (8:12) – “I will cast terror into the hearts of those who disbelieve. Therefore strike off their heads and strike off every fingertip of them” No reasonable person would

interpret this to mean a spiritual struggle. The targets of violence are “those who disbelieve” – further defined in the next verse (13) as “defy and disobey Allah.” Nothing is said about self-defense. In fact, the verses in sura 8 were narrated shortly after a battle provoked by Muhammad, who had been trying to attack a lightly-armed caravan to steal goods belonging to other people.

A European wrote to me: “I was thinking just something nuts over here with Norwegians and Swedes and German females marching around with hijabs and screaming Allah Akbar, and standing with their Muslim sisters and all that good crap. Which just makes the dying of Norway and Europe even more clear and coming soon enough.

“But now, seeing this stupidity on Facebook of American women doing the same thing, makes me sick to my stomach. And the power structure of the USA working to get these Muslim savages in, non-stop. Okay, and even more so, western democracy in the end, we did it to ourselves and are doing a fine job of it and even when this starts to overwhelm us in a big rape and killing way, there will be these Norwegians or Swedes or Germans or Americans out in the street marching and screaming Allah Akbar until it finally comes crashing down on them. It’s difficult to see my own country fall to Islam in my own lifetime. God help all Western countries from committing suicide. Once Muslims take over, there is no coming back to the light of freedom.”

Quran (9:73) – “O Prophet! strive hard against the unbelievers and the hypocrites and be unyielding to them; and their abode is hell, and evil is the destination.”

Does anyone think France, UK, Denmark, Holland, Norway, Germany or Sweden will survive their Muslim populations? You would prove yourself a brainless twit if you thought they might survive.

Muslims force horrible sociological changes on host countries. First with peaceful pushing for Sharia Law. Next, with greater numbers, more violence. Third, their numbers become so great, they force Sharia Law with the vote. Fourth, they become the new dominant political-economic-religious paradigm. They create parallel societies that expand and conquer.

The More Muslims in America, The Faster They Conquer

It's as simple as this statement:

Unfortunately, the more Muslims we import, the more terror events. It's the nature of the religion. It's not going to change, because, as their numbers grow, so does their push for Sharia Law. There's no way to soften their prime directive: "Convert or kill all non-believers." One look at Europe shows you our future.

Journalist Daniel Greenfield wrote, "When you turn on the evening news and see a running death toll, it's happening more and more often. The new brand of Islamic terror only needs one thing... Muslims. Lone wolf terrorism operates off the existing Muslim population in a particular country. The bigger the Muslim population, the bigger the risk. The FBI or other law enforcement agencies cannot monitor even a fraction of the Islamic settler population sympathetic to terror. As the Muslim settler population in the country increases, the number of cases will grow." (Source: Right Side News, Stop Lone Wolf Terrorism by Ending Muslim Immigration, August 2, 2016)

If you notice, the mainstream media broadcasts "puff" pieces on the plight of the Muslims caught in the airports and Trump's ban. Little do they realize they play into Muslim hands that, in the end, would chop off their heads if they reported the truth. Muslims do not allow free speech, women's rights, gay rights, children's rights, animal rights and religious choice.

As you read this column, Keith Ellison, a U.S. House of

Representatives member from Minnesota maneuvers to become the chairperson of the Democratic Party. As a full Muslim, and a member of the Muslim Brotherhood, he stands ready to force more Muslims into America. He forces “soft jihad” into America until Muslim numbers reach huge numbers that will enforce Sharia Law in specific cities. Once that occurs, you will see cities falling into Sharia Law. One look at Europe shows you our fate, IF we fail to support Trump and ban all Muslim immigration.

In the end if we hope to survive as Americans with freedom, we need to ban all immigration into the United States. If not, your kids will be bowing five times a day to Mecca and calling out Allah Akbar. In between that nightmare, your kids will be speaking Spanish with the Mexican invasion from the south.
