

Why Trump won and Hillary lost

This year, the British people, overwhelmed by senseless and endless mass immigration invading their country—stopped it with their Brexit vote to exit the European Union.

British citizens saved what's left of their country by stopping the immigration flood. The majority of Muslim immigrants feed off the UK welfare system without end. They demonstrate for Sharia Law. They bring their honor killings, female genital mutilation practices, killings of gays and arranged marriages into the advanced culture of first world Great Britain. Other groups of immigrants from Africa change the entire culture and ethos of Great Britain to make in “everybody's country”, rather than its founders—the British people.

The Brits felt exasperation at their leaders importing incompatible cultures and religions displacing them from their own country.

Brits voted against the “elites” forfeiting their country to mass immigration—much like Canada's Trudeau, Germany's Merkel, France's Hollande and Australia's Tony Abott. Those leaders forced refugee immigration on their people with no regard as to the sociological, racial, cultural and religious conflicts growing at every juncture. Consequently, Muslim immigrants created the Charlie Hebdo massacre, Paris, France slaughter, Nice, France truck killings, Brussels, Belgium, London, England beheadings...and more to come.

At his “last rodeo” trip to Europe, Barack Obama quipped, “The majority of Americans think I'm doing a pretty good job.”

NOTHING FURTHER FROM THE TRUTH!

Such a statement proves his cognitive dissonance and his arrogance in the face of facts. The majority of Americans dislike Obama for breaking our laws with illegal "executive orders". They felt betrayed by him for aiding and abetting illegal aliens to violate our borders by the millions. In an interview, he encouraged an illegal alien to vote in our presidential election. I watched it. Such behavior by a president remains unprecedented.

Worse than that, his record needs examination as to his failure as a leader. During his tenure in the White House:

Food stamp recipients jumped from 36 million eight years ago to 48 million in 2014. Currently 45 million Americans subsist on food stamps because they cannot secure a job. Obama failed to provide employment to put Americans back to work. He failed to bring jobs from China back to America by changing "Free Trade" to "Fair Trade".

Today, 8.7 million Americans cannot secure a job because Obama failed to take action in their behalf. Why? Because in excess of 10 million illegal aliens work American jobs under the table, in cash and at lower wages. Additionally, 1.5 to 1.7 million legal and illegal immigrants continue flooding into America annually. That's over 110,000 every 30 days. How can average Americans expect to be employed with that enormous onslaught of immigrants into America? Obama did nothing to stop it.

Black America suffered the most: one in four African-Americans languishes without jobs. Three out of four black babies arrive out of wedlock with a mother subsisting on welfare paid for by your tax dollars. Black on black crime continues at 6,100 murders annually because of poverty, anger, drugs, illiteracy and lack of jobs. Obama accomplished little to change that in the black community.

According to www.cis.org, (Center for Immigration Studies)

researcher Dr. Steven Camarota discovered that illegal alien flows continue at 500,000 annually. Additionally, 350,000 pregnant illegal alien women birth their babies on American soil (anchor babies) to enjoy welfare, food, housing and education for themselves and their babies—all paid for by your taxes. In other words, your taxes support an invading army.

When Obama entered the White House with scant experience and meager credentials, our national debt reached \$13 trillion. In eight years, he jumped it to \$19.5 trillion via lack of any financial acumen. We all pay over \$30 million monthly in interest payments from our taxes.

During his tenure, he invited illegal aliens, by refusing to enforce our laws, over our borders to give them housing, food and schooling—but left 60,000 American military veterans out in the cold. The VA failed them because Obama failed.

Obama created the greatest racial divide in America since the Detroit, Michigan riots of 1968. He promoted and praised the anarchist group: Black Lives Matter. He told everyone that the thug Trayvon Martin could be his son. He encouraged violence in Ferguson, Missouri when Michael Brown attacked white police officer Darren Johnson. In the aftermath, black gangs and black Muslims executed police officers in many cities across America: New York, Chicago, Dallas, Baton Rouge and Atlanta.

Unknown by most Americans, Obama employed 10 Muslims as aides to promote Islam and Sharia Law in America. His one aide named Imam Mohammed Magid works full time in the White House to promote Sharia Law in America. Sharia Law conflicts with the U.S. Constitution. One of his immigration aides promotes as much Muslim immigration into America as he can get away with under cover of executive privilege. The Quran espouses these actions known as “hjhra”, another word for “seeding” a host country with an advance group of Muslims in order to conquer that country. It’s working all over Europe and destroying European countries at breakneck speed.

Muslims cannot in any way become Americans. The Quran forbids it. Their entire context of religious-political Sharia Law demands subjugation to their religion with no allegiance to the U.S. Constitution. The Quran forbids women's rights, marital choice, free speech, gay rights and religious rights. Our way of life remains completely out of bounds to Islam. This 4-minute video explains our plight:

Because of Muslim immigration: 9/11, Boston Marathon, Fort Dix, Fort Hood, San Bernardino, Orlando, Florida, Moore, Oklahoma beheadings, Rocky River, Ohio honor killings, Dearbornistan, Michigan becoming a parallel Muslim society within our own country, 22 verified Muslim terrorist training camps from New York to Oregon, New York Times Square car bomber, underwear bomber, shoe bomber and hundreds of foiled terrorist attempts we never hear about.

Americans knew Hillary's platform promises that if she became president, she would flood this country with hundreds of thousands of Muslim Syrian refugees that would wreak havoc in communities across the country. Hillary promised amnesty for 15 to 31 million illegal aliens. Her election guaranteed America's borders would see accelerated illegal immigration. We must understand one reality: the third world adds 80,000,000 (million), net gain, new babies annually. They overwhelm their countries and create desperate migration to Western countries. But in the end, they don't stabilize their birth rates, so the line of refugees accelerates:

Take five minutes to see for yourself

Hillary promised to fill the Supreme Court with liberal justices who would follow her personal quest for open borders. Note: NPR reported that 85-90 percent of Evangelical Christian women voted for Trump to stop the Supreme Court from being stacked with pro-choice justices.

In reality, the democrats and republicans created Donald J.

Trump. They created Trump because for 40 years, Congress and our last six presidents failed to secure our borders and failed to stop "Free Trade". These actions degraded America's middle class by stealing jobs and allowed China to manufacture all our mercantile goods. Our poor and uneducated could not secure jobs because of millions of legal and illegal immigrants—taking those jobs.

In a sense, we Americans didn't realize that endless immigration destroyed the fabric of our society with the insane beast of the 21st century: multiculturalism and diversity. Both don't work, but average Americans must suffer from the tensions, conflict and religious chaos created by them.

Why Trump Won

Trump promised to build a wall to stop drugs and illegals. He promised to deport illegals by taking away their jobs so they leave on their own. He promised to "extreme vetting" of Muslim refugees to protect Americans, not terrorists. He told America that our immigration system should enhance our country, not degrade it. He promised to stop mass Muslim immigration proven to destroy host countries: Norway, Sweden, UK, Germany, Austria, Italy, Spain, Belgium and Holland—all face horrific ethnic, racial and religious chaos. Trump promised to change trade agreements such as NAFTA and TPP to secure American jobs. He promised to educate and enliven the ghettos of America. He promised to make NATO and the UN pay their own way. He stood for law and order instead of encouraging anarchy and violence. He promised to stop bleeding America's money in cash transfers by immigrants back to their home countries at \$80 billion annually.

Obama promised "hope and change", but we never understood his attempts to undermine and defeat our country from within. As we awakened to his religious thrust, we didn't want our country changed into an Islam caliphate and debt ridden

ghetto! Hillary promised more of the same. We didn't buy it.

Destabilizing Forces: Multiculturalism and Diversity

"Diversity within a nation destroys unity and leads to civil wars," said social scientist Garret Hardin. "Immigration, a benefit during the youth of a nation, can act as a disease in its mature state. Too much internal diversity in large nations has led to violence and disintegration. We are now in the process of destabilizing our own country. The magic words of destabilizers are 'diversity' and 'multiculturalism'."

Whether Teddy Roosevelt or Donald Trump—history will show Americans, like the British people, came to their senses to vote for their best interests instead of more of the same "hope and change" that did little for Americans in the last eight years.
